# BRIEF CONTENTS

## **PART 1: THE FINANCIAL ENVIRONMENT 1**

- Chapter 1: An Introduction to Finance 3
- Chapter 2: Business (Corporate) Finance 29

## **PART 2: FINANCIAL ANALYSIS TOOLS 55**

- Chapter 3: Financial Statements 57
- Chapter 4: Financial Statement Analysis and Forecasting 97

## **PART 3: VALUATION BASICS 141**

- Chapter 5: Time Value of Money 143
- Chapter 6: Bond Valuation and Interest Rates 185
- Chapter 7: Equity Valuation 225

## **PART 4: PORTFOLIO AND CAPITAL MARKET THEORY 263**

- Chapter 8: Risk, Return, and Portfolio Theory 265
- Chapter 9: The Capital Asset Pricing Model (CAPM) 307
- Chapter 10: Market Efficiency 339

## **PART 5: DERIVATIVE SECURITIES 371**

- Chapter 11: Forwards, Futures, and Swaps 373
- Chapter 12: Options 415

## **PART 6: LONG-TERM INVESTMENT DECISIONS 455**

- Chapter 13: Capital Budgeting, Risk Considerations, and Other Special Issues 457
- Chapter 14: Cash Flow Estimation and Capital Budgeting Decisions 493
- Chapter 15: Mergers and Acquisitions 529
- Chapter 16: Leasing 571

## **PART 7: LONG-TERM FINANCING 599**

- Chapter 17: Investment Banking and Securities Law 601
- Chapter 18: Debt Instruments 631
- Chapter 19: Equity and Hybrid Instruments 659
- Chapter 20: Cost of Capital 693

## **PART 8: FINANCIAL POLICIES 739**

- Chapter 21: Capital Structure Decisions 741
- Chapter 22: Dividend Policy 785

## **PART 9: WORKING CAPITAL MANAGEMENT 817**

- Chapter 23: Working Capital Management: General Issues 819
- Chapter 24: Working Capital Management: Current Assets and Current Liabilities 843

# CONTENTS

## PART 1: THE FINANCIAL ENVIRONMENT 1

### Chapter 1: An Introduction to Finance 3

- 1.1 Finance Defined 4
- 1.2 Real versus Financial Assets 4
  - Canada's Balance Sheet 4
  - Real Assets 5
  - Financial Assets 5
  - Households 7
- 1.3 The Financial System 9
  - Overview 9
  - Channels of Intermediation 9
  - Intermediaries 11
  - The Major Borrowers 14
- 1.4 Financial Instruments and Markets 16
  - Financial Instruments 16
  - Financial Markets 17
- 1.5 The Global Financial Community 21
  - Global Financial Markets 22
- 1.6 The Structure of This Text 24
- Summary 25

### Chapter 2: Business (Corporate) Finance 29

- 2.1 Types of Business Organizations 30
  - Sole Proprietorships 30
  - Partnerships 31
  - Trusts 32
  - Corporations 34
- 2.2 The Goals of the Corporation 35
- 2.3 The Role of Management and Agency Issues 38
  - The Agency Relationship and Agency Costs 38
  - Aligning Managers' and Owners' Interest 40
  - Corporate Governance 44
- 2.4 Corporate Finance 45
- 2.5 Finance Careers and The Organization of the Finance Function 46
  - Positions in Non-Financial Companies 46
  - Positions in Financial Companies 48
- Summary 50

## PART 2: FINANCIAL ANALYSIS TOOLS 55

### Chapter 3: Financial Statements 57

- 3.1 Accounting Principles 58
  - Canadian and International Standards 58
  - The Impact of Accounting Scandals 60
- 3.2 Organizing a Firm's Transactions 63
  - Bookkeeping 63
  - Accounting Conventions: The Basic Principles 65

- 3.3 Preparing Accounting Statements 68
  - The Balance Sheet and the Income Statement 68
  - Changing Accounting Assumptions 70
  - Tax Statements 71
  - Cash Flow Statements 72
- 3.4 Canadian Pacific Accounting Statements 75
  - Accompanying Statements 76
  - Canadian Pacific's Balance Sheet 76
  - Canadian Pacific's Income Statement 80
  - Canadian Pacific's Cash Flow Statement 80
- 3.5 The Canadian Tax System 83
  - Corporate Taxes 84
  - Personal Tax 88
- Summary 91

