

HOSPITALITY FACILITIES MANAGEMENT and DESIGN

Fourth Edition

David M. Stipanuk

Contents

Preface.....	xi
About the Author	xiv
Part I Introduction.....	1
1 The Role, Cost, and Management of Hospitality Facilities.....	3
The Role of Facilities in the Hospitality Industry	4
Costs Associated with Hospitality Facilities.....	6
<i>The Costs of Development and Construction • The Costs of Operation • The Costs of Renovation and Modernization</i>	
The Impact of Facility Design on Facility Management	11
<i>Components and Layout • Materials, and Quality and Types of Construction • Equipment • Systems</i>	
Management's Responsibilities.....	16
<i>Management Contracts and Franchise Agreements</i>	
Responsibilities of the Facilities Department	20
Facilities Managers in Lodging Operations.....	24
Conclusion	26
Endnotes, Key Terms, Review Questions, Internet Sites	26
Case Study: Drifting Toward the Storm	29
2 Hospitality Facilities Management Tools, Techniques, and Trends.....	33
Facilities Maintenance and Repair	34
Maintenance Management Systems.....	36
<i>Contract Services and Outsourcing</i>	
Computerized and Internet-Based Facilities Management.....	52
Budgeting for POM and Utilities.....	53
Contract Services, Responsibility Accounting, and Facilities Costs	56
Capital Expenditure (CapEx) Management.....	59
Facilities Benchmarking.....	61
Personnel Management in Facilities	63
Training and Certification.....	64
<i>Building Certification</i>	
Endnotes, Key Terms, Review Questions, Internet Sites	66

vi Contents

Case Study: How Many Calls Does It Take to Change a Light Bulb?	70
Case Study: To Certify or Not to Certify?	73
Chapter Appendix: Sample Preventive Maintenance Procedures ..	75
3 Environmental and Sustainability Management.....	83
Motivations for Environmental Concern	85
<i>Economic Considerations • Regulatory Issues • Market Factors</i> • <i>The Social Responsibility Dimension</i>	
Waste Minimization and Management	88
Energy Conservation and Management.....	92
Management of Fresh Water Resources	95
Wastewater Management	97
Hazardous Substances	97
Transport	99
Land-Use Planning and Management.....	100
Involving Staff, Customers, and Communities	101
Design for Sustainability.....	101
Partnerships for Sustainable Development.....	106
Measurement Tools	108
Conclusion	110
Endnotes, Key Terms, Review Questions, Internet Sites	110
Case Study: Greening the Excelsior	115
Chapter Appendix: Agenda 21 for the Travel and Tourism Industry	117
Part II Facility Systems.....	123
4 Safety and Security Systems.....	125
Safety and the Hospitality Industry.....	126
Building Design, Maintenance, and Safety	132
Safety in the Guest Bath.....	132
Fire Safety	136
<i>Fire Prevention • Fire Detection • Fire Notification • Fire</i> <i>Suppression • Fire Control</i>	
Evacuation Plans.....	152
<i>Egress</i>	
Security.....	155
<i>Key Control • Electronic Locks</i>	
Terrorism and Other Extraordinary Events	164
Endnotes, Key Terms, Review Questions, Internet Sites	164
Case Study: We're in Hot Water Now.....	168

5	Water and Wastewater Systems	173
	Water Usage in the Lodging Industry	174
	Water Systems	176
	Water Quality	181
	<i>Discharge/Sewage Water • Legionnaires' Disease</i>	
	Water Heating	184
	<i>Water Heating Options</i>	
	Water System Maintenance Concerns	187
	Water for Entertainment and Recreation.....	188
	<i>Swimming Pool Water Systems</i>	
	Water Conservation	192
	<i>Helpful Resources</i>	
	Endnotes, Key Terms, Review Questions, Internet Sites	195
	Chapter Appendix: Water Conservation Checklist.....	199
6	Electrical Systems	203
	A Brief Introduction to Electrical Systems	204
	System Design and Operating Standards	207
	System and Equipment Maintenance	208
	<i>Electrical Plans • Training in Operating and Safety Procedures</i>	
	System Components.....	215
	<i>Fuses and Circuit Breakers • Distribution Panels and Wiring</i>	
	<i>• Electric Motors, Controls, and Drive Elements • Electronic</i>	
	<i>Equipment • Emergency Power Systems • Electrical Maintenance</i>	
	<i>Equipment</i>	
	Electric Utility Billing and Building Operations	226
	<i>Reading Electrical Utility Meters • Checking the Bill for Errors</i>	
	<i>• Choosing the Best Rate Schedule</i>	
	Electric Utility Deregulation	234
	Telecommunications Systems	236
	Endnotes, Key Terms, Review Questions, Internet Sites	239
	Case Study: When Darkness Falls.....	241
	Chapter Appendix: Sample Electric Utility Rate Sheets	243
7	Heating, Ventilating, and Air Conditioning Systems	247
	Factors Influencing Building Comfort.....	248
	<i>Building Loads and Comfort • Indoor Air Quality</i>	

