# BRIEF CONTENTS

Contents	ix
Guide to the case studies	xvi
Preface	xix
Authors' acknowledgements	xxii
Publisher's acknowledgements	xxv

## **PART I**

### Management and cost accounting fundamentals

<b>1</b> The manager and management accounting	2
<b>2</b> An introduction to cost terms and purposes	30
<b>3</b> Job costing	55
<b>4</b> Process costing	85
<b>5</b> Cost allocation	124
<b>6</b> Cost allocation: joint-cost situations	153
<b>7</b> Income effects of alternative stock-costing methods	179
Part I Case study problems	208

## **PART II**

### Accounting information for decision making

<b>8</b> Cost-volume-profit analysis	216
<b>9</b> Determining how costs behave	244
<b>10</b> Relevant information for decision making	284
<b>11</b> Activity-based costing	316
<b>12</b> Pricing, target costing and customer profitability analysis	349
<b>13</b> Capital investment decisions	386
Part II Case study problems	416

## **PART III**

### Planning and budgetary control systems

<b>14</b> Motivation, budgets and responsibility accounting	424
<b>15</b> Flexible budgets, variances and management control: I	462
<b>16</b> Flexible budgets, variances and management control: II	492
<b>17</b> Measuring yield, mix and quantity effects	526
Part III Case study problems	550

**PART IV** Management control systems and performance issues

<b>18</b> Control systems and transfer pricing	556
<b>19</b> Control systems and performance measurement	585
Part IV Case study problems	615

**PART V** Strategy, quality, time and emerging issues

<b>20</b> Strategy, the balanced scorecard and quality	622
<b>21</b> Accounting, time and efficiency	661
<b>22</b> Emerging issues: digital technologies, governance and sustainability	704
Part V Case study problems	726
Appendix A: Solutions to selected exercises	742
Appendix B: Notes on compound interest and interest tables	809
Glossary	817
Names index	830
Subject index	832

# CONTENTS

Guide to the case studies	xvi		
Preface	xix		
Authors' acknowledgements	xxii		
Publisher's acknowledgements	xxv		
<b>PART I</b>			
<b>Management and cost accounting fundamentals</b>			
<b>CHAPTER 1</b>			
<b>The manager and management accounting</b>			
	2		
Management accounting, financial accounting and cost accounting	3		
Accounting systems and management controls	8		
Costs, benefits and context	12		
Value creation	13		
Digitalisation: management accounting's most important challenge	16		
<ul style="list-style-type: none"> <li> <b>Concepts in action:</b> <i>How the Internet of Things, artificial intelligence and big data make the unknown visible at Rolls-Royce</i> </li> </ul>	16		
Summary	19		
Appendix: Professional ethics	20		
Key terms	21		
References and further reading	21		
Assessment material	23		
<b>CHAPTER 2</b>			
<b>An introduction to cost terms and purposes</b>			
	30		
Costs in general	31		
Direct costs and indirect costs	32		
Cost drivers and cost management	33		
Cost behaviour patterns: variable costs and fixed costs	34		
Total costs and unit costs	36		
<ul style="list-style-type: none"> <li> <b>Concepts in action:</b> <i>Reducing fixed costs and managing profit growth at Porsche</i> </li> </ul>			38
Financial statements, business sectors and the recognition of costs			40
The many meanings of product costs			44
Classification of costs			45
Summary			45
Key terms			46
References			46
Assessment material			47
<b>CHAPTER 3</b>			
<b>Job costing</b>			55
The building block concept of costing systems			56
Job-costing and process-costing systems			56
Job costing in service organisations using actual costing			58
Normal costing			60
Job costing in manufacturing			62
An illustration of a job-costing system in manufacturing			64
Budgeted indirect costs and end-of-period adjustments			72
Summary			75
Key terms			76
Reference			76
Assessment material			77
<b>CHAPTER 4</b>			
<b>Process costing</b>			85
Illustrating process costing			86
Case 1: Process costing with no opening or closing work-in-progress stock			87
Case 2: Process costing with no opening but a closing work-in-progress stock			88
Case 3: Process costing with both some opening and some closing work-in-progress stock			92
Weighted-average method			93
First-in, first-out method			96
Comparison of weighted-average and FIFO methods			99
<ul style="list-style-type: none"> <li> <b>Concepts in action:</b> <i>ExxonMobil and accounting differences in the oil patch</i> </li> </ul>			100

Standard-costing method of process costing 101  
 Transferred-in costs in process costing 104  
 • **Concepts in action:** *Hybrid costing for customised products at Levi Strauss* 106  
 Hybrid-costing systems 111  
 • **Concepts in action:** *Hybrid costing for Under Armour 3D-printed shoes* 112  
 Summary 112  
 Appendix: Operation costing 113  
 Key terms 116  
 Reference 116  
 Assessment material 117

