About the Authors		xxiv
CHAPTER 1	Introduction to Managerial Accounting	2
CHAPTER 2	Basic Managerial Accounting Concepts	30
CHAPTER 3	Cost Behaviour	76
CHAPTER 4	Cost–Volume–Profit Analysis: A Managerial Planning Tool	126
	INTEGRATIVE CASE 1	184
CHAPTER 5	Job-Order Costing	186
CHAPTER 6	Process Costing	252
CHAPTER 7	Activity-Based Costing and Management	310
CHAPTER 8	Absorption and Variable Costing, and Inventory Management	380
CHAPTER 9	Budgeting, Production, Cash, and Master Budget	420
CHAPTER 10	Standard Costing: A Managerial Control Tool	480
	INTEGRATIVE CASE 2	524
CHAPTER 11	Flexible Budgets and Overhead Analysis	526
CHAPTER 12	Performance Evaluation and Decentralization	574
CHAPTER 13	Short-Run Decision Making: Relevant Costing	628
CHAPTER 14	Capital Investment Decisions	682
	INTEGRATIVE CASE 3	732
Q&A Boxes: Answers		734
Glossary		739
Subject Index		748
Company Index		758

CONTENTS

Key Features	xx	CHAPTER 2	
Updated for This Edition	xxi	Basic Managerial Accounting Concepts	30
Superior Supplements	xxii		
Acknowledgments and Thanks	xxiii	The Meaning and Uses of Cost	32
About the Authors	xxiv	<i>Cost</i>	32
		<i>Accumulating and Assigning Costs</i>	32
		<i>Cost Objects</i>	33
		<i>Assigning Costs to Cost Objects</i>	34
		<i>Cost Classification</i>	34
CHAPTER 1		Product and Service Costs	37
Introduction to Managerial Accounting	2	<i>Product Costs</i>	38
		<i>Cornerstone 2.1 Calculating Product Cost in Total and Per Unit</i>	40
What Is Managerial Accounting?	4	<i>Cornerstone 2.2 Calculating Prime Cost and Conversion Cost in Total and Per Unit</i>	40
<i>Information Needs for Planning, Controlling, and Decision Making</i>	4	<i>Period Costs</i>	41
Comparison of Managerial and Financial Accounting	6	Preparing Financial Statements for Manufacturing Operations	43
<i>Triple Bottom Line</i>	7	<i>Financial Statements for Manufacturing Operations</i>	43
Current Focus of Managerial Accounting	8	<i>Balance Sheet for a Manufacturing Business</i>	44
<i>New Methods of Costing Products and Services</i>	8	<i>Income Statement for a Manufacturing Business</i>	44
<i>Customer Orientation</i>	9	<i>Statement of Cost of Goods Manufactured</i>	45
<i>Cross-Functional Perspective</i>	11	<i>Cost of Goods Manufactured: A Second Look</i>	47
<i>Total Quality Management</i>	12	<i>Cornerstone 2.3 Calculating the Direct Materials Used in Production</i>	48
<i>Time as a Competitive Element</i>	13	<i>Cornerstone 2.4 Calculating Cost of Goods Manufactured (COGM)</i>	48
<i>Efficiency</i>	14	<i>Cost of Goods Sold</i>	49
<i>Management Accounting for Service and Not-for-Profit Organizations</i>	14	<i>Cornerstone 2.5 Calculating Cost of Goods Sold (COGS)</i>	49
The Role of the Management Accountant	15	<i>Income Statement: Manufacturing Firm</i>	50
<i>Structure of the Company</i>	15	<i>Cornerstone 2.6 Preparing an Income Statement for a Manufacturing Firm</i>	50
<i>Sarbanes-Oxley Act of 2002</i>	16	<i>Cornerstone 2.7 Calculating the Percentage of Sales Revenue for Each Line on the Income Statement</i>	52
Managerial Accounting, Ethical Conduct, and Social Responsibility	16	<i>Income Statement: Service Firm</i>	53
<i>Ethical Behaviour</i>	17	<i>Cornerstone 2.8 Preparing an Income Statement for a Service Organization</i>	53
<i>Company Codes of Ethical Conduct</i>	18		
<i>Standards of Ethical Conduct for Management Accountants</i>	20	Flow of Costs through the General Ledger	54
Accounting Designations and Career Opportunities	22		
<i>Society of Management Accountants of Canada—CMA Canada</i>	22		
<i>Canadian Institute of Chartered Accountants (CICA)</i>	22		
<i>Certified General Accountants Association of Canada (CGAAC)</i>	22		
<i>Pursuing an Accounting Designation</i>	23		

