

Urban Economy

Real Estate Economics and Public Policy

Colin Jones

Contents

<i>Preface</i>	xi
1 Introduction	1
PART I	
Spatial pattern of economic activity	7
2 Location of economic activity	9
<i>Objectives</i>	9
<i>Definitions of a city</i>	9
<i>Location of cities</i>	11
<i>Industrial location theory</i>	13
<i>Summary</i>	16
<i>Learning outcomes</i>	17
3 Spatial agglomeration	18
<i>Objectives</i>	18
<i>Role of agglomeration economies</i>	18
<i>Types of agglomeration economies for firms</i>	19
<i>Urban agglomeration benefits for households</i>	22
<i>Why cities grow?</i>	23
<i>The scale of urban development</i>	24
<i>Summary</i>	25
<i>Learning outcomes</i>	27
4 Spatial structure of towns and cities	28
<i>Objectives</i>	28
<i>Agricultural land rent determination</i>	28
<i>Intra-urban patterns of land use and rents</i>	30
<i>Hierarchical nature of services and retail centres and subcentres</i>	36
<i>Summary</i>	39
<i>Learning outcomes</i>	41

5 Spatial structure of the housing market	42
<i>Objectives</i>	42
<i>Access-space model of the urban housing market</i>	42
<i>Spatial patterns of house prices and incomes within cities</i>	43
<i>Neighbourhood submarkets</i>	45
<i>Urban functional areas</i>	45
<i>Summary</i>	46
<i>Learning outcomes</i>	47
6 Planning and the land market	49
<i>Objectives</i>	49
<i>Functions of planning</i>	49
<i>Real estate market implications</i>	53
<i>Distributional implications</i>	55
<i>Land value capture</i>	55
<i>Summary</i>	59
<i>Learning outcomes</i>	60
7 Urban housing markets	62
<i>Objectives</i>	62
<i>Housing tenure</i>	62
<i>Choice and constraint: household movement in the housing market</i>	64
<i>Affordability and affordable housing</i>	66
<i>Financial constraints</i>	69
<i>Migration and spatial house price trends</i>	71
<i>Summary</i>	72
<i>Learning outcomes</i>	75
8 Urban commercial real estate markets	77
<i>Objectives</i>	77
<i>Tenure</i>	77
<i>Occupation demand</i>	78
<i>Investment</i>	79
<i>Supply constraints</i>	80
<i>Development activity</i>	81
<i>Real estate cycles</i>	83
<i>Summary</i>	85
<i>Learning outcomes</i>	86
PART II	
Spatial change and public policy	89
9 Growth, decline and revival of cities	91
<i>Objectives</i>	91
<i>Industrialisation</i>	91
<i>Deindustrialisation</i>	92

<i>Manufacturing decentralisation</i>	93
<i>Decongestion</i>	94
<i>Suburbanisation</i>	95
<i>Growth of services</i>	96
<i>Inner-city donut</i>	97
<i>Re-urbanisation and revival</i>	98
<i>Summary</i>	99
<i>Learning outcomes</i>	101
10 Explaining intra-urban economic change	103
<i>Objectives</i>	103
<i>Intra-linterurban transport costs</i>	103
<i>Changing real incomes</i>	105
<i>Changing commercial rent gradients</i>	106
<i>Changing house price gradient</i>	109
<i>Re-urbanisation and the changing donut</i>	110
<i>Summary</i>	111
<i>Learning outcomes</i>	113
11 The changing urban system	116
<i>Objectives</i>	116
<i>Stages model of urban change</i>	116
<i>Stage 1 Pre-urban or pre-modern stage</i>	117
<i>Stage 2 Urban specialisation stage</i>	117
<i>Stage 3 Urban transformation stage</i>	118
<i>Stage 4 Urban dispersal stage</i>	118
<i>Facets of urban dispersal</i>	119
<i>Individual influences on localities</i>	122
<i>Regional growth poles</i>	123
<i>Summary</i>	125
<i>Learning outcomes</i>	127
12 Real estate impacts of urban and technological change	129
<i>Objectives</i>	129
<i>Diversification of office centres</i>	129
<i>New forms of retailing</i>	133
<i>Changing retail hierarchy and the decline of high/main streets</i>	133
<i>Evolution of warehousing</i>	136
<i>Cities in the information age</i>	139
<i>Summary</i>	140
<i>Learning outcomes</i>	142
13 Real estate investment, planning and urban economic change	145
<i>Objectives</i>	145
<i>Land market and urban development</i>	145
<i>Planning policy responses to urban change</i>	147