**CHAPTER 5**  
**Cost allocation** 124

Purposes of cost allocation 125  
 Cost allocation and costing systems 126  
 Indirect-cost pools and cost allocation 127  
 Allocating costs from one department to another 129  
 Allocating costs of support departments 133  
 Support department cost-allocation methods 133  
 Allocating common costs 139  
 Cost-allocation bases and cost hierarchies 140  
 Is the product-costing system broken? 142  
 Summary 142  
 Key terms 143  
 References and further reading 143  
 Assessment material 144

**CHAPTER 6**  
**Cost allocation: joint-cost situations** 153

Meaning of joint products and by-products terms 154  
 Why allocate joint costs? 155  
 Approaches to allocating joint costs 156  
 • **Concepts in action:** *Chicken processing: costing on the disassembly line* 163  
 No allocation of joint costs 164  
 Irrelevance of joint costs for decision making 165  
 Accounting for by-products 167  
 Summary 169  
 Key terms 170  
 References and further reading 170  
 Assessment material 171

**CHAPTER 7**  
**Income effects of alternative stock-costing methods** 179

PART A: Stock-costing methods 180

Variable costing and absorption costing 180  
 Comparison of variable costing and absorption costing 184  
 Performance measures and absorption costing 190  
 • **Concepts in action:** *Can ESPN avoid the cord-cutting 'death spiral'?* 192  
 PART B: Denominator-level concepts and absorption costing 192  
 Alternative denominator-level concepts 192  
 Effect on financial statements 194  
 Summary 196  
 Appendix: Breakeven points in variable and absorption costing 196  
 Key terms 198  
 Assessment material 199

**PART I Case study problems** 208

101 The European Savings Bank 208  
 102 The ethical dilemma at Northlake 210  
 103 Electronic Boards plc 212

**PART II**

Accounting information for decision making

**CHAPTER 8**  
**Cost-volume-profit analysis** 216

Revenue drivers and cost drivers 217  
 CVP assumptions 218  
 The breakeven point 218  
 The PV graph 222  
 Impact of income taxes 223  
 Sensitivity analysis and uncertainty 224  
 • **Concepts in action:** *Cost-volume-profit analysis makes Subway's \$5 foot-long sandwiches a success: but innovation challenges loom* 225  
 Cost planning and CVP 226  
 Effects of revenue mix on profit 228  
 Not-for-profit organisations and CVP 229  
 Contribution margin and gross margin 229  
 Summary 231  
 Appendix: Decision models and uncertainty 231  
 Key terms 235  
 Reference and further reading 235  
 Assessment material 236

<b>CHAPTER 9</b>			
<b>Determining how costs behave</b>	244		
General issues in estimating cost functions	245		
The cause-and-effect criterion in choosing cost drivers	248		
Cost estimation approaches	249		
Steps in estimating a cost function	250		
Evaluating and choosing cost drivers	256		
Cost drivers and activity-based costing	257		
• <b>Concepts in action:</b> Activity-based costing and cost estimation	258		
Big data, machine learning and cost analysis	259		
Non-linearity and cost functions	259		
Learning curves and non-linear cost functions	261		
Summary	266		
Appendix: Regression analysis	266		
Key terms	275		
References and further reading	275		
Assessment material	276		
<b>CHAPTER 10</b>			
<b>Relevant information for decision making</b>	284		
Information and the decision process	285		
The concept of relevance	286		
An illustration of relevance: choosing output levels	288		
Outsourcing and make-or-buy decisions	291		
• <b>Concepts in action:</b> Costs, outsourcing and politics	291		
Opportunity costs, outsourcing and capacity constraints	294		
• <b>Concepts in action:</b> Outsourcing versus automation at Nike	297		
Product-mix decisions under capacity constraints	298		
• <b>Concepts in action:</b> Slashing cost at LEGO	299		
Customer profitability and relevant costs	300		
Irrelevance of past costs and equipment-replacement decisions	303		
Summary	304		
Appendix: Linear programming	305		
Key terms	309		
References and further reading	309		
Assessment material	310		
<b>CHAPTER 11</b>			
<b>Activity-based costing</b>	316		
Undercosting and overcosting	317		
Costing system at Plastim Limited	318		
Refining a costing system	321		
Activity-based costing systems	322		
Implementing activity-based costing	326		
Comparing alternative costing systems	331		
• <b>Concepts in action:</b> Mayo Clinic uses time-driven activity-based costing to reduce costs and improve care	332		
From activity-based costing to activity-based management	332		
ABC and department-costing systems	334		
Implementing ABC systems	335		
• <b>Concepts in action:</b> Do banks provide 'free' services?	336		
ABC and the organisational context	337		
Summary	338		
Key terms	339		
References and further reading	339		
Assessment material	340		
<b>CHAPTER 12</b>			
<b>Pricing, target costing and customer profitability analysis</b>	349		
Major influences on pricing	350		
Costing and pricing for the short run	351		
Costing and pricing for the long run	353		
• <b>Concepts in action:</b> Pricing and digitalisation at H&M	356		
Target costing for target pricing	357		
Achieving the target cost per unit for Provalue	360		
Cost-plus pricing	361		
• <b>Concepts in action:</b> Target pricing for the Indian car market	363		
Life-cycle product budgeting and costing	366		
Customer profitability analysis	369		
Customer revenues	369		
Customer costs	370		
Customer profitability profiles	372		
• <b>Concepts in action:</b> Amazon Prime and customer profitability	375		
Summary	376		
Key terms	377		
References and further reading	377		
Assessment material	378		
<b>CHAPTER 13</b>			
<b>Capital investment decisions</b>	386		
Stages of capital budgeting	387		
• <b>Concepts in action:</b> Capital budgeting for sustainability at Johnson & Johnson	390		
Discounted cash flow methods	391		
Sensitivity analysis	396		
Relevant cash flows in discounted cash flow analysis	397		
Payback method	399		
Accounting rate of return method	401		