CHAPTER 3

Cost Behaviour 76

Basics of Cost Behaviour 78

<i>Measures of Output</i>	78
<i>Fixed Costs</i>	79
<i>Variable Costs</i>	81
<i>Mixed Costs</i>	82
<i>Step Cost Behaviour</i>	83
<i>Discussion of Relevant Range: Are Real-World Cost Relationships Linear?</i>	85

Methods for Separating Mixed Costs into Fixed and Variable Components 86

<i>Accounting Records and Mixed Costs</i>	86
<i>Need for Cost Separation into Fixed and Variable Costs</i>	87
<i>Methods for Cost Separation into Fixed and Variable Costs</i>	87
Cornerstone 3.1 Creating and Using a Cost Formula	87
<i>The High–Low Method</i>	88
Cornerstone 3.2 Using the High–Low Method	90
Cornerstone 3.3 Using the High–Low Method to Calculate Predicted Total Variable Cost and Total Cost for Budgeted Output	91
<i>Scattergraph Method</i>	93
<i>Managerial Judgment</i>	95

Appendix 3a: Using Regression Analysis 98

<i>The Method of Least Squares</i>	98
Cornerstone 3.4 Using the Regression Method to Calculate Fixed Cost and the Variable Rate, to Construct a Cost Formula, and to Determine Budgeted Cost	99
<i>Using the Regression Programs and Additional Information Provided</i>	100
<i>Goodness of Fit</i>	102

CHAPTER 4

Cost–Volume–Profit Analysis: A Managerial Planning Tool 126

Cost–Volume–Profit Relationships 128

<i>Using Operating Income in Cost–Volume–Profit Analysis</i>	128
<i>Contribution Margin</i>	128
<i>Contribution Margin Ratio</i>	129
<i>Unit Contribution Margin</i>	130
Cornerstone 4.1 Preparing a Contribution Margin Income Statement	131
<i>Break-Even Point in Units</i>	132
<i>Break-Even Point in Sales Dollars</i>	133

Cornerstone 4.2 Solving for the Break-Even Point in Units	134
-----------------------------------------------------------	-----

Cornerstone 4.3 Calculating the Variable Cost Ratio and the Contribution Margin Ratio	135
---------------------------------------------------------------------------------------	-----

Cornerstone 4.4 Solving for the Break-Even Point in Sales Dollars	137
<i>Equation Formula Approach to Break-Even Analysis</i>	138

Units to Be Sold to Achieve a Target Income 139

Cornerstone 4.5 Solving for the Number of Units to Be Sold to Earn a Target Operating Income	140
----------------------------------------------------------------------------------------------	-----

<i>Sales Revenue to Achieve a Target Income</i>	140
-------------------------------------------------	-----

Cornerstone 4.6 Solving for the Sales Needed to Earn a Target Operating Income	141
--------------------------------------------------------------------------------	-----

<i>Sales Revenue to Achieve a Target Income as Percentage of Sales</i>	142
------------------------------------------------------------------------	-----

<i>Income Taxes' Impact on Break-Even Analysis</i>	142
----------------------------------------------------	-----

The Profit–Volume Graph 143

<i>The Cost–Volume–Profit Graph</i>	145
-------------------------------------	-----

Multiple-Product Analysis 146

<i>Break-Even Point in Units</i>	146
----------------------------------	-----

Cornerstone 4.7 Calculating the Break-Even Units for a Multiple-Product Firm	148
------------------------------------------------------------------------------	-----