### Chapter 4: Financial Statement Analysis and Forecasting 97

- 4.1 Consistent Financial Analysis 98
- 4.2 Framework for Financial Analysis 98
  - Return on Equity (ROE) and the DuPont System 98
  - Interpreting Ratios 101
- 4.3 Leverage Ratios 103
- 4.4 Efficiency Ratios 107
- 4.5 Productivity Ratios 110
- 4.6 Liquidity Ratios 112
- 4.7 Valuation Ratios 115
  - Summing up Valuation Ratios 119
- 4.8 Financial Forecasting 119
  - The Percentage of Sales Method 119
- 4.9 Formula Forecasting 126
- 4.10 CP'S External Financing Requirements 128
- Summary 132

## PART 3: VALUATION BASICS 141

### Chapter 5: Time Value of Money 143

- 5.1 Opportunity Cost 144
- 5.2 Simple Interest 144
- 5.3 Compound Interest 145
  - Compounding (Computing Future Values) 145
  - Discounting (Computing Present Values) 150
  - Determining Rates of Return or Holding Periods 151
- 5.4 Annuities and Perpetuities 153
  - The Importance of Investing Early 153
  - Ordinary Annuities 153
  - Annuities Due 156

|  |     |
|--|-----|
| Perpetuities                           | 158 |
| Annuities and Perpetuities Summarized  | 159 |
| 5.5 Growing Perpetuities and Annuities | 160 |
| Growing Perpetuities                   | 160 |
| Growing Annuities                      | 161 |
| 5.6 Quoted versus Effective Rates      | 161 |
| Determining Effective Annual Rates     | 161 |
| Effective Rates for “Any” Period       | 163 |
| 5.7 Loan or Mortgage Arrangements      | 165 |
| Mortgages                              | 166 |
| 5.8 Comprehensive Examples             | 170 |
| Summary                                | 174 |

## Chapter 6: Bond Valuation and Interest Rates 185

|   |     |
|---|-----|
| 6.1 The Basic Structure of Bonds          | 186 |
| Basic Bond Terminology                    | 186 |
| Security and Protective Provisions        | 187 |
| Additional Bond Features                  | 187 |
| 6.2 Bond Valuation                        | 189 |
| Factors Affecting Bond Prices             | 192 |
| Bond Quotes                               | 195 |
| Cash Prices versus Quoted Prices          | 197 |
| 6.3 Bond Yields                           | 198 |
| Yield to Maturity                         | 198 |
| Current Yield                             | 200 |
| 6.4 Interest Rate Determinants            | 201 |
| Base Interest Rates                       | 201 |
| Global Influences on Interest Rates       | 203 |
| The Term Structure of Interest Rates      | 204 |
| Risk Premiums                             | 206 |
| 6.5 Other Types of Bonds/Debt Instruments | 211 |
| Treasury Bills                            | 211 |
| Zero Coupon Bonds                         | 212 |
| Floating Rate and Real Return Bonds       | 213 |
| Canada Savings Bonds                      | 213 |
| Appendix 6A: Interest Rate Parity         | 214 |
| Appendix 6B: The Yield for Callable Bonds | 216 |
| Yield to Call                             | 216 |
| Summary                                   | 217 |

## Chapter 7: Equity Valuation 225

|   |     |
|---|-----|
| 7.1 Equity Securities   | 226 |
| Valuation of Equity Securities                                | 226 |
| 7.2 Preferred Share Valuation                                 | 227 |
| 7.3 Common Share Valuation: The Dividend Discount Model (DDM) | 228 |
| The Basic Dividend Discount Model                             | 228 |
| The Constant Growth DDM                                       | 231 |
| Estimating the Required Rate of Return                        | 232 |
| Estimating the Value of Growth Opportunities                  | 232 |

|  |     |
|--|-----|
| Examining the Inputs of the Constant Growth DDM            | 233 |
| Estimating DDM Inputs                                      | 234 |
| The Multiple-Stage Growth Version of the DDM               | 236 |
| Limitations of the DDM                                     | 238 |
| 7.4 Using Multiples to Value Shares                        | 240 |
| The Basic Approach   | 240 |
| Applying the P/E Ratio Approach                            | 242 |
| Limitations of P/E Ratios                                  | 244 |
| 7.5 A Simple Valuation Example                             | 245 |
| Appendix 7A: A Short Primer on Bubbles                     | 249 |
| Appendix 7B: Additional Multiples or Relative Value Ratios | 250 |
| Summary  | 253 |

