Linguistics
The University of Auckland

CONTENTS

Introduction.....	1
Section A: Pedagogic Approaches And General Theories of Language Learning.....	3
The Oral-Situational Approach.....	3
The Notional-Functional Approach	4
The Task-Based Approach.....	5
Summary	6
Section B: Classroom-Based Research Into Language Teaching And Learning [1].....	9
Direct intervention	10
Indirect intervention.....	17
Corrective feedback	19
Small Groupwork	22
Individual Differences and Instruction	26
Section C: General Principles For Successful Instructed Learning	33
Principle 1: Instruction needs to ensure that learners develop both a rich repertoire of formulaic expressions and a rule-based competence.....	33
Principle 2: Instruction needs to ensure that learners focus predominantly on meaning.....	34
Principle 3: Instruction needs to ensure that learners also focus on form	34
Principle 4: Instruction needs to be predominantly directed at developing implicit knowledge of the L2 while not neglecting explicit knowledge	36
Principle 5: Instruction needs to take into account learners' 'built-in syllabus'	37
Principle 6: Successful instructed language learning requires extensive L2 input.....	38
Principle 7: Successful instructed language learning also requires opportunities for output	39
Principle 8: The opportunity to interact in the L2 is central to developing L2 proficiency	40
Principle 9: Instruction needs to take account of individual differences in learners ..	41
Principle 10: In assessing learners' L2 proficiency it is important to examine free as well as controlled production.....	42
Conclusion: Making Use of the Research.....	43
Notes	44
Glossary.....	47
References.....	51