<i>Break-Even Point in Sales Dollars</i>	149
------------------------------------------	-----

Cornerstone 4.8 Calculating the Break-Even Sales Dollars for a Multiple-Product Firm	150
--------------------------------------------------------------------------------------	-----

<i>Underlying Assumptions of Cost–Volume–Profit Analysis</i>	151
--------------------------------------------------------------	-----

Cost–Volume–Profit Analysis and Risk and Uncertainty 152

<i>Introducing Risk and Uncertainty</i>	155
-----------------------------------------	-----

Cornerstone 4.9 Computing the Margin of Safety	156
------------------------------------------------	-----

Cornerstone 4.10 Computing the Degree of Operating Leverage	158
-------------------------------------------------------------	-----

Cornerstone 4.11 Computing the Impact of Increased Sales on Operating Income Using the DOL	159
--------------------------------------------------------------------------------------------	-----

<i>Sensitivity Analysis and Cost–Volume–Profit</i>	161
----------------------------------------------------	-----

INTEGRATIVE CASE 1 184

CHAPTER 5

Job-Order Costing 186

Importance of Unit Costing 188

<i>Importance of Unit Costs to Manufacturing Firms</i>	188
--------------------------------------------------------	-----

<i>Importance of Unit Costs to Service Firms</i>	188
--------------------------------------------------	-----

Characteristics of the Job-Order Environment 188

<i>Process Production and Costing</i>	189
---------------------------------------	-----

<i>Job-Order Production and Costing</i>	189
-----------------------------------------	-----

Normal Costing and Overhead Application	190	<i>Flow of Manufacturing Costs through the Accounts of a Process-Costing Firm</i>	256
<i>Actual Costing versus Normal Costing</i>	190	Cornerstone 6.1 Calculating Cost Flows without Work in Process	256
<i>Normal Costing and Estimating Overhead</i>	191	<i>Accumulating Costs in the Production Report</i>	257
Cornerstone 5.1 Calculating the Predetermined Overhead Rate and Applying Overhead to Production	192	The Impact of Work-in-Process Inventories on Process Costing	258
Cornerstone 5.2 Reconciling Actual Overhead with Applied Overhead	194	<i>Equivalent Units of Production</i>	258
<i>Plantwide and Departmental Overhead Rates</i>	195	Cornerstone 6.2 Calculating Equivalent Units of Production: No Beginning Work in Process	259
Cornerstone 5.3 Calculating Plantwide Overhead Rate and Applying Overhead to Production	195	Cornerstone 6.3 Measuring Output and Assigning Costs: No Beginning Work in Process	260
Cornerstone 5.4 Calculating Predetermined Departmental Overhead Rates and Applying Overhead to Production	196	<i>Two Methods of Treating Beginning Work-in-Process Inventory</i>	261
<i>Unit Costs in the Job-Order System</i>	197	Weighted Average Costing	262
<i>The Conversion Process</i>	198	<i>Overview of the Weighted Average Method</i>	262
Keeping Track of Job Costs with Source Documents	198	Cornerstone 6.4 Measuring Output and Assigning Costs: Weighted Average Method	263
<i>Job-Order Cost Sheet</i>	198	<i>Five Steps in Preparing a Production Report</i>	264
<i>Materials Requisitions</i>	199	Cornerstone 6.5 Preparing a Physical Flow Schedule	265
<i>Time Tickets</i>	200	<i>Production Report</i>	267
<i>Source Documents for Other Activities</i>	201	Cornerstone 6.6 Preparing a Production Report: Weighted Average Method	267
Cost Flow	201	<i>Evaluation of the Weighted Average Method</i>	268
<i>Accounting for Materials Cost</i>	202	Multiple Inputs, Multiple Departments, and Hybrid Costing	268
<i>Accounting for Direct Labour Cost</i>	202	<i>Nonuniform Application of Manufacturing Inputs</i>	268
<i>Accounting for Applied Overhead</i>	203	Cornerstone 6.7 Calculating Equivalent Units and Unit Costs, and Valuing Inventories with Nonuniform Inputs	269
<i>Accounting for Actual Overhead Costs</i>	204	<i>Multiple Departments</i>	270
<i>Accounting for Finished Goods</i>	204	Cornerstone 6.8 Calculating the Physical Flow Schedule, Equivalent Units, and Unit Costs for Transferred-In Goods	272
<i>Accounting for Cost of Goods Sold</i>	205	<i>Hybrid Costing</i>	273
Cornerstone 5.5 Preparing Brief Job-Order Cost Sheets	207	Appendix 6A: Service and Manufacturing Firms	273
<i>Accounting for Nonmanufacturing Costs</i>	209	<i>Services</i>	273
<i>Job-Order Costing for Service Firms</i>	209	<i>Manufacturing Firms with JIT Orientation</i>	274
Appendix 5A: Journal Entries Associated with Job-Order Costing	210	<i>Traditional Manufacturing Firms</i>	274
Appendix 5B: Support Department Cost Allocation	213	Appendix 6B: Production Report—First-In, First-Out Costing	274
<i>Types of Departments</i>	213	<i>Differences between the First-In, First-Out and Weighted Average Methods</i>	274
<i>Methods of Support Department Cost Allocation</i>	214	<i>Example of the First-In, First-Out Method</i>	275
Cornerstone 5.6 Assigning Support Department Costs by Using the Direct Method	215	Cornerstone 6.9 Calculating Output and Cost Assignments: First-In, First-Out Method	275
Cornerstone 5.7 Assigning Support Department Costs by Using the Sequential Method	218	Cornerstone 6.10 Preparing a Production Report: First-In, First-Out Method	279
Cornerstone 5.8 Assigning Support Department Costs by Using the Reciprocal Method	219		
CHAPTER 6			
Process Costing	252		
Characteristics of Process Manufacturing	254		
<i>Types of Processes</i>	254		
<i>How Costs Flow through the Accounts in Process Costing</i>	255		