## PART 4: Portfolio AND CAPITAL MARKET THEORY 263

### Chapter 8: Risk, Return, and Portfolio Theory 265

|   |     |
|---|-----|
| 8.1 Measuring Returns                                     | 266 |
| Ex Post versus Ex Ante Returns                            | 266 |
| Measuring Average Returns                                 | 269 |
| Estimating Expected Returns                               | 271 |
| 8.2 Measuring Risk  | 273 |
| 8.3 Expected Return and Risk for Portfolios               | 276 |
| Correlation Coefficient                                   | 280 |
| Correlation Coefficients and Portfolio Standard Deviation | 283 |
| 8.4 The Efficient Frontier                                | 286 |
| Two-Security Portfolio Combinations                       | 286 |
| The Efficient Frontier                                    | 287 |
| 8.5 Diversification                                       | 289 |
| Domestic Diversification                                  | 289 |
| International Diversification                             | 292 |
| Appendix 8A: Two-Security Portfolio Frontiers             | 295 |
| Appendix 8B: Value at Risk (VAR)                          | 297 |
| Summary   | 298 |

### Chapter 9: The Capital Asset Pricing Model (CAPM) 307

|   |     |
|---|-----|
| 9.1 The New Efficient Frontier                              | 308 |
| The Efficient Frontier with Risk-Free Borrowing and Lending | 308 |
| Risk-Free Investing   | 310 |
| Risk-Free Borrowing   | 313 |
| The New Efficient Set and the Separation Theorem            | 313 |
| 9.2 The Capital Asset Pricing Model (CAPM)                  | 314 |
| The Market Portfolio and the Capital Market Line (CML)      | 315 |
| Risk-Adjusted Performance and Sharpe Ratios                 | 317 |

