4 Sustainable events and urban regeneration 48

Introduction 49
Why do governments use events for regeneration? 49
Event-led and event-themed regeneration 50
Outside physical regeneration 52
Sustainable event regeneration 53
The dark side of event-led regeneration 55
Chapter summary 56
Case study: The impacts of urban regeneration for the XIX Commonwealth Games, Delhi 2010 57

Part II Impacts of sustainable events 61

5 Economic impacts of events 63

Introduction 64
Positive and negative economic impacts of events 65
Estimating economic impact of events 66
Towards sustainable events economic evaluation 72
Chapter summary 73
Case study: Meta-analysis of 18 major events in New Zealand 74

6 Environmental impacts of events 78

Introduction 79
What is 'the environment'? 79
What does 'environmental impact' mean? 80
Types of impact 82
Measuring environmental impacts 90
Managing environmental impacts 92
Chapter summary 92
Case study: Peats Ridge Festival, Glenworth Valley, Australia 93

7 Socio-cultural impacts of events 98

Introduction 99
Measuring socio-cultural impacts 101
Social capital 103
Community perceptions of events 104
What do events mean to communities? 106
Chapter summary 108
Case study: Community relevance at Bluesfest Blues and Roots Festival, Byron Bay 108

8 Delivering the sustainable event 113

Introduction 114
Delivering economic sustainability 114
Delivering socio-cultural sustainability 117
Delivering environmental sustainability 119
Delivering a holistically sustainable event 122
Systems thinking 123
Key attributes of systems thinking 124
Chapter summary 126
Case study: London 2012 Olympic Games – delivering a sustainable event 127

Part III Logistics of sustainable events 133

9 Employment, volunteering and sustainable events 135

Introduction 136
Issues in sustainable event staffing 136
Challenges for community events 138
Volunteers and sustainable events 138
Management of event volunteer programmes 139
The employment and employability legacies 142
Chapter summary 143
Case study: Manchester Event Volunteers 144

10 Risk and crisis management for sustainable events 148

Introduction 149
Risks and event sustainability 151
Risk management process 154
Crisis and disaster management for events 156
Chapter summary 157
Case study: Risk management at Edinburgh's Hogmanay 157

11 The challenge of creating sustainable event legacies 162

Introduction 163
The challenges (or politics) of legacy planning 163
What happens when legacy plans fail? 165
Why do event legacies fail to deliver? 165
Legacy planning to avoid failure 168
Chapter summary 169
Case study: The 2004 Athens Olympic Games legacy 170

12 Creating sustainable legacies from events 174

Introduction 175
Different types of legacy 175
The hard legacy 177
The inspirational (or soft) legacy 178
Different types of events, different legacy opportunities 179
Sustainable legacy planning 180
Chapter summary 182
Case study: Legacy planning for Brazil 2016 184

Part IV Conclusion 189

13 Developing sustainable events: summary and future directions 191

Introduction 192
Summary and review 192
The future of sustainable events 194
Final thoughts 197

Glossary 199