CHAPTER 7

Activity-Based Costing and Management 310**Limitations of Volume-Based Cost****Accounting Systems 312***Cost Drivers* 312*Overhead Rates* 312*Non-Unit-Related Overhead Costs* 313*Product Diversity* 314*Illustrating the Failure of Plantwide or Departmental Rates* 315**Cornerstone 7.1 Calculating Consumption Ratios** 316**Cornerstone 7.2 Calculating Activity Rates** 317**Cornerstone 7.3 Calculating Activity-Based Unit Costs** 318**Activity-Based Costing (ABC) 320***Set of Key Questions* 322**Cornerstone 7.4 Assigning Resource Costs to Activities by Using Direct Tracing and Resource Drivers** 327*Assigning Costs to Products* 327**Activity-Based Customer Costing and Activity-Based****Supplier Costing 329***Activity-Based Customer Costing* 330**Cornerstone 7.5 Calculating Activity-Based Customer Costs** 330*Activity-Based Supplier Costing* 332**Cornerstone 7.6 Calculating Activity-Based Supplier Costs** 332**Process-Value Analysis 334***Driver Analysis: The Search for Root Causes* 334*Activity Analysis: Identifying and Assessing Value Content* 335*Value-Added Activities and Non-Value-Added Activities* 335**Cornerstone 7.7 Assessing Non-Value-Added Costs** 338**Reasons for Adopting ABC Costing 339****Limitations of ABC Costing 339***Is ABC Costing Suitable for Your Company?* 339**Activity Performance Measurement 340***Quality Cost Management* 340**Cornerstone 7.8 Calculating Cycle Time and Velocity** 341*Environmental Cost Management* 342