|      |   |            |  |  |  |
|------|---|------------|--|--|--|
| 9.3  | The CAPM and Market Risk  | 319        |  |  |  |
|      | The Security Market Line (SML)  | 323        |  |  |  |
|      | The SML and Market Equilibrium  | 324        |  |  |  |
|      | Using the SML to Estimate Long-Term Discount Rates                                  | 325        |  |  |  |
| 9.4  | Alternative Asset Pricing Models  | 327        |  |  |  |
|      | The Fama-French Model   | 330        |  |  |  |
|      | The Arbitrage Pricing Theory (APT)  | 330        |  |  |  |
|      | Summary   | 331        |  |  |  |
|      | <b>Chapter 10: Market Efficiency</b>  | <b>339</b> |  |  |  |
| 10.1 | Defining Market Efficiency  | 340        |  |  |  |
|      | Assumptions Underlying Market Efficiency  | 341        |  |  |  |
|      | The Components of Market Efficiency   | 343        |  |  |  |
| 10.2 | The Efficient Market Hypothesis (Emh)   | 344        |  |  |  |
| 10.3 | Empirical Evidence Regarding Market Efficiency                                      | 344        |  |  |  |
|      | Weak Form Evidence  | 345        |  |  |  |
|      | Semi-Strong Form Evidence   | 350        |  |  |  |
|      | Strong Form Evidence  | 353        |  |  |  |
|      | Summary of Empirical Evidence   | 355        |  |  |  |
| 10.4 | Behavioural Finance   | 355        |  |  |  |
|      | Irrational Forces Motivating Investors  | 357        |  |  |  |
|      | Market Efficiency and Speculative Bubbles   | 359        |  |  |  |
| 10.5 | Implications of Market Efficiency   | 361        |  |  |  |
|      | Summary   | 364        |  |  |  |
|      | <b>PART 5: DERIVATIVE SECURITIES</b>  | <b>371</b> |  |  |  |
|      | <b>Chapter 11: Forwards, Futures, and Swaps</b>                                     | <b>373</b> |  |  |  |
| 11.1 | Forward Contracts   | 374        |  |  |  |
|      | Basic Characteristics of Forward Contracts  | 374        |  |  |  |
|      | Using Forward Contracts   | 375        |  |  |  |
|      | Interest Rate Parity (IRP) Revisited  | 380        |  |  |  |
|      | Pricing Forward Contracts   | 381        |  |  |  |
| 11.2 | Futures Contracts   | 383        |  |  |  |
|      | The Mechanics of Futures Contracts  | 383        |  |  |  |
|      | Futures Contracts Markets   | 386        |  |  |  |
|      | Trading/Hedging with Futures Contracts  | 388        |  |  |  |
|      | Summary of Forward and Futures Contracts  | 390        |  |  |  |
| 11.3 | Swaps   | 391        |  |  |  |
|      | Interest Rate Swaps   | 391        |  |  |  |
|      | The Evolution of Swap Markets   | 394        |  |  |  |
| 11.4 | The Financial Crisis and the Credit Default Swap Market                             | 398        |  |  |  |
|      | Appendix 11A: Forward Interest Rates and Forward Rate Agreements (FRAs)             | 401        |  |  |  |
|      | Forward Interest Rates  | 401        |  |  |  |
|      | Forward Rate Agreements (FRAs)  | 403        |  |  |  |
|      | Summary   | 405        |  |  |  |
|      | <b>Chapter 12: Options</b>  | <b>415</b> |  |  |  |
| 12.1 | Call Options  | 416        |  |  |  |
|      | Call Option Basics  | 416        |  |  |  |
|      | Call Option Values  | 419        |  |  |  |
| 12.2 | Put Options   | 422        |  |  |  |
|      | Put Option Payoffs  | 422        |  |  |  |
|      | Put Option Values   | 424        |  |  |  |
| 12.3 | Put-Call Parity   | 426        |  |  |  |
|      | The Four Basic Option Positions   | 426        |  |  |  |
|      | Deriving the Put-Call Parity Relationship   | 428        |  |  |  |
|      | Creating Synthetic Positions by Using Put-Call Parity                               | 429        |  |  |  |
| 12.4 | The Black-Scholes Option Pricing Model  | 434        |  |  |  |
|      | The “Greeks”  | 438        |  |  |  |
| 12.5 | Options Markets   | 439        |  |  |  |
|      | Appendix 12A: Binomial Option Pricing and Risk-Neutral Probabilities                | 442        |  |  |  |
|      | Binomial Option Pricing   | 442        |  |  |  |
|      | Risk-Neutral Probabilities  | 445        |  |  |  |
|      | Summary   | 446        |  |  |  |
|      | <b>PART 6: LONG-TERM INVESTMENT DECISIONS</b>                                       | <b>455</b> |  |  |  |
|      | <b>Chapter 13: Capital Budgeting, Risk Considerations, and Other Special Issues</b> | <b>457</b> |  |  |  |
| 13.1 | Capital Expenditures  | 458        |  |  |  |
|      | The Importance of the Capital Expenditure Decision                                  | 458        |  |  |  |
| 13.2 | Evaluating Investment Alternatives  | 461        |  |  |  |
|      | Payback Period and Discounted Payback Period  | 462        |  |  |  |
|      | Net Present Value (NPV) Analysis  | 463        |  |  |  |
|      | The Internal Rate of Return (IRR)   | 466        |  |  |  |
|      | A Comparison of NPV and IRR   | 468        |  |  |  |
|      | Profitability Index (PI)  | 471        |  |  |  |
| 13.3 | Independent and Interdependent Projects   | 472        |  |  |  |
| 13.4 | Capital Rationing   | 476        |  |  |  |
|      | The Appropriate Discount Rate   | 479        |  |  |  |
| 13.5 | International Considerations  | 480        |  |  |  |
|      | Appendix 13A: The Modified Internal Rate of Return (MIRR)                           | 482        |  |  |  |
|      | Summary   | 484        |  |  |  |
|      | <b>Chapter 14: Cash Flow Estimation and Capital Budgeting Decisions</b>             | <b>493</b> |  |  |  |
| 14.1 | General Guidelines for Capital Expenditure Analysis                                 | 494        |  |  |  |
| 14.2 | Estimating and Discounting Cash Flows   | 496        |  |  |  |
|      | The Initial After-Tax Cash Flow ( $CF_0$ )  | 496        |  |  |  |
|      | Expected Annual After-Tax Cash Flows ( $CF_t$ )                                     | 497        |  |  |  |
|      | Ending (or Terminal) After-Tax Cash Flow ( $ECF_n$ )                                | 499        |  |  |  |
|      | Putting It All Together   | 501        |  |  |  |
|      | Valuation by Components   | 503        |  |  |  |

|  |            |   |            |
|--|------------|---|------------|
| 14.3 Replacement Decisions                               | 507        | Real-World Examples of Fraudulent Activities      | 603        |

| 17.1 Conflicts between Issuers and Investors             | 602        | A Financing Hierarchy                             | 685        |
| The Basic Problem of Asymmetric Information              | 602        | Summary   | 687        |

