Preface	<i>xxi</i>

1 Understanding Service Operations Strategy	
by Alec N. Dalton and Michelle (Myongjee) Yoo	<i>1</i>
1. What Is “Service”?	<i>3</i>
1.1. <i>Definition of Service</i>	<i>3</i>
1.2. <i>Dimensions of Services</i>	<i>3</i>
1.3. <i>The Service Package</i>	<i>7</i>
2. Hospitality Decisions and Processes	<i>8</i>
2.1. <i>Service Concepting</i>	<i>8</i>
2.2. <i>Service-profit Chain</i>	<i>9</i>
3. The Strategic Service Vision	<i>11</i>
3.1. <i>Elements of the Strategic Service Vision</i>	<i>11</i>
4. Operations Strategy for Hospitality Services	<i>13</i>
4.1. <i>Competitive Dimensions of Operations Strategies</i>	<i>15</i>
2 Designing Service Experiences	
by Peter Szende and Alec N. Dalton	<i>23</i>
1. Components of Guest Experiences	<i>24</i>
1.1. <i>Product</i>	<i>25</i>
1.2. <i>Process</i>	<i>27</i>
1.3. <i>People</i>	<i>29</i>
1.4. <i>Physical Evidence</i>	<i>30</i>
1.5. <i>Place</i>	<i>31</i>
1.6. <i>Promotion</i>	<i>32</i>
1.7. <i>Price</i>	<i>32</i>

2. Designing Guest Experiences	33
2.1. <i>Analyzing the Experiential World of the Customer</i>	34
2.2. <i>Building the Experiential Platform</i>	34
2.3. <i>Designing the Brand Experience</i>	34
2.4. <i>Structuring the Customer Interface</i>	35
2.5. <i>Engaging in Continuous Innovation</i>	35
3. Modeling and Visualizing Guest Experiences	35
3 Designing Service Environments	
by Vanja Bogicevic and Hyeyoon Choi	45
1. Location Decisions	47
1.1. <i>Selecting a Location</i>	47
1.2. <i>Site Selection Criteria</i>	48
2. Data Requirements for Layout Decisions	50
2.1. <i>Capacity Planning</i>	51
3. Facility Layout	53
3.1. <i>Space Allocation Strategies</i>	53
3.2. <i>Process Flow Analysis</i>	55
4. Additional Workflow Considerations	58
4.1. <i>Customer and Delivery Routes</i>	58
4.2. <i>Americans with Disabilities Act and Ergonomics</i>	59
4.3. <i>Planning for Expansion</i>	60
5. Ambience Design	61
5.1. <i>Colors and Finishes</i>	61
5.2. <i>Lighting</i>	61
5.3. <i>Furniture, Fixtures, and Equipment</i>	62
4 Forecasting Demand	
by Michelle (Myongjee) Yoo and Sybil Yang	71
1. Hospitality Demand and Supply	73
1.1. <i>Characteristics of Hospitality Demand and Supply</i>	73
1.2. <i>Managing Demand</i>	74
1.3. <i>Managing Supply</i>	74
2. Forecasting	75
2.1. <i>What Is Forecasting?</i>	75
2.2. <i>Forecasting Factors</i>	76
2.3. <i>Forecasting Methods</i>	76
2.4. <i>Sample Business Analytics Tools for Forecasting</i>	83
3. Yield Management	85
3.1. <i>What is Yield Management</i>	85
3.2. <i>Basic Yield Management Math</i>	86
3.3. <i>Yield Management Benefits</i>	87
3.4. <i>Yield Management Applications</i>	87