viii Contents

Heating Sources and Equipment.....	255
<i>Heat Sources • Furnace and Boiler Operation and Maintenance</i>	
Cooling Sources and Equipment.....	259
<i>The Refrigeration Cycle • Cooling Systems Operation and Maintenance • CFCs, HCFCs, and the Environment</i>	
Guestroom HVAC System Types	264
<i>Centralized Systems • Decentralized Systems • Other Systems • Guestroom Ventilation • Guestroom HVAC Occupancy Control • Guestroom HVAC Maintenance</i>	
HVAC Systems for Other Building Areas	275
<i>System Types and Configurations • Maintenance Needs</i>	
Other HVAC Components	279
<i>Controls • Cooling Towers • HVAC Thermal Storage</i>	
Conclusion	285
Endnotes, Key Terms, Review Questions, Internet Sites	285
Chapter Appendix: Psychrometrics and Human Comfort.....	290
8 Lighting Systems	307
Basic Definitions.....	307
Light Sources	308
<i>Natural Light • Artificial Light</i>	
Lighting System Design.....	317
<i>Design Factors</i>	
Lighting System Maintenance	322
<i>Cleaning Luminaires and Lamps • Replacing Lamps</i>	
Energy Conservation Opportunities.....	326
<i>Life Cycle Cost Estimating</i>	
Endnotes, Key Terms, Review Questions, Internet Sites	327
Chapter Appendix: Energy-Efficient Interior Light Bulbs.....	331
9 Laundry Systems	335
Laundry Equipment.....	336
<i>Laundry Transport Equipment • Washers • Extractors • Dryers • Flatwork Finishers • Valet Equipment</i>	
Laundry Design	345
<i>Principles of Laundry Design and Equipment Selection</i>	

Laundry Maintenance.....	354
Emerging Trends in Laundry Operations.....	356
Endnotes, Key Terms, Review Questions, Internet Sites	358
10 Building Structure, Finishes, and Site.....	363
Exterior Building Structure	363
<i>Foundation • Structural Frame • Exterior Walls • Windows and Doors • Roof</i>	
Building Interiors.....	370
<i>Ceilings and Wall Coverings • Carpet Materials • Hard Surface Flooring • Elevators</i>	
Exterior Facilities	378
<i>Parking Areas • Storm Water Drainage Systems • Utilities • Landscaping and Grounds</i>	
Endnotes, Key Terms, Review Questions, Internet Sites	398
Part III Facility Design	403
11 Lodging Planning and Design.....	405
The Development Process	406
<i>The Feasibility Study • The Program • Operational Criteria • Construction and Engineering Criteria • The Project Budget • The Preliminary Schedule</i>	
The Planning and Design Process	416
<i>Site Planning • Hotel Planning • Guestrooms and Suites • The Lobby • Food and Beverage Outlets • Function Space • Recreational Facilities • Administration Offices • Food Production Areas • Other Back-of-the-House Areas</i>	
Key Terms, Review Questions	441
12 Renovation and Capital Projects	445
Hotel Renovation	447
<i>Reasons to Renovate • The Life Cycle of a Hotel • Types of Renovation</i>	
Creating the Renovation Plan	451
<i>The Planning Phase</i>	
Implementing the Renovation Plan	462
<i>The Design Phase • The Construction Phase</i>	

x *Contents*

After the Renovation	475
Conclusion	477
Endnotes, Key Terms, Review Questions, Internet Sites	477
Case Study: A Renovation in Retrospect	479
Chapter Appendix: Renovation Cost Guidelines.....	484
Appendix: Engineering Principles.....	489
Index.....	511