**Chapter 20: Cost of Capital 693**

- 20.1 Financing Sources 694
  - Capital Structure 694
  - Three Ways of Using the Valuation Equation 696
  - Deriving the *Required* Income Statement 698
- 20.2 The Cost of Capital 699
  - Determining the Weighted Average Cost of Capital (WACC) 699
  - Estimating Market Values 701
- 20.3 Estimating the Non-Equity Component Costs 703
  - Flotation Costs and the Marginal Cost of Capital (MCC) 703
  - Debt 704
  - Preferred Shares 705
  - Canadian Pacific Financing 705
- 20.4 The Effects of Operating and Financial Leverage 708
  - Sales Changes and Leverage 708
- 20.5 Growth Models and the Cost of Common Equity 710
  - The Importance of Adjusting for Growth 710
  - The Constant Growth Model 711
  - Growth and ROE 713
  - Multi-Stage Growth Models 716
  - The Fed Model 719
- 20.6 Risk-Based Models and the Cost of Common Equity 720
  - Using the CAPM to Estimate the Cost of Common Equity 720
  - Estimating Betas 723
- 20.7 The Cost of Capital and Investment 727
- Summary 730

**PART 8: FINANCIAL POLICIES 739****Chapter 21: Capital Structure Decisions 741**

- 21.1 Financial Leverage 742
  - Risk and Leverage 742
  - The Rules of Financial Leverage 744
  - Indifference Analysis 748
- 21.2 Determining Capital Structure 750
  - Financial Ratios and Credit Ratings 752
- 21.3 The Modigliani and Miller (M&M) Irrelevance Theorem 754
  - M&M and Firm Value 754
  - M&M and the Cost of Capital 757
- 21.4 The Impact of Taxes on Capital Structure 761
  - Introducing Corporate Taxes 761
- 21.5 Financial Distress, Bankruptcy, and Agency Costs 764
  - Bankruptcy and Financial Distress 765

- Costs of Bankruptcy 765
- Shareholders' and Creditors' Reactions to Bankruptcy 766

The Static Trade-Off Theory 768

- 21.6 Other Factors Affecting Capital Structure 770
- 21.7 Capital Structure in Practice 772
- Appendix 21A: Personal Taxes and Capital Structure 775
- Summary 776

**Chapter 22: Dividend Policy 785**

- 22.1 Forms of Dividend Payments 786
  - The Mechanics of Cash Dividend Payments 786
  - Other Forms of Dividends 788
  - Reasons for Stock Dividends and Stock Splits 789
- 22.2 Historical Dividend Data 790
- 22.3 Modigliani and Miller's Dividend Irrelevance Theorem 794
  - M&M, Dividends, and Firm Value 794
  - M&M's Homemade Dividend Argument 797
- 22.4 The "Bird in the Hand" Argument 799
- 22.5 Dividend Policy in Practice 802
- 22.6 Relaxing the M&M Assumptions: Welcome to the Real World! 803
  - Transactions Costs 803
  - Dividends and Signalling 804
  - Taxes 806
  - Repackaging Dividend-Paying Securities 807
- 22.7 Share Repurchases 809
- Summary 811

**PART 9: WORKING CAPITAL MANAGEMENT 817****Chapter 23: Working Capital Management: General Issues 819**

- 23.1 The Importance of Working Capital Management 820
- 23.2 An Integrated Approach to Net Working Capital (NWC) Management 822
  - A Classic Working Capital Problem 822
  - The Cash Budget 824
- 23.3 Analyzing Cash Inflows and Outflows 828
  - Cash Changes and Sales Growth 828
  - Credit, Inventory, and Payables 829
- 23.4 Working Capital Management in Practice 832
  - Working Capital Ratios 832
  - Operating and Cash Conversion Cycles 834
  - Industry "Norms" 835
  - An Illustrative Example 835
- Summary 838