5. Inventory Control	
by Miguel Bendrao Baltazar and Yuan Li	95
1. Inventory Control and Space Optimization	96
2. Inventory Management and Planning	98
2.1. <i>Allocating Capacity Among Different Customer Groups</i>	99
2.2. <i>Main Products and Ancillary (or Complementary) Products and Services</i>	99
2.3. <i>Overbooking</i>	100
3. Management and Principles of Space Inventory	102
3.1. <i>Inventory-based Restrictions</i>	102
3.2. <i>Strategic Pricing</i>	103
3.3. <i>Strategic Capacity Inventory with Displacement Analysis</i>	104
3.4. <i>Principles of Distribution Channels Management</i>	106
6 Managing Supply Chains	
by John Bancroft and Di Li	117
1. Hospitality Supply Chain Management	118
1.1. <i>Overview of Hospitality Supply Chain Management</i>	118
1.2. <i>Supply Chain Risk and Disruption</i>	119
2. Sourcing	120
2.1. <i>What Is Procurement and Sourcing</i>	120
2.2. <i>Selecting Suppliers</i>	122
2.3. <i>Managing Suppliers</i>	124
3. Managing Inventory	125
3.1. <i>The Role and Scope of Inventory Management</i>	125
3.2. <i>Optimizing Inventory Management</i>	127
3.3. <i>Alternative Methods for Managing Inventory</i>	133
7 Organizing Staff	
by Suzanne Markham Bagnera and Peter Szende	143
1. Labor Productivity	144
1.1. <i>Understanding Productivity</i>	144
1.2. <i>Payroll Expenses</i>	145
1.3. <i>Labor Hours</i>	146
2. Standards	146
2.1. <i>Service Standards</i>	146
2.2. <i>Productivity and Economic Standards</i>	147
2.3. <i>Labor Standards and Staffing Models</i>	148
2.4. <i>Attrition</i>	149
3. Labor Strategies	151
3.1. <i>Lodging Labor Strategies</i>	151
3.2. <i>Food and Beverage Labor Strategies</i>	152

4. Effective Planning of Labor Scheduling	153
4.1. <i>The Fair Labor Standards Act (FLSA)</i>	153
4.2. <i>Scheduling</i>	153
4.3. <i>Flexible Schedule Techniques</i>	154
4.4. <i>Lateral Service</i>	155
4.5. <i>Managing Scheduling Challenges and Real-time Decision Making</i>	156
4.6. <i>Labor investment</i>	156
8 Managing Capacity and Waits	
by Alec N. Dalton and Andrew M. Daw	167
1. Capacity and Constraints	168
2. Queueing	170
2.1. <i>Fundamentals of Queueing Theory</i>	170
2.2. <i>Common Mathematical Models for Queueing</i>	173
3. Psychology of Waiting	177
4. Managing Queues	178
4.1. <i>Moderating Capacity</i>	178
4.2. <i>Moderating Demand</i>	181
9 Measuring Quality	
by Michelle (Myongjee) Yoo and Alec N. Dalton	189
1. Understanding Service Quality	191
1.1. <i>Dimensions of Service Quality</i>	191
1.2. <i>Service Quality Gap Model</i>	191
2. Quality Assurance for Measurement	193
2.1. <i>Surveying</i>	194
2.2. <i>SERVQUAL</i>	194
2.3. <i>Customer Engagement</i>	196
2.4. <i>Net Promoter Score</i>	197
2.5. <i>Auditing, Inspecting, and Mystery Shopping</i>	197
2.6. <i>Alternative Tools and Methods</i>	198
3. Quality Assurance for Management	199
3.1. <i>Internal Accountability</i>	199
3.2. <i>External Accountability</i>	199
3.3. <i>Performance Improvement</i>	200
3.4. <i>Ideation and Innovation</i>	200
4. Service Failures and Recovery	200
4.1. <i>Causes of Guest Problems</i>	200
4.2. <i>Consequences of Guest Problems</i>	201
4.3. <i>Resolution of Guest Problems</i>	202

10 Improving Effectiveness and Efficiency	
by Susan L. Hyde and Paul J. Bagdan	211
1. Total Quality Management	212
2. Lean Six Sigma	213
2.1. <i>Lean</i>	213
2.2. <i>Six Sigma</i>	218
2.3. <i>Blending of Lean and Six Sigma</i>	220
2.4. <i>Statistical Process Control</i>	220
2.5. <i>Implementing Lean Six Sigma</i>	221
2.6. <i>Developing a Lean Six Sigma Toolbox</i>	222
2.7. <i>Applying Lean Six Sigma</i>	222
3. Business Analytics	230
4. Change Theory and Management	231
4.1. <i>Change Is Natural</i>	231
4.2. <i>Motivators and Hindrances of Change</i>	232
4.3. <i>Other Pitfalls to Change</i>	232
4.4. <i>Guidelines to Implement Change Management</i>	233
5. Project Management	233
5.1. <i>Five Processes of Project Management</i>	233
5.2. <i>Unique Aspects of Projects</i>	234
5.3. <i>Project Formation</i>	234
Index	243
