Introduction	83
Literature Review	85
Overreaction and Momentum Effect	85
Rational Sources of Contrarian and Momentum Profits	87
Behavioural Finance: A New Approach	87
Data and Methodology	89
Empirical Results	92
Existence of Momentum and Overreaction Effect in Indian Stock Market	92
Robustness Test	96

Evaluation of Behaviour Explanation for Momentum and Overreaction Effect	101
Conclusion	104
References	105

Part II Global Markets and Investment Decisions

6 Calendar Anomalies in Stock Markets	111
Introduction	111
Data and Methodology	113
Empirical Findings	115
Day-of-the-Week Effect	115
Conclusion	119
References	120
7 Stock Market Return Volatility	123
Introduction	123
Review of Literature	124
Research Methodology	125
Empirical Findings	126
Preliminary Results	126
Test for Cross-Relation in Stock Returns	127
Forecasting of Volatility Fitting of GARCH(1,1) Model	128
Diagnostic Testing	130
Measurement of Asymmetric Volatility	130
Relationship Between Stock Returns and Conditional Volatility, and Standardized Residuals	131
Summary and Implication of the Study	131
References	132
8 Stock Markets' Instability, Integration and Volatility	135
Introduction	135
South Asia: Current State of Art	138
An Overview of South Asian Stock Markets	139
Data Source, Methods and Properties of Data	140
Data Source	140
Return Estimation	143
Properties of Data	144
Model Formulation and Empirical Findings	145
Determining the Financial Instability	145
Model Formulation and Specifications	146
Empirical Results	146
Conclusion and Implication of the Study	150
References	151

9	Indian and American Stock Markets' Volatility	155
	Introduction	155
	Review of Literature	157
	Data and Research Methodology	158
	Measurement of Conditional Volatility	159
	Empirical Findings	160
	Preliminary Results	160
	Unit Root Test	161
	Forecasting of Conditional Volatility in US and Indian Stock Market	161
	Testing the Relationship Between Conditional Volatilities of two Markets	164
