1 Lobbying towards a global standard setter – do national characteristics matter? An analysis of the comment letters written to the IASB	1
<i>Ann Jorissen, Nadine Lybaert, and Katrien Van de Poel</i>	
1.1 Introduction	3
1.2 Literature review and hypotheses development	5
1.2.1 Literature review	5
1.3 The development of hypotheses	10
1.4 The IASB and the standard-setting process	14
1.4.1 The transformation into a global standard setter	15
1.4.2 The mission of the IASB and its due process	15
1.4.3 The standard-setting process or due process	16
1.5 Research method	18
1.5.1 Data collection	18
1.5.2 Measurement of variables	20
1.6 Research results	23
1.6.1 The preparers lobby more often than the users	23
1.6.2 Large companies participate more often in the lobbying process	25
1.6.3 Companies that suffer from a larger negative economic impact of the standards will lobby more often	26
1.6.4 The position of the auditor in the lobbying process	28
1.6.5 The influence of country-level variables on the lobbying behavior	30
1.7 Conclusion	32