CHAPTER 8

Absorption and Variable Costing, and Inventory Management 380**Variable and Absorption Income Statements 382***Inventory Valuation* 383**Cornerstone 8.1 Computing Inventory Cost under Absorption Costing** 383**Cornerstone 8.2 Computing Inventory Cost under Variable Costing** 384*Income Statements Using Variable and Absorption Costing* 385**Cornerstone 8.3 Preparing an Absorption-Costing Income Statement** 385**Cornerstone 8.4 Preparing a Variable-Costing Income Statement** 386*Production, Sales, and Income Relationships* 387*Comparing Variable and Absorption Costing* 388*Evaluating Profit-Centre Managers* 390**Segmented Income Statements Using****Variable Costing 391****Cornerstone 8.5 Preparing a Segmented Income Statement** 392**Appendix 8A: Inventory Management 394***Inventory Management* 394**Cornerstone 8.6 Calculating Ordering Cost, Carrying Cost, and Total Inventory-Related Cost** 396*The Economic Order Quantity* 396**Cornerstone 8.7 Calculating the Economic Order Quantity (EOQ)** 397*Reorder Point* 398**Cornerstone 8.8 Calculating the Reorder Point** 398**Cornerstone 8.9 Calculating Safety Stock and the Reorder Point with Safety Stock** 399*Economic Order Quantity and Inventory Management* 400*Just-in-Time Approach to Inventory Management* 400*Benefits of JIT* 400*Limitations of JIT* 401

CHAPTER 9

Budgeting, Production, Cash, and Master Budget 420**Description of Budgeting 422***Budgeting, Planning, and Control* 422*Advantages of Budgeting* 423*The Master Budget* 423

Preparing the Operating Budget	424	<i>Why Standard Cost Systems Are Adopted</i>	483
<i>Sales Budget</i>	425	<i>Cost Assignment Approaches</i>	484
Cornerstone 9.1 Preparing a Sales Budget	426	Standard Product Costs	485
<i>Production Budget</i>	427	Cornerstone 10.1 Computing Standard Quantities Allowed (<i>SQ</i> and <i>SH</i>)	486
Cornerstone 9.2 Preparing a Production Budget	428	Variance Analysis: General Description	487
<i>Retail Firms—Merchandise Purchasing Budget</i>	429	<i>Price and Usage Variances</i>	488
Cornerstone 9.3 Preparing a Merchandise Purchasing Budget	429	<i>The Decision to Investigate</i>	489
<i>Direct Materials Purchases Budget</i>	430	Cornerstone 10.2 Using Control Limits to Trigger a Variance Investigation	490
Cornerstone 9.4 Preparing a Direct Materials Purchases Budget	431	Variance Analysis: Materials	491
<i>Direct Labour Budget</i>	432	Cornerstone 10.3 Calculating the Total Variance for Materials	492
Cornerstone 9.5 Preparing a Direct Labour Budget	432	<i>Direct Materials Variances</i>	492
<i>Overhead Budget</i>	433	Cornerstone 10.4 Calculating Materials Variances: Formula and Columnar Approaches	493
Cornerstone 9.6 Preparing an Overhead Budget	433	<i>Using Materials Variance Information</i>	495
<i>Ending Finished Goods Inventory Budget</i>	434	Variance Analysis: Direct Labour	496
Cornerstone 9.7 Preparing an Ending Finished Goods Inventory Budget	434	Cornerstone 10.5 Calculating the Total Variance for Inspection Labour	497
<i>Cost of Goods Sold Budget</i>	435	<i>Direct Labour Variances</i>	497
Cornerstone 9.8 Preparing a Cost of Goods Sold Budget	435	Cornerstone 10.6 Calculating Labour Variances: Formula and Columnar Approaches	498
<i>Selling and Administrative Expenses Budget</i>	436	<i>Using Labour Variance Information</i>	499
Cornerstone 9.9 Preparing a Selling and Administrative Expenses Budget	436	<i>Additional Cost Management Practices: Kaizen Costing and Target Costing</i>	500
<i>Budgeted Income Statement</i>	437	Appendix 10A: Accounting for Variances	501
Cornerstone 9.10 Preparing a Budgeted Income Statement	437	<i>Entries for Direct Materials Variances</i>	502
Preparing the Financial Budget	438	<i>Entries for Direct Labour Variances</i>	502
<i>Cash Budget</i>	438	<i>Disposition of Materials and Labour Variances</i>	503
Cornerstone 9.11 Preparing an Accounts Receivable Collections Schedule	439	INTEGRATIVE CASE 2	524
Cornerstone 9.12 Determining Cash Payments on Accounts Payable	440	CHAPTER 11	
Cornerstone 9.13 Preparing a Cash Budget	442	Flexible Budgets and Overhead Analysis	526
<i>Budgeted Balance Sheet</i>	444	Using Budgets for Performance Evaluation	528
<i>Not-for-Profit Budgeting</i>	444	<i>Static Budgets versus Flexible Budgets</i>	528
Using Budgets for Performance Evaluation	446	Cornerstone 11.1 Preparing a Performance Report Based on a Static Budget (Using Budgeted Production)	529
<i>Frequent Feedback on Performance</i>	446	Cornerstone 11.2 Preparing a Flexible Production Budget (Before the Fact)	531
<i>Monetary and Nonmonetary Incentives</i>	446	Cornerstone 11.3 Preparing a Performance Report Using a Flexible Budget (After the Fact)	532
<i>Participative Budgeting</i>	446	<i>Flexible Budget Sales Variances</i>	533
<i>Realistic Standards</i>	448	Variable Overhead Analysis	534
<i>Controllability of Costs</i>	448	<i>Total Variable Overhead Variance</i>	534
<i>Multiple Measures of Performance</i>	448		
CHAPTER 10			
Standard Costing: A Managerial Control Tool	480		
Unit Standards	482		
<i>How Standards Are Developed</i>	482		
<i>Types of Standards</i>	483		

