# The Economics of Casino Gambling

With 23 Figures and 25 Tables

 Springer

# Contents

<b>1 Introduction .....</b>	<b>1</b>
1.1 Outline of the book.....	2
<b>2 Casino gambling and economic growth.....</b>	<b>5</b>
2.1 Introduction.....	5
2.2 Increased employment and wages.....	7
2.3 Capital inflow .....	8
2.4 Increased tax revenues.....	9
2.5 Import substitution.....	10
2.6 Increased “trade” .....	11
2.7 Increased transactions volume .....	12
2.8 Consumer surplus and variety benefits .....	14
2.9 Potential for immiserizing growth .....	15
2.10 Conclusion .....	16
<b>3 Misconceptions about casinos and growth .....</b>	<b>19</b>
3.1 Introduction.....	19
3.2 Industry cannibalization .....	20
3.3 The factory-restaurant dichotomy .....	23
3.4 The export base theory of growth .....	25
3.5 Money inflow (mercantilism).....	28
3.6 Conclusion .....	32
<b>4 Evidence on the growth effects of gambling.....</b>	<b>35</b>
4.1 Introduction.....	35
4.2 The empirical question .....	35
4.3 Non-technical explanation of Granger causality .....	37
4.4 Granger causality with panel data .....	39
4.4.1 Synopsis of Granger’s procedure .....	40
4.4.2 Modifying the procedure for panel data .....	42
Stage one.....	42
Stage two.....	43
Stage three.....	44
4.5 Empirical results.....	45
4.5.1 Casino gambling .....	46
4.5.2 Greyhound racing .....	49

4.5.3 Lotteries .....	51
Isolated state lottery model .....	53
4.6 Summary and conclusion .....	55
4.6.1 Casino gambling and greyhound racing .....	55
4.6.2 Lotteries .....	56
4.6.3 Conclusion .....	56
<b>5 Relationships among U.S. gambling industries .....</b>	<b>59</b>
5.1 Introduction .....	59
5.2 Literature review .....	61
5.3 Data .....	64
5.3.1 Gambling volume variables .....	64
5.3.2 Adjacent-state variables .....	68
5.3.3 Demographic variables .....	70
5.4 Model and results .....	71
5.4.1 Discussion of results .....	74
5.4.2 Effects of cross-equation constraints .....	78
5.5 Policy issues .....	79
5.5.1 Tax revenue .....	81
5.6 Conclusion .....	82
<b>6 The social costs of gambling .....</b>	<b>85</b>
6.1 Introduction .....	85
6.1.1 Chapter outline .....	87
6.2 The economic definition of “social cost” .....	88
6.3 Modeling social costs .....	89
6.3.1 The definition applied .....	90
6.3.2 Theft as an illustration of social cost .....	91
6.3.3 Externalities and social costs .....	93
6.3.4 Alleged social costs of gambling .....	95
6.4 Legitimate social costs .....	97
6.4.1 Legal costs .....	97
6.4.2 Treatment costs .....	100
6.4.3 Psychic costs .....	100
6.5 Items improperly defined as social costs .....	101
6.5.1 Wealth transfers .....	102
6.5.2 Bad debts .....	103
6.5.3 Bailout costs .....	104
6.5.4 Government welfare expenditures .....	105
6.5.5 Modeling transfers .....	106
6.5.6 Industry cannibalization .....	108
6.5.7 Money outflow .....	109
6.5.8 Productivity losses .....	109
6.5.9 Theft .....	110
6.6 Conclusion .....	110

---

<b>7 Miscellaneous social cost issues.....</b>	<b>113</b>
7.1 Introduction.....	113
7.2 Problems estimating social cost values.....	114
7.2.1 Counterfactual scenario .....	115
7.2.2 Comorbidity .....	115
7.2.3 Pathological gambling and “rational addiction” .....	117
7.2.4 Surveys on gambling losses.....	119
7.3 Unidentified and unmeasured social costs.....	122
7.3.1 Restriction effects .....	122
7.3.2 Lobbying.....	125
7.3.3 Summary of political costs .....	129
7.4 Other perspectives on social costs.....	129
7.4.1 Cost of illness (COI) approach .....	130
7.4.2 Economic approach.....	131
7.4.3 Public health perspective .....	131
7.4.4 Revisiting the definition of “social cost” .....	132
7.4.5 The Australian Productivity Commission report .....	133
7.5 Adopting a single social cost methodology .....	135
7.6 Conclusion .....	136
<b>8 Problems in gambling research .....</b>	<b>139</b>
8.1 Introduction.....	139
8.2 Recognizing scopes of expertise .....	142
8.3 Calls for objectivity and transparency in research.....	144
8.4 General problems in the literature.....	145
8.4.1 Conflict of interest allegations.....	145
8.4.2 Dismissing research without refutation.....	146
8.4.3 Ignoring published work.....	148
8.4.4 Failure to analyze/criticize work cited .....	151
8.5 Specific examples of errors .....	151
8.5.1 Gambling as a wasteful activity .....	152
Why gambling is not a DUP activity .....	154
DUP and rent seeking.....	156
8.5.2 Casinos and crime .....	157
Grinols and Mustard (2006) .....	158
Gazel, Rickman, and Thompson (2001) .....	161
8.5.3 Grinols’ <i>Gambling in America</i> .....	162
8.6 Conclusion .....	164
<b>9 Using research to inform policy.....</b>	<b>165</b>
9.1 Introduction.....	165
9.2 Summary of economic issues.....	165
9.2.1 Benefits .....	166
9.2.2 Costs.....	167
9.2.3 General problems.....	168
9.3 Prevalence of pathological gambling.....	168

9.4 Foundations of gambling policy .....	170
9.4.1 Are cost-benefit analyses useful? .....	171
9.4.2 Property rights, freedom of choice, and government.....	172
9.4.3 Externalities revisited .....	173
9.5 Conclusion .....	173
<b>Appendix Primer on microeconomics.....</b>	<b>175</b>
A.1 The production possibilities frontier .....	175
A.2 The indifference curve.....	179
A.3 Allocative efficiency .....	181
A.4 Supply, demand, and markets .....	183
A.5 Producer and consumer surplus .....	185
A.6 Summary .....	187
<b>References .....</b>	<b>189</b>
<b>Index .....</b>	<b>205</b>
