# CONTENTS

<b>1</b>	<b>The Sustainability–Financial Risk Nexus</b>	<b>1</b>
	Marco Migliorelli	
1.1	<i>Introduction</i>	2
1.2	<i>The Role of Finance in Fostering Sustainability</i>	3
1.2.1	<i>The Sustainable Development Goals (SDG) and the Paris Agreement</i>	3
1.2.2	<i>The Rise of Sustainable Finance</i>	7
1.3	<i>Sustainability and Finance: A Two-Way Relationship</i>	10
1.3.1	<i>Positioning the Sustainability-Financial Risk Nexus</i>	10
1.3.2	<i>Sustainability-Related Risks and Observed Channels of Transmission to the Financial Markets</i>	12
1.4	<i>A Wider Look at the Sustainability-Financial Risk Nexus</i>	15
1.5	<i>Pricing the Sustainability-Related Risks and New Market Failures</i>	26
	<i>References</i>	28
<b>2</b>	<b>The Impact of Climate Risks on the Insurance and Banking Industries</b>	<b>31</b>
	Giorgio Caselli and Catarina Figueira	
2.1	<i>Introduction</i>	32

2.2	<i>Impacts on the Insurance Industry</i>	33
2.2.1	<i>Types of Risks</i>	35
2.2.2	<i>Uninsurable Risks and Losses</i>	36
2.2.3	<i>Business Models and Pricing Adjustments</i>	37
2.2.4	<i>Third-Party Liability Risks</i>	41
2.2.5	<i>Reinsurance of Climate Risks</i>	42
2.3	<i>Impacts on the Banking Industry</i>	43
2.3.1	<i>Lack of Data on the Impact of Climate Risks</i>	43
2.3.2	<i>Possible Pricing Adjustment Strategies</i>	48
2.3.3	<i>Systemic Impact and Market Failures</i>	50
2.4	<i>The Problem of Measuring the Exposure to Climate-Related Risks</i>	53
2.5	<i>Conclusions</i>	57
	<i>References</i>	58
<b>3</b>	<b>Stranded Assets and the Transition to Low-Carbon Economy</b>	<b>63</b>
	Olaf Weber, Truzaar Dordi, and Adeboye Oyegunle	
3.1	<i>Introduction</i>	64
3.2	<i>The History of Stranded Assets</i>	65
3.2.1	<i>The Low-Carbon Transition and “Unburnable” Carbon</i>	66
3.3	<i>The State of Literature on Stranded Assets</i>	67
3.3.1	<i>Factors of Stranded Assets Risk</i>	68
3.4	<i>A Typology for Identifying and Measuring Stranded Assets Risk</i>	71
3.4.1	<i>Types of Stranded Assets</i>	72
3.4.2	<i>Regions and Industries</i>	73
3.4.3	<i>Stakeholders</i>	74
3.5	<i>Case Study: Stranded Assets by Region</i>	76
3.5.1	<i>Approach to Stranded Assets by Different Economies</i>	77
3.5.2	<i>Case Study Review and Assessment</i>	78
3.5.3	<i>INCDs and Sector Breakdown</i>	79
3.6	<i>A Research Agenda for Stranded Assets Risk</i>	85
	<i>References</i>	88

<b>4</b>	<b>Sustainability-Related Risks, Risk Management Frameworks and Non-financial Disclosure</b>	<b>93</b>
	Marco Migliorelli and Vladimiro Marini	
4.1	<i>Introduction</i>	94
4.2	<i>Risk Management and Sustainability-Related Risks</i>	95
4.2.1	<i>Including Sustainability-Related Risks in the Risk Management Framework</i>	95
4.2.2	<i>Identifying the Risk Context</i>	96
4.2.3	<i>Assessing the Risks (Definition of Risk Scenarios)</i>	98
4.2.4	<i>Setting the Risk-Taking Strategy</i>	103
4.2.5	<i>Implementing the Risk-Taking Strategy</i>	105
4.3	<i>Disclosure of Sustainable Activities and Related Risks</i>	107
4.3.1	<i>Materiality of Sustainability-Related Risks and Disclosure</i>	107
4.3.2	<i>Main Existing Standards and Frameworks</i>	109
4.3.3	<i>Market Discipline and Sustainability-Related Risks: A Meaningful Relationship?</i>	115
	<i>References</i>	117
<b>5</b>	<b>Sustainability-Related Risks and Financial Stability: A Systemic View and Preliminary Conclusions</b>	<b>119</b>
	Marco Migliorelli, Nicola Ciampoli, and Philippe Dessertine	
5.1	<i>Introduction</i>	120
5.2	<i>Brief Outline of the Policy Approach to Financial Stability</i>	121
5.3	<i>Financial Intermediaries and Key Areas of Attention in the Management of Sustainability-Related Risks</i>	124
5.4	<i>The Wider Policy Approach</i>	125
5.4.1	<i>Implementing the Paris Agreement and reaching the Sustainable Development Goals</i>	127
5.4.2	<i>Mainstreaming Sustainable and Green Finance</i>	128
5.4.3	<i>Assessing the Impact of Climate Policies in Order to Limit Side Effects</i>	128
5.4.4	<i>Fostering Economic Resilience to Sustainability-Related Risks</i>	129

5.4.5	<i>Ensuring Prudential Supervision of the Impact of All Sustainability-Related Risks on Financial Markets</i>	130
5.4.6	<i>Establishing Global Governance Structures for the Analysis of the Impact of Sustainability-Related Risks on Financial Markets</i>	131
5.5	<i>Sustainability-Related Risks and Prudential Supervision</i>	132
5.6	<i>A New Role for Central Banks?</i>	135
5.7	<i>Sustainability-Related Risks and Financial Stability: Summary and Preliminary Conclusions</i>	137
	<i>References</i>	138