Cornerstone 11.4 Calculating the Total Variable Overhead Variance	534	<i>Advantages of Return on Investment</i>	583
Cornerstone 11.5 Calculating Variable Overhead Spending and Efficiency Variances: Columnar and Formula Approaches	536	<i>Disadvantages of the Return on Investment Measure</i>	585
<i>Comparison of the Variable Overhead Spending Variance with the Price Variances of Materials and Labour Responsibility for the Variable Overhead Spending Variance</i>	537	Measuring the Performance of Investment Centres by Using Residual Income and Economic Value Added	587
<i>Responsibility for the Variable Overhead Efficiency Variance</i>	537	<i>Residual Income</i>	587
<i>A Performance Report for the Variable Overhead Spending and Efficiency Variances</i>	538	Cornerstone 12.2 Calculating Residual Income	587
Cornerstone 11.6 Preparing a Performance Report for the Variable Overhead Variances	538	<i>Economic Value Added</i>	589
Fixed Overhead Analysis	539	Cornerstone 12.3 Calculating Economic Value Added	589
<i>Total Fixed Overhead Variances</i>	540	Transfer Pricing	591
Cornerstone 11.7 Calculating the Total Fixed Overhead Variance	540	<i>Impact of Transfer Pricing on Divisions and the Firm as a Whole</i>	591
<i>Responsibility for the Fixed Overhead Spending Variance</i>	541	<i>Transfer Pricing Policies</i>	592
Cornerstone 11.8 Calculating Fixed Overhead Variances: Columnar and Formula Approaches	542	Cornerstone 12.4 Calculating Transfer Price	594
<i>Analysis of the Fixed Overhead Spending Variance</i>	543	The Balanced Scorecard—Basic Concepts	595
<i>Responsibility for the Fixed Overhead Volume Variance</i>	543	<i>Strategy Translation</i>	597
<i>Analysis of the Volume Variance</i>	543	<i>The Four Perspectives and Performance Measures</i>	599
Appendix 11A: Activity-Based Budgeting	544	Cornerstone 12.5 Computing Cycle Time and Velocity	603
<i>Static Activity Budgets</i>	544	Cornerstone 12.6 Calculating Manufacturing Cycle Efficiency	604
Cornerstone 11.9 Preparing a Static Budget for an Activity	545	CHAPTER 13	
<i>Activity Flexible Budgeting</i>	545	Short-Run Decision Making: Relevant Costing	628
Cornerstone 11.10 Preparing an Activity Flexible Budget	546	Short-Run Decision Making	630
Cornerstone 11.11 Preparing an Activity-Based Performance Report	547	<i>The Decision-Making Model</i>	630
CHAPTER 12		<i>Relevant Costs Defined</i>	634
Performance Evaluation and Decentralization	574	<i>Cost Behaviour and Relevant Costs</i>	636
Decentralization and Responsibility Centres	576	Some Common Relevant Cost Applications	636
<i>Reasons for Decentralization</i>	576	<i>Outsourcing Decisions</i>	637
<i>Divisions in the Decentralized Firm</i>	577	Cornerstone 13.1 Structuring an Outsourcing Services Problem	637
Measuring the Performance of Investment Centres by Using Return on Investment	580	Cornerstone 13.2 Structuring a Make-or-Buy Problem	639
<i>Return on Investment</i>	580	<i>Special-Order Decisions</i>	641
<i>Margin and Turnover</i>	581	Cornerstone 13.3 Structuring a Special-Order Problem	642
Cornerstone 12.1 Calculating Average Operating Assets, Margin, Turnover, and Return on Investment	581	<i>Keep-or-Drop Decisions</i>	644
		Cornerstone 13.4 Structuring a Keep-or-Drop Product Line Problem	645
		Cornerstone 13.5 Structuring a Keep-or-Drop Product Line Problem with Complementary Effects	646
		<i>Further Processing of Joint Products</i>	648
		Cornerstone 13.6 Structuring the Sell-or-Process-Further Decision	649
		Product Mix Decisions	650
		Cornerstone 13.7 Determining the Optimal Product Mix with One Constrained Resource	651

