<i>Contributors</i> .....	<i>ix</i>
<i>Abbreviations</i> .....	<i>xiii</i>
<i>Preface</i> .....	<i>xvii</i>
<b>1. Rheology: A Tool to Predict Quality of Foods</b> .....	<b>1</b>
Mamta Bhardwaj, Renuka Singh, and D. C. Saxena	
<b>2. Food Extrusion Technology and Products</b> .....	<b>25</b>
Suwendu Bhattacharya	
<b>3. Non-Thermal Plasma (NTP) Applications for Food Decontamination Technology</b> .....	<b>41</b>
R. V. Prasad, R. F. Sutar, Nukasani Sagarika, P. Divyang, and Mamta Patel	
<b>4. Refractance Window Drying and Its Applications in Food Processing</b> .....	<b>61</b>
K. S. Yoha, S. R. Priyadarshini, J. A. Moses, and C. Anandharamakrishnan	
<b>5. Enzyme Immobilization in Food and Agriculture: Principles, Practices, and Future Prospects</b> .....	<b>73</b>
Mitali Madhumita and Pramod K. Prabhakar	
<b>6. Aonla: Composition, Medicinal Properties, Processing, and Food Applications</b> .....	<b>103</b>
Parveen Kumari and B. S. Khatkar	
<b>7. Traditional Technology of Fish Preservation in Northeast India</b> .....	<b>127</b>
R. K. Majumdar	
<b>8. Advances in Fish Processing Technology</b> .....	<b>163</b>
R. K. Majumdar	
<b>9. Nutritional Values and Processing of Tropical Tuber Crops</b> .....	<b>191</b>
B. K. Sakhale and Namrata A. Giri	
<b>10. Bioethanol Fermentation: The Path Forward for Eco-Friendly and Sustainable Development</b> .....	<b>233</b>
Binita Dev, Abdelrahman Saleh Zaky, and R. Jayabalan	

<b>11. Traditional Fermentation by the Rabha-Hasong, Mishing, and Karbi Communities of Assam and Prospects of Value Addition for Enhancement of Nutritional Qualities in Ethnic Foods .....</b>	<b>271</b>
Hridip Kumar Sarma and Deep Prakash Parasar	
<b>12. Rice Protein: Properties, Extraction, and Applications in Food Formulation .....</b>	<b>287</b>
Neeraj Ghanghas, M. T. Mukilan, Pramod K. Prabhakar, and Nitin Kumar	
<b>13. Application of Natural Biopolymer Films as Edible Coatings on Cut Fruits and Vegetables .....</b>	<b>305</b>
Aradhita Barmanray and Indu Bharti	
<b>14. Dry Fractionation of Legumes .....</b>	<b>337</b>
Snehasis Chakraborty and Chandrima Shrivastava	
<b><i>Index</i> .....</b>	<b>375</b>
