**12** Fundamentals of Digital Marketing Analytics 406

# CONTENTS

## **PART 1 Overview of Marketing Analytics and Data Management**

**1**

### **1 Introduction to Marketing Analytics 2**

- 1.1 Introduction to Marketing Analytics 3
  - Marketing Analytics Defined 3*
  - Analytics Levels and Their Impact on Competitive Advantage 5*
- 1.2 Defining the Right Business Problems 7
- 1.3 Data Sources 11
- 1.4 Data Types 13
  - Types of Data 13*
  - Data Measurement 13*
  - Metric Measurement Scales 15*
- 1.5 Predictors versus Target Variable 15
  - Types of Variables 15*
- 1.6 Modeling Types: Supervised Learning versus Unsupervised Learning 15
- 1.7 The 7-Step Marketing Analytics Process 17
  - Step 1: Business Problem Understanding 17*
  - Step 2: Data Understanding and Collection 18*
  - Step 3: Data Preparation and Feature Selection 19*
  - Step 4: Modeling Development 20*
  - Step 5: Model Evaluation and Interpretation 20*
  - Step 6: Model and Results Communication 20*
  - Step 7: Model Deployment 21*

1.8	Setting Yourself Apart	22
	Summary of Learning Objectives and Key Terms	25
	Discussion and Review Questions	25
	Critical Thinking and Marketing Applications	25

## **2 Data Management 28**

2.1	The Era of Big Data Is Here	29
2.2	Database Management Systems (DBMS)	33
2.3	Enterprise Data Architecture	35
	<i>Traditional ETL</i>	36
	<i>ETL Using Hadoop</i>	36
	<i>A Closer Look at Data Storage</i>	36
2.4	Data Quality	39
2.5	Data Understanding, Preparation, and Transformation	42
	<i>Data Understanding</i>	42
	<i>Data Preparation</i>	43
	<i>Data Transformation</i>	46
	CASE STUDY: AVOCADO TOAST: A RECIPE TO LEARN SQL	47
	<i>Getting Started</i>	47
	<i>Understanding the Dataset</i>	47
	<i>Applying the Concepts</i>	48
	<i>Aggregation</i>	55
	<i>Build Your Own Supplier Table</i>	56
	<i>Add Data to Your Table</i>	57
	<i>Join the Two Tables (MERGE)</i>	57
	<i>Update the Data</i>	58
	<i>Delete Values</i>	59
	Summary of Learning Objectives and Key Terms	61
	Discussion and Review Questions	61
	Critical Thinking and Marketing Applications	61

## **PART 2 Exploring and Visualizing Data Patterns 64**

### **3 Exploratory Data Analysis Using Cognitive Analytics 65**

- 3.1 The Importance of Exploratory Data Analysis 66
- 3.2 Defining Cognitive Analytics and Knowledge Discovery 67
  - The Cognitive Analytics Technology that Won Jeopardy* 67
- 3.3 Discovering Different Use Cases for Cognitive Analytics 69
  - Cognitive Analytics to Interface with the Customer* 69
  - Cognitive Analytics to Support Internal Operations and Decision Making* 69
- 3.4 Combining Internal and External Data Sources for Improved Insights 72
- CASE STUDY: A CLOSER LOOK AT ONLINE CUSTOMER EXPERIENCE 75
  - Understanding the Business Problem* 75
  - Understanding the Dataset* 75
  - Applying the Concepts* 76
  - Insights Learned from Applying the Concepts* 91
- Summary of Learning Objectives and Key Terms 93
- Discussion and Review Questions 93
- Critical Thinking and Marketing Applications 93

### **4 Data Visualization 95**

Page xvi

- 4.1 What Is Data Visualization? 96
- 4.2 Principles and Elements of Design for Data Visualization 98
  - Principles of Design* 99
  - The Basic Elements of Design* 100
- 4.3 Fundamental Considerations When Developing Data Visualizations 104
  - Common Types of Charts and Graphs* 104
- 4.4 So, What's Your Story? 112

CASE STUDY: TELECOMMUNICATIONS: OPTIMIZING  
CUSTOMER ACQUISITION 114

*Understanding the Business Problem* 114

*Understanding the Dataset* 114

*Data Preparation* 116

*Applying the Concepts* 117

*Insights Learned from Applying the Concepts* 137

Summary of Learning Objectives and Key Terms 138

Discussion and Review Questions 138

Critical Thinking and Marketing Applications 138

**PART 3 Analytical Methods for Supervised Learning 140**

**5 Regression Analysis 141**

5.1 What Is Regression Modeling? 142

*Simple Linear Regression* 143

*Multiple Linear Regression* 145

*Evaluating the Ability of the Regression Model to Predict* 145

5.2 The Predictive Regression Model 147

5.3 Predictive Regression Performance 148

5.4 Model Validation 150

5.5 Modeling Categorical Variables 151

5.6 Model Independent Variable Selection 152

*Detecting Multicollinearity* 153

*Feature Selection* 153

CASE STUDY: NEED A RIDE? PREDICTING PRICES THAT  
CUSTOMERS ARE WILLING TO PAY FOR RIDESHARING  
SERVICES 155

*Understanding the Business Problem* 155

*Understanding the Dataset* 155

*Data Preparation* 156

*Applying the Concepts* 157

<i>Step 1: Preparing the Data for Modeling</i>	158
<i>Step 2: Setting Up the Training Model and Cross Validation</i>	169
<i>Step 3: Evaluating the Model Results</i>	174
<i>Step 4: Applying the Model to New Dataset</i>	175
<i>Insights Learned from Applying the Concepts</i>	181
Summary of Learning Objectives and Key Terms	183
Discussion and Review Questions	183
Critical Thinking and Marketing Applications	183