Investment, urban change and new real estate forms 148
The emergence of new investment classes 150
The longer-term implications for real estate investment in retailing 152
Financial institutions and other real estate innovations 152
Wider implications for the real estate market 156
Summary 156
Learning outcomes 160

14 Urban public finance 162

Objectives 162
Urban public services 162
Structure of local government 164
Financing of public services 165
Influence of local taxes on property market 166
Urban fiscal problem 167
Central government equalisation 168
Impact of urban change 169
Multiplier effects 171
Summary 171
Learning outcomes 173

15 Transport policies 175

Objectives 175
Scale of the problem 175
Congestion road pricing 176
Investment in roads 180
Traffic management 181
Enhancement of public transport 183
Low emission zones and car bans 183
Investment in cycling 185
Implications for land use patterns and real estate market impacts 185
A future postscript 187
Summary 188
Learning outcomes 190

16 Urban sustainability 192

Objectives 192
Nature of urban sustainability 192
Global policy context 194
The compact city, smart growth and new urbanism 195
Decentralised eco-settlements 197
Polycentric sustainable model 198
Walkable neighbourhoods 199
Reformulation of urban sustainability problem 199

<i>Economic viability of adapting cities</i>	201
<i>Summary</i>	202
<i>Learning outcomes</i>	204
17 Neighbourhood and housing market dynamics	206
<i>Neighbourhood decay and revitalisation</i>	206
<i>Neighbourhood succession</i>	209
<i>Policy questions</i>	212
<i>Summary</i>	213
<i>Learning outcomes</i>	215
PART III	
Regeneration and urban growth policies	217
18 Urban regeneration policies	219
<i>Objectives</i>	219
<i>Historical context</i>	219
<i>Traditional approaches to urban renewal</i>	220
<i>Urban social policies of 1960s and 1970s</i>	222
<i>Economic regeneration of 1970s and 1980s</i>	223
<i>Broadening out of the urban policy</i>	227
<i>Urban policy under a Labour Government 1997–2010</i>	228
<i>Urban regeneration in the UK post 2010</i>	230
<i>Summary</i>	232
<i>Learning outcomes</i>	235
19 Urban competitiveness and the real estate market	237
<i>Objectives</i>	237
<i>Building of landmark buildings</i>	237
<i>Agglomeration economies, cities and competitiveness</i>	238
<i>Competitiveness and real estate constraints</i>	242
<i>Offices dispersal policies</i>	245
<i>Logic of real estate-led local economic development strategies</i>	246
<i>Summary</i>	247
<i>Learning outcomes</i>	249
20 Physical and housing-led urban regeneration	251
<i>Objectives</i>	251
<i>New social infrastructure and physical renewal</i>	251
<i>Tourist-led regeneration</i>	252
<i>Retail-led regeneration</i>	253
<i>Housing-led regeneration</i>	255
<i>Experience of Barcelona</i>	257

x	<i>Contents</i>	
	<i>Glasgow experience</i>	259
	<i>The GEAR project and the regeneration of the east of Glasgow</i>	260
	<i>Summary</i>	264
	<i>Learning outcomes</i>	266
21	Enterprise zones: real estate-led regeneration	269
	<i>Objectives</i>	269
	<i>International context</i>	269
	<i>Details of UK EZs</i>	271
	<i>Evaluation</i>	273
	<i>Limiting factors</i>	275
	<i>Legacy</i>	276
	<i>Revival of UK EZs</i>	277
	<i>Summary</i>	278
	<i>Learning outcomes</i>	280
22	Urban Development Corporations: a costless solution?	281
	<i>Objectives</i>	281
	<i>International context</i>	281
	<i>Details of UK UDCs</i>	282
	<i>Review of first-generation UDCs</i>	284
	<i>Review of second-generation UDCs</i>	287
	<i>Review of third-generation UDCs</i>	289
	<i>Dependency on macroeconomy</i>	290
	<i>Regeneration of places or people</i>	291
	<i>Summary</i>	293
	<i>Learning outcomes</i>	295
23	Development of sustainable markets	297
	<i>Objectives</i>	297
	<i>Logic of grants to developers</i>	297
	<i>A long-term perspective</i>	299
	<i>Regeneration case studies</i>	301
	<i>Real estate initiatives in a wider context</i>	305
	<i>Summary</i>	306
	<i>Learning outcomes</i>	308
	<i>Index</i>	311
