Acknowledgments [xix](#)

Preface [xxiii](#)

Introduction [xxv](#)

1. *The Financial Crisis: The Seeds of New Regulation* [1](#)
 - I. Origins of the Great Recession [5](#)
 - II. Subprime Lending [6](#)
 - III. Government-Sponsored Entities [6](#)
 - IV. Legislative Reforms [9](#)
 - A. Multiple Guarantor Model [10](#)
 - B. Multiple Insurer Model [11](#)

2. *The Liquidity Crisis and Government Reaction* [13](#)
 - I. Buildup to Crisis [13](#)
 - II. Providing Liquidity and Stabilizing the Financial Markets [18](#)
 - III. Regulatory Reaction at the Height of the Crisis [19](#)
 - A. The Emergency Economic Stabilization Act [19](#)
 - B. American Recovery and Reinvestment Act [21](#)
 - IV. Dodd-Frank [23](#)

3. *Dodd-Frank and the Regulation of Depository Institutions Capital Requirements* [25](#)
 - I. The Volcker Rule and “Too Big to Fail” [26](#)
 - II. Bank Holding Companies and Systemically Significant Nonbanks [29](#)
 - III. Living Wills, Credit Exposure Reports, and Concentration Limits [32](#)
 - IV. Other Prudential Standards [35](#)

4. <i>Using Financial Instruments</i>	37
I. Goal-Oriented Investing	37
A. Using Financial Instruments to Hedge Risk	39
B. Using Financial Instruments to Enhance Yield	39
C. The Economy's Impact on Financial Instruments	40
II. Achieving Investment Goals	41
A. The Investor's Perspective	41
B. Financial Instrument Objectives	43
III. Managing Risk	45
5. <i>Financial Instruments and the Capital Markets</i>	47
I. The Capital Markets	48
A. Primary versus Secondary Markets	49
B. Long-Term versus Short-Term Marketplaces	50
C. Case Study: The Auction Rate Securities (ARS) Market	50
II. Financial Instruments	51
A. Types of Financial Instruments	51
1. Equity-Based Financial Instruments	51
2. Debt-Based Financial Instruments	52
3. Derivatives	53
4. Cryptocurrency and Digital Assets	54
B. Distinction between Debt and Equity	54
C. Federal Regulation	57
III. The Role of the Attorney	61
A. Competent Representation	61
B. Duty to Advise Client	61
C. Drafting Financial Instruments	62
D. Regulatory Compliance	62
E. Opinion Letters	63
6. <i>Bureau of Consumer Financial Protection</i>	65
I. Structure	66
II. Roles and Function of the BCFP	68
A. The Bureau's Regulatory Authority	68
B. The Bureau's Supervisory Authority	69
C. The Bureau's Enforcement Authority	70
III. Significant Changes in Financial Consumer Protection by the BCFP	70
A. The Judicial Review of BCFP's Power	71
IV. BCFP under President Trump's Administration	73

V. The Judicial BCFP Structures under President Trump's Administration	77
A. Constitutionality of the Bureau	77
B. Single Directorship	77
VI. Ongoing Enforcement Action Status	78
A. Wells Fargo Case	78
7. <i>Understanding Interest Rates and the Economy</i>	81
I. Background	82
A. The Federal Reserve	82
B. The Federal Reserve Banking System	83
1. Composition	84
2. Purpose	84
3. Responsibilities	85
II. Economic Indicators and Interest Rates	86
A. Key Economic Statistics	86
1. Statistics	88
B. Monetary Policy Objectives	92
C. Inflation Targeting	95
III. Monetary Policy: The Financial Crisis and Beyond	96
IV. Quantitative Easing	97
A. Balance Sheet Normalization	104
B. Fiscal Considerations	106
V. FOMC Minutes	107
8. <i>Asset Valuation</i>	111
I. The Use of Interest Rates in Asset Valuation	111
II. Interest Rate Yield Curve	112
A. Types of Yield Curves	113
B. Why the Yield Curve May Be Flat or Inverted	117
1. Increase in Market Demand for Long-Term Securities	117
2. Long-Term Yield Affected by Federal Reserve Monetary Policy	118
9. <i>United States Treasury Securities</i>	121
I. Purpose and Goals	122
A. Risk-Free Nature	123
B. Primary Dealers	124
II. Description of U.S. Treasury Securities	125
A. Types of Treasury Securities	125
1. Treasury Bills	125