## **6 Neural Networks 184**

6.1	Introduction to Neural Networks	185
6.2	How Are Neural Networks Used in Practice?	186
6.3	What Are the Basic Elements of a Neural Network?	188
6.4	How Does a Neural Network Learn?	191
	<i>What Does This Process Look Like in Action?</i>	192
	<i>How Does the Network Learn?</i>	194
	<i>When Does the Network Stop Learning?</i>	195
6.5	Key Reminders When Using Neural Networks	195
CASE STUDY: AIRLINE INDUSTRY: UNDERSTANDING CUSTOMER SATISFACTION 197		
	<i>Understanding the Business Problem</i>	197
	<i>Understanding the Dataset</i>	197
	<i>Preparing the Data</i>	198
	<i>Applying the Concepts</i>	199
	<i>Stage 1: Preparing the Data for Modeling</i>	201
	<i>Stage 2: Setting Up the Training Model and Cross Validation</i>	212
	<i>Stage 3: Evaluating the Model Results</i>	218
	<i>Stage 4: Applying the Model to a New Dataset</i>	221
	<i>Insights Learned from Applying the Concepts</i>	227
	Summary of Learning Objectives and Key Terms	228

Discussion and Review Questions 228  
Critical Thinking and Marketing Applications 228

## **7 Automated Machine Learning 230**

- 7.1 What Is Automated Machine Learning (AutoML)? 231  
*What Questions Might Arise?* 232
- 7.2 AutoML in Marketing 234  
*Which Companies Are Actively Using AutoML?* 234
- 7.3 What Are Key Steps in the Automated Machine Learning Process? 237  
*Data Preparation* 237  
*Model Building* 237  
*Creating Ensemble Models* 238  
*Advanced Ensemble Methods* 239  
*Model Recommendation* 240

Page xvii

CASE STUDY: LOAN DATA: UNDERSTANDING WHEN AND HOW TO SUPPORT FISCAL RESPONSIBILITY IN CUSTOMERS 242

- Understanding the Business Problem* 242  
*Understanding the Dataset* 242  
*Uploading the Data* 243  
*Examining the Features* 246  
*Defining the Target Variable* 249  
*Running the Model* 252  
*Evaluating the Model Results* 256  
*Applying the Model to predict new cases* 259  
*Insights Learned from Applying the Concepts* 262
- Summary of Learning Objectives and Key Terms 263  
Discussion and Review Questions 263  
Critical Thinking and Marketing Applications 263

## **PART 4 Analytical Methods for Unsupervised Learning 265**

### **8 Cluster Analysis 266**

8.1 What Is Cluster Analysis? 267

8.2 How Is Cluster Analysis Used in Practice? 268

8.3 How Does a Cluster Analysis Function? 269

8.4 What Are the Types of Cluster Analysis? 271

*K-Means Clustering 271*

*K-Means Issues to Remember 273*

*Hierarchical Clustering 273*

*Hierarchical Clustering Issues to Remember 276*

CASE STUDY: ONLINE PERFUME AND COSMETIC SALES:  
UNDERSTANDING CUSTOMER SEGMENTATION THROUGH  
CLUSTER ANALYSIS 277

*Understanding the Business Problem 277*

*Understanding the Dataset 277*

*Applying the Concepts 278*

*Opening Python Using Anaconda 279*

*Preparing the Python Environment 283*

*Insights Learned from Applying the Concepts 302*

Summary of Learning Objectives and Key Terms 303

Discussion and Review Questions 303

Critical Thinking and Marketing Applications 303

### **9 Market Basket Analysis 304**

9.1 What Is Market Basket Analysis? 305

9.2 How Is Market Basket Analysis Used in Practice? 306

9.3 Association Rules: How Does a Market Basket Analysis Identify  
Product Relationships? 308

9.4 Special Topics in Market Basket Analysis 311

CASE STUDY: ONLINE DEPARTMENT STORE:  
UNDERSTANDING CUSTOMER PURCHASE PATTERNS 314

<i>Understanding the Business Problem</i>	314
<i>Understanding the Dataset</i>	314
<i>Data Preparation</i>	315
<i>Applying the Concepts</i>	315
<i>Loading Data</i>	321
<i>Preparing the Data</i>	323
<i>Running FP-Growth</i>	326
<i>Creating Association Rules</i>	327
<i>Insights Learned from Applying the Concepts</i>	331
Summary of Learning Objectives and Key Terms	332
Discussion and Review Questions	332
Critical Thinking and Marketing Applications	332

