PART ONE

AN INTRODUCTION TO AIR TRANSPORTATION

1 The Airline Industry: Trends, Challenges and Strategies

Introduction

Stages of Development Impacting the Airline Industry

Past, Present and Future Trends

Regional Analysis

The Industry: Challenges and Strategies

The New Breed of Airlines

Failing and Achieving Success

2 Aviation: An Overview

Introduction

The Aerospace Industry

The Air Transportation Industry

3 Historical Perspective

Introduction

The Formative Period: 1918–1938

The Growth Years: 1938–1958

Maturity—Jets Arrive: 1958–1978

Economic Developments Prior to Deregulation

Federal Legislation and the Airlines

Postderegulation Evolution

General Aviation

4 Air Transportation: Regulators and Associations

Introduction
The Department of Transportation
The Federal Aviation Administration
The Transportation Security Administration
The National Transportation Safety Board
Major Aviation Associations

5 The General Aviation Industry

Introduction
General Aviation Statistics
The General Aviation Support Industry
The Available Market—The Users

**PART TWO
STRUCTURE AND ECONOMICS OF THE AIRLINES**

6 The Airline Industry

Introduction
Structure of the Airline Industry
Major and National Carriers
Regional Carriers
Airline Statistics
Airline Certification
Step-By-Step U.S. Certification Breakdown
Data Collection by the DOT
Industry Agreements
Traffic and Financial Highlights: 1960–2013

7 Economic Characteristics of the Airlines

Introduction
The Airlines as Oligopolists
Other Unique Economic Characteristics
The Significance of Airline Passenger Load Factors

**PART THREE
MANAGERIAL ASPECTS OF AIRLINES**

8 Airline Management and Organization

Introduction
Management

The New Corporate Structure

Functions of Management

Organization

The Organizational Chart

Staff Departments

Line Departments

9 Forecasting Methods

Introduction

The Purpose of Forecasting

Forecasting Methods

10 Airline Passenger Marketing

Introduction

Development of the Marketing Concept

The Marketing Mix

The Consumer-Oriented Marketing Concept

Marketing Strategies Since Deregulation

The Future of Airline Marketing

11 #Airlines in Social Media

Introduction

Development of Airline Social Media Campaigns

Best Practices in Airline Social Media Presence

12 Airline Pricing, Demand, and Output Determination

Introduction

The Trend in Domestic Passenger Airfares

Pricing and Demand

No-Frills Airfare and Survey Warfare

Types of Passenger Fares

The Pricing Process

Airline Costs

Pricing and Output Determination

13 Air Cargo

Introduction

Historical Overview

Air Cargo Today

The Future

The Market for Air Freight
Types of Air Freight Rates
Special Air Freight Services
Factors Affecting Air Freight Rates

14 Principles of Airline Scheduling

Introduction
The Mission of Scheduling
Equipment Maintenance
Flight Operations and Crew Scheduling
Ground Operations and Facility Limitations
Schedule Planning and Coordination
Equipment Assignment and Types of Schedules
Hub-and-Spoke Scheduling
Data Limitations in Airline Scheduling

15 Fleet Planning: The Aircraft Selection Process

Introduction
Factors in Fleet Planning
Design and Development—The Manufacturer's Viewpoint
The Fleet-Planning Process
Fleet Optimization Model
The Decision to Upgrade or Replace
Appendix: Fleet Planning at American Airlines

16 Airline Labor Relations

Introduction
The Railway Labor Act and the Airlines
Historical Overview of Airline Union Activity
Labor Relations Since Deregulation
Human Resources in the 21st Century

17 Airline Financing

Introduction
Sources of Funds
Sources and Uses of Funds by the U.S. Scheduled Airlines
How the World Airlines Finance Aircraft
Cash Management and Financial Planning

PART FOUR

THE INTERNATIONAL SCENE

18 International Aviation

Introduction

The Question of Sovereignty in Airspace

International Air Law

The Formation of IATA

The Bermuda Agreement of 1946

Three Decades Later: From Bermuda to Deregulation

The Pursuit of Open Skies

Globalization

Future Challenges

New Airline Business Models

Appendix: Career Planning in Aviation

Introduction

Choosing and Getting Your First Job in Aviation

Cover Letters and the Résumé

The Interview