2. Treasury Notes and Bonds	126
B. Pricing	126
1. Discounts and Premiums	126
2. Factors Affecting Yield	127
III. Bond Auctions and Price	128
A. Interruption of Supply: <i>SEC v. Davis et al.</i>	129
B. Manipulation of the Auction Process: <i>United States v. Salomon Brothers</i>	130
IV. Interest Rates	132
A. Fixed-versus Floating-Rate Securities	132
B. Treasury Inflation-Protected Securities (TIPS)	132
V. STRIPS	134
A. Description	134
B. Valuation	134
C. Uses	135
D. Abuses: <i>In the Matter of Orlando Joseph Jett</i>	136
10. Debt Securities	139
I. Description	140
A. Features of Bonds	140
B. Types of Bonds	141
C. The Indenture	142
II. Bond-Rating Agencies	142
A. Independence and Conflicts of Interest	144
B. Regulation of Bond-Rating Agencies	146
III. Special Types of “Debt” Instruments	146
A. Repos	146
1. Description	146
2. Orange County Case Study	147
B. Mortgage-Backed Securities	149
1. Mortgage-Backed Bonds	150
2. Pass-Through Securities	150
3. Collateralized Mortgage Obligations and Real Estate Mortgage Investment Conduits	151
4. Stripped Mortgage-Backed Securities (SMBS)	151
5. Subprime Mortgage Crisis	151
IV. Securities Act Registration	152
A. Government Securities	153
B. Government Agency Securities	153

C. Municipal Securities	154
1. SEC Disclosure Requirements	154
2. MSRB Disclosure Requirements	154
D. Corporate Debt Securities	155
1. Securities Act Requirements	155
2. Trust Indenture Act Requirements	155
E. Private Placements of Debt Securities	156
11. <i>Derivatives</i>	157
I. Introduction	158
A. Description	158
B. Counterparty Credit Risk	158
C. Over-the-Counter versus Exchange-Traded Derivatives	161
D. Exchange-Traded versus OTC Derivatives	162
II. Shifting Risk	163
A. The Concept of Leverage	163
B. Basis Risk	164
C. Market Risk	164
D. Effective Tools of Risk Management	165
III. Types of Derivatives	165
A. Forwards	165
B. Futures	166
1. Reduction of Counterparty Risk	167
2. Suitability as Hedging Instruments	167
C. Distinction between Forwards and Futures	168
D. Foreign Exchange Forwards and Futures	169
E. Options	170
F. Swaps	172
1. Characteristics of Swaps	172
2. The ISDA Master Agreement	173
G. Credit Derivatives	174
Appendix CME Filing: Self-Certification for the initial listing of the Bitcoin Futures Contract	176
12. <i>Types of Swaps</i>	199
I. “Plain Vanilla” Interest Rate Swaps	200
II. Currency Swaps	202
III. Credit-Default Swaps	203
A. Purpose and Function	204

- B. ISDA Master Agreement 206
- C. Importance of Clearly Defined Terms 206
 - 1. Credit Event 207
 - 2. Reference Entity 209
- D. Collateralized Debt Obligations 214
- E. OTC Derivatives and the Financial Crisis 215
- IV. The Move toward Regulatory Reform 220
 - A. The Central Clearing Model 221
 - B. The OTC Model 222
 - C. Confidence in the New Regulatory Regime: The Case of MF Global 223

13. *Options* 231

- I. Characteristics of Options 232
- II. How Options Work 233
 - A. Calls and Puts 234
 - 1. Call Option 234
 - 2. Put Option 235
 - B. Case Study: *Levy v. Bessemer Trust* 235
 - 1. Facts 235
 - 2. Theories of Liability in *Levy* 236
- III. The Black-Scholes Model and Option Pricing 238
 - A. Assumptions 238
 - B. Required Data 238
 - C. Volatility 239
 - 1. Types of Volatility 239
 - 2. Measures of Volatility 240
 - D. Authority of the Black-Scholes Model 241
- IV. Delta Hedging 242
 - A. Contracts That Are Economically Options 244
 - B. OTC versus Exchange-Traded Options 245
 - C. Regulation of Options 246
- V. Option Strategies 247
 - A. Synthetic Call 248
 - B. Covered Call 248
 - C. Collar 248