## **PART 5 Emerging Analytical Approaches 334**

### **10 Natural Language Processing 335**

10.1	What Is Natural Language Processing?	336
10.2	How Is Natural Language Processing Used in Practice?	338
	<i>Optimize Inventory and Engage Customers in Marketing Campaigns</i>	338
	<i>Produce New Products to Meet Customer Needs</i>	338
	<i>Simplify Guest Travel to Improve Hospitality</i>	339
	<i>Create a Better Experience for Customers</i>	339
	<i>Add Unique Features to Products</i>	339
	<i>Improve Customer Service</i>	339
	<i>Facilitate Customer Ordering</i>	339
	<i>Strengthen Customer Relationships</i>	340
10.3	How Is Text Analytics Applied?	340
	<i>Step 1: Text Acquisition and Aggregation</i>	340
	<i>Step 2: Text Preprocessing</i>	341
	<i>Tokenization</i>	341

*Stemming* 341  
*Lemmatization* 342  
*Stop Words Removal* 342  
*N-Grams* 342  
*Bag of Words* 342  
*Term-Document Matrix* 342

*Step 3: Text Exploration* 344  
*Frequency Bar Chart* 344  
*Word Clouds* 345  
*Step 4: Text Modeling* 345

10.4 Special Topics in Text Analytics 347

CASE STUDY: SPECIALTY FOOD ONLINE REVIEW:  
UNDERSTANDING CUSTOMER SENTIMENTS 349

*Understanding the Business Problem* 349  
*Understanding the Dataset* 349  
*Data Preparation* 350  
*Applying the Concepts* 350  
*Opening Python Using Anaconda* 351  
*Preparing the Python Environment* 355  
*Text Preprocessing* 361  
*Topic Modeling* 364  
*Sentiment Analysis Using TextBlob* 365  
*Sentiment Analysis Using Vader* 366  
*Insights Learned from Applying the Concepts* 368

Summary of Learning Objectives and Key Terms 369

Discussion and Review Questions 369

Critical Thinking and Marketing Applications 369

## **11 Social Network Analysis 372**

11.1 What Is Social Network Analysis? 373

11.2	Social Network Analysis in Practice	374
11.3	How Does a Social Network Analysis Function?	379
	<i>Network Measures</i>	380
	<i>Measures of Centrality</i>	381
	<i>Network Structures</i>	383
11.4	Link Prediction Using Social Network Analysis	384
CASE STUDY: AUTO INDUSTRY: UNDERSTANDING NETWORK INFLUENCERS		386
	<i>Understanding the Business Problem</i>	386
	<i>Understanding the Dataset</i>	386
	<i>Data Preparation</i>	386
	<i>Applying the Concepts</i>	388
	<i>Step 1: Getting Started with Polinode</i>	388
	<i>Step 2: Uploading Data to Polinode</i>	389
	<i>Step 3: Viewing the Network Graph</i>	391
	<i>Step 4: Measuring Network Properties</i>	394
	<i>Step 5: Updating Nodes Graph View</i>	397
	<i>Step 6: Running a Network Report and Downloading Results</i>	400
	<i>Insights Learned from Applying the Concepts</i>	403
	Summary of Learning Objectives and Key Terms	404
	Discussion and Review Questions	404
	Critical Thinking and Marketing Applications	404

## **12 Fundamentals of Digital Marketing Analytics 406**

12.1	What Are the Basics of Digital Marketing?	407
	<i>What Is Owned Digital Media?</i>	407
	<i>What Is Paid Digital Media?</i>	407
	<i>What Is Earned Digital Media?</i>	407
	<i>How Is Digital Marketing Used?</i>	408
12.2	Digital Marketing Analytics in Practice	408

	<i>Owned Digital Marketing Media</i>	410
	<i>Paid Digital Marketing Media</i>	412
	<i>Earned Digital Marketing Media</i>	413
12.3	Digital Marketing Analytics Measures	415
	<i>Audience Analysis</i>	416
	<i>Acquisition Analysis</i>	417
	<i>Behavior Analysis</i>	417
	<i>Conversion Analysis</i>	418
	<i>A/B Testing</i>	419
	<i>Multivariate Testing</i>	419
	<i>Multichannel Attribution</i>	419
12.4	How Does A/B Testing Work?	420
CASE STUDY:	E-COMMERCE: THE GOOGLE ONLINE	
	MERCHANDISE STORE	422
	<i>Understanding the Business Problem</i>	422
	<i>Understanding the Dataset</i>	422
	<i>Applying the Concepts</i>	423
	<i>Getting Started with Google Analytics</i>	423
	<i>Step 1: Accessing the Demo Account</i>	424
	<i>Step 2: Reviewing the Main Dashboard</i>	426
	<i>Step 3: Reviewing the Reports</i>	428
	<i>Insights Learned from Applying the Concepts</i>	440
	<i>A Final Note</i>	441
	Summary of Learning Objectives and Key Terms	442
	Discussion and Review Questions	442
	Critical Thinking and Marketing Applications	442

**Glossary 444**

**Index 451**