Managing the project	402
Income tax factors	403
Capital budgeting and inflation	404
Summary	405
Key terms	406
References and further reading	406
Assessment material	407
<b>PART II Case study problems</b>	416
201 Permaclean Products plc	416
202 The Good Night Motel	418

**PART III**  
 Planning and budgetary control systems

<b>CHAPTER 14</b>	
<b>Motivation, budgets and responsibility accounting</b>	424
Major features of budgets	425
Roles of budgets	426
Types of budget	430
Computer-based financial planning models	439
• <b>Concepts in action:</b> 24-hour fitness and internet-based budgeting	440
Kaizen budgeting	440
Activity-based budgeting	441
Budgeting and responsibility accounting	442
Responsibility and controllability	444
Summary	445
Appendix: The cash budget	446
Key terms	452
References and further reading	452
Assessment material	453

<b>CHAPTER 15</b>	
<b>Flexible budgets, variances and management control: I</b>	462
Static budgets and flexible budgets	463
Static-budget variances	464
Steps in developing a flexible budget	465
Flexible-budget variances and sales-volume variances	466
Price variances and efficiency variances for inputs	468
Impact of stocks	472

• <b>Concepts in action:</b> Starbucks maintains a focus on direct-cost variances	474
Management uses of variances	474
• <b>Concepts in action:</b> Chipotle's required focus on material cost variances	477
Flexible budgeting and activity-based costing	477
An illustration of journal entries using standard costs	479
Benchmarking and variance analysis	481
Summary	482
Key terms	483
References and further reading	483
Assessment material	484

<b>CHAPTER 16</b>	
<b>Flexible budgets, variances and management control: II</b>	492
Planning of variable- and fixed-overhead costs	493
Developing budgeted variable-overhead rates	494
Variable-overhead cost variances	494
Developing budgeted fixed-overhead rates	499
Fixed-overhead cost variances	499
Production-volume variance	500
Integrated analysis of overhead cost variances	502
Different purposes of manufacturing overhead cost analysis	503
Journal entries for overhead costs and variances	505
• <b>Concepts in action:</b> Variance analysis and standard costing: helping Sandoz manage overhead costs	507
Engineered, discretionary and infrastructure costs	507
Financial and non-financial performance measures	508
Actual, normal and standard costing	509
Activity-based costing and variance analysis	512
Summary	516
Key terms	517
Reference and further reading	517
Assessment material	518

<b>CHAPTER 17</b>	
<b>Measuring yield, mix and quantity effects</b>	526
Input variances	527
Direct materials yield and mix variances	527
Direct manufacturing labour yield and mix variances	531
Revenue and sales variances	534
Variance analysis for multiple products	535
Summary	541

**CHAPTER 21**

**Accounting, time and efficiency** 661

Just-in-time systems 662

Major features of JIT production systems 662

- **Concepts in action:** *Just-in-time live-concert recordings* 664

Enterprise resource planning (ERP) systems 666

- **Concepts in action:** *How big data and machine learning helps with stock management* 667

Backflush costing 667

Managing goods for sale in retail organisations 675

Challenges in estimating stock-related costs and their effects 680

Just-in-time purchasing 682

Stock costs and their management in manufacturing organisations 685

Theory of constraints 687

- **Concepts in action:** *Netflix works to overcome internet bottlenecks* 688

Balanced scorecards and time-based measures 690

Summary 691

Key terms 692

References and further reading 692

Assessment material 693

**CHAPTER 22**

**Emerging issues: digital technologies, governance and sustainability** 704

Digital transformation is unstoppable 705

Digital technologies and accounting 707

The digitally advanced enterprise control loop 709

Enterprise governance 710

Environmental management accounting 711

Management accounting changes highlight managerial context 716

- **Concepts in action:** *Stonyfield Farm: a culture of sustainable farming* 717

Summary 717

Key terms 718

References and further reading 718

Assessment material 720

**PART V Case study problems** 726

501 High-Tech Limited 726

502 Tanner Pharmaceuticals and the price of a new drug 733

503 Osram 737

**Appendix A: Solutions to selected exercises** 742

**Appendix B: Notes on compound interest and interest tables** 809

**Glossary** 817

**Names index** 830

**Subject index** 832