14. *Regulation of Swaps* 249

- I. The Dodd-Frank Regulatory Regime 250
 - A. Dodd-Frank and Derivatives Trading 250
 - B. Jurisdiction and Registration 252

C. Clearing Requirements, Exchange Requirements, and the End-User Exemption	254
D. Capital and Margin Requirements	259
E. Reporting Requirements	260
1. Commodity Position Limits	261
F. Futures Commission Merchants, Dodd-Frank, and Regulation 1.25	262
1. Title VII Enforcement	263
2. Updated Enforcement Advisory on Self-Reporting and Full Cooperation	263
3. Enforcement Actions for Data Reporting Violations	265
4. Action for Failure to Submit Accurate Large-Trader Commodity Swap Reports	266
5. Increase of CFTC's Enforcement Actions following the Change of CFTC Chairman	267
6. Reduction of Counterparty and Systemic Risk	267
a. Counterparty Risk	268
b. Systemic Risk	270
G. Rationale behind Exemptions and Exclusions	271
1. The End-User Exemption	271
2. Physical Settlement Exclusion	273
3. Customization Exceptions	273
H. The Lincoln Rule	274
1. Futures Commission Merchants	275
I. Criticisms of Dodd-Frank's Derivatives Trading Provisions	276
1. Concentration of Systemic Risk in Clearinghouse and "Too Big to Fail"	276
2. Exceptions Swallowing the Rule: Incentivizing of Customization and De Minimis Exceptions	277
3. Lack of Global Harmonization	278
4. The Impact of the Change of U.S. Administration	279
5. The Change of CFTC Chairman	279
a. CFTC's New Priorities	280
b. Improving SEF rules	280
c. Fixing Data Reporting	280
d. Achieving Cross-Border Harmonization	281
e. Project KISS	281
6. Recent Actions of the CFTC and Announcements of Further Actions to Come	282
a. Amendment of Swap Trading Rules	282
b. Review of Swap Dealers De Minimis Threshold	283

c. Review of Position Limits	283
d. Improvement of Clearinghouse Stress Testing	283
7. Propositions of Reforms from the U.S. Treasury Report on Capital Markets	284
15. <i>Securities Regulation</i>	287
I. Regulatory Overview	288
A. The Securities and Exchange Commission	288
1. Jurisdiction	288
B. What Constitutes a Security	290
1. Stocks	290
2. Notes	292
3. Investment Contracts—The <i>Howey</i> Test	298
a. Control and Splitting the Transaction	304
b. Prepurchase Efforts	307
c. State Regulation and the Hawaii Market Test	308
C. Sellers' Representations	310
D. Consequences of Securities Violations	311
1. Preliminary Injunction	312
2. Disgorgement	313
3. Permanent Injunction	313
4. Antifraud Statutes	314
5. Attorney's Potential Liability	314
E. Hedge Funds	315
1. Post-crisis Hedge Fund Regulation	319
2. Other Regulations	320
II. Derivatives Regulation: The SEC after Dodd-Frank	321
Appendix A: Implementing the Dodd-Frank Wall Street Reform and Consumer Protection Act	323
Appendix B: Checklist for Stocks, Notes, and Investment Contracts	323
16. <i>Suitability</i>	325
I. The Suitability Doctrine	326
A. Suitability Duty	326
B. Scope and Applicability	327
C. Control and Enforceability	327
D. Investment Advisors	328
1. Rule: A Fiduciary Standard	328
E. Scope and Applicability	329