Cornerstone 13.8 Determining the Optimal Product Mix with One Constrained Resource and a Sales Constraint	652	Internal Rate of Return	694
<i>Multiple Constrained Resources</i>	653	<i>Example: Multiple-Period Setting with Uniform Cash Flows</i>	695
The Use of Costs in Pricing Decisions	653	Cornerstone 14.4 Calculating Internal Rate of Return with Uniform Cash Flows	695
<i>Cost-Based Pricing</i>	653	<i>Multiple-Period Setting: Uneven Cash Flows</i>	697
Cornerstone 13.9 Calculating Price by Applying a Markup Percentage to Cost	654	Postaudit of Capital Projects	698
<i>Target Costing and Pricing</i>	655	<i>Honley Medical Company: An Illustrative Application</i>	698
Cornerstone 13.10 Calculating a Target Cost	656	<i>One Year Later</i>	698
		<i>Benefits of a Postaudit</i>	699
		<i>Postaudit Limitations</i>	700
CHAPTER 14		Mutually Exclusive Projects	700
Capital Investment Decisions	682	<i>Net Present Value Compared with Internal Rate of Return</i>	700
		<i>Example: Mutually Exclusive Projects</i>	701
Types of Capital Investment Decisions	684	Cornerstone 14.5 Calculating Net Present Value and Internal Rate of Return for Mutually Exclusive Projects	701
Present Value Concepts	685	<i>Special Considerations for the Advanced Manufacturing Environment</i>	703
<i>Future Value</i>	685		
<i>Present Value</i>	686	Appendix 14A: Present Value Tables	705
<i>Present Value of an Uneven Series of Cash Flows</i>	687	Appendix 14B: Income Tax Considerations in Capital Budgeting	707
<i>Present Value of an Annuity</i>	687	<i>Introduction to Income Taxes</i>	707
Nondiscounting Models	688	<i>Impact on Capital Budgeting Decisions</i>	707
<i>Payback Period</i>	688	INTEGRATIVE CASE 3	732
Cornerstone 14.1 Calculating Payback	688	Q&A Boxes: Answers	734
<i>Accounting Rate of Return</i>	690	Glossary	739
Cornerstone 14.2 Calculating the Accounting Rate of Return	691	Subject Index	748
Discounting Models: The Net Present Value Method	692	Company Index	758
<i>Net Present Value Defined</i>	692		
<i>An Example Illustrating Net Present Value</i>	693		
Cornerstone 14.3 Assessing Cash Flows and Calculating Net Present Value	693		
<i>Profitability Index</i>	694