F. Control and Enforceability	330
G. Basis of the Suitability Doctrine	331
H. Special Circumstances	333
I. FINRA and Self-Regulated Organizations (SROs)	334
1. Financial Industry Regulatory Authority Creation of the Agency	334
J. Rule: A Suitability and Know-Your-Customer Duty	335
K. Scope and Applicability	336
L. Control and Enforceability	337
M. NYSE Know-Your-Customer Rule	337
1. Consumer Financial Protection Bureau	339
2. Scope and Applicability	340
3. Control and Enforceability	341
4. Department of Labor	342
a. Employee Retirement Income Security Act	342
5. Scope and Applicability	343
a. The Antifraud Provisions of the Federal Securities Laws—Section 10b Cause of Action	343
II. Futures and Options: Suitability	345
A. Commodity Futures Trading Commission Disclosure Rules	345
1. Commodity Futures Trading Commission	345
a. Commodity Exchange Act	345
b. Rule: A Suitability and Fair-Dealing Duty	346
c. Scope and Applicability	348
d. Control and Enforceability	348
B. National Futures Association	349
1. Rule: Suitability and Know-Your-Customer Duty	349
a. Scope and Applicability	350
b. Control and Enforceability	350
C. CEA Antifraud Provision	351
D. Municipal Securities Rule-Making Board	351
Appendix A: Various Suitability Rules and Diagrams of Applicability	352
Appendix B: Survey of Rules Adopted by the SEC under Dodd-Frank	360
17. <i>The History of the CFTC</i>	367
I. Role of the CFTC	369
II. Structure	369
III. Disciplinary Action	370
IV. Regulatory Background	371
A. Commodity Exchange Act (CEA) of 1936	371

B. Commodity Futures Modernization Act (CFMA) of 2000	372
C. Jurisdictional Disputes	373
D. The Commodity Futures Modernization Act	373
E. Exclusions	374
F. Forwards	375
G. Options	376
H. Futures	376
I. Regulatory Distinctions between Forwards and Futures	378
J. Swaps	381
K. Hybrid Instruments	383
L. Foreign Exchange Products	384
1. The Treasury Amendment	384
2. CFTC Reauthorization	385
Appendix A: Enforcement Case Study: <i>CFTC v. Amaranth Advisors, LLC</i>	388
Appendix B: Case Study: <i>CFTC v. Zelener</i>	391
Appendix C: Structure of CFTC	393
Appendix D: Case Study: <i>CFTC v. Patrick McDonnell</i>	394
18. <i>Fiduciary Obligation to Manage Risk</i>	397
I. Controlling Risk	398
A. Duty to Manage Risk	398
1. Risk Management for Financial and Non-financial Institutions	400
B. Financial Risk	401
C. Quantifying Financial Risk	402
1. Value at Risk	402
2. Volatility Risk	403
3. Stress Testing	403
D. Portfolio Dynamics	405
II. Operational Risk Management	405
A. Directors' and Officers' Understanding of Financial Instruments	406
B. Risk Policy	407
C. Reporting Lines and Audit Techniques	408
D. Empowering Board Members	409
E. Reporting Structures	410
F. Information Flow	411
1. Daily Exception Report	411
2. Red Flags	412
G. Ethical Concerns	412

1. Compensation	412
2. Code of Conduct	413
3. Free Flow of Information	414
H. Flexibility	414
III. Executive Protection	414
A. Responsibility for Risk Management	415
B. Business Judgment Rule	415
C. Education at Financial Institutions	416
D. Disclosure under Sarbanes-Oxley Act	416
1. Disclosures in Management’s Discussion and Analysis (MD&A)	416
2. Off-Balance-Sheet Transactions	417
Appendix A: Case Study: JPMorgan and the London Whale	419
19. <i>Litigation Issues</i>	423
I. Federal Securities Laws	424
A. The Retail Investor: Broker-Dealers and Investment Advisers	424
B. Securities Exchange Act of 1934 Rule 10b-5 Claim	426
C. Securities Act of 1933	428
D. Liability under the Commodity Exchange Act	430
1. Antifraud Provision	430
2. Disclosure	431
II. Common Law Theories	432
A. Breach of Fiduciary Duty	435
B. Common Law Fraud	438
C. Shingle Theory	438
D. Tort Theory	439
E. Contract Theory	439
III. State Blue Sky Laws	439
IV. Swaps Case Study	440
20. <i>Synthesis and Conclusion</i>	443
I. Synthesis	443
II. Structured Note Case Study: <i>Securities and Exchange Commission v. Goldman, Sachs & Co. & Fabrice Tourre</i>	445
III. Historical Example: Erlanger “Cotton” Bonds	447
IV. Range Notes	450
V. Internal Leverage and Market Risk	452
VI. Risks Involved	455

- A. Interest Rate Risk 455
- B. Liquidity Risk 455
- C. Reinvestment Risk 456
- D. OCC Warning 456
