

SECOND EDITION

# Money, Banking, and Financial Markets

**Laurence M. Ball**

Johns Hopkins University

WORTH PUBLISHERS

**Laurence Ball** is Professor of Economics at Johns Hopkins University. He holds a Ph.D. in economics from the Massachusetts Institute of Technology and a B.A. in economics from Amherst College. Professor Ball is a Research Associate of the National Bureau of Economic Research and has been a visiting scholar at the Federal Reserve, the Bank of Japan, the Central Bank of Norway, the Reserve Bank of Australia, and the Hong Kong Monetary Authority. His academic honors include the Houbton-Norman Fellowship (Bank of England), a Professorial Fellowship in Monetary Economics (Victoria University of Wellington and Reserve Bank of New Zealand), the NBER Olin Fellowship, and the Alfred P. Sloan Research Fellowship. He is the coauthor with N. Gregory Mankiw of *Macroeconomics and the Financial System* (Worth Publishers). Professor Ball lives in Baltimore with his wife, Patricia, and their son, Leverett.

 indicates coverage of financial crises.

## PART I FOUNDATIONS

### Chapter 1 The Financial System 1

#### 1.1 Financial Markets 2

Bonds 2

Stocks 3

#### 1.2 Economic Functions of Financial Markets 4

Matching Savers and Investors 4

Risk Sharing 5

#### **CASE STUDY:** The Perils of Employee Stock Ownership 6

#### 1.3 Asymmetric Information 7

Adverse Selection 8

Moral Hazard 9

#### 1.4 Banks 10

What Is a Bank? 10

Banks Versus Financial Markets 11

Why Banks Exist 12

#### 1.5 The Financial System and Economic Growth 13

Saving and Economic Growth 13

The Allocation of Saving 14

Evidence on the Financial System and Growth 14

#### **CASE STUDY:** Unit Banking and Economic Growth 16

#### **CASE STUDY:** Microfinance 17

Markets Versus Central Planning 19

**Online Case Study**

An Update on Microfinance

#### **CASE STUDY:** Investment in the Soviet Union 19

#### 1.6 Financial Crises 21

Summary 21

Key Terms 22

Questions and Problems 23

Appendix: Measuring Output and the Price Level 24

## Chapter 2 Money and Central Banks 25

### 2.1 What Is Money? 26

The Medium of Exchange 26

Money Versus Barter 27

#### **CASE STUDY:** Nineteenth-Century Visitors to Barter Economies 28

The Unit of Account 28

A Store of Value 29

### 2.2 Types of Money 29

Commodity Money 30

Fiat Money 31

From Commodity Money to Fiat Money 32

#### **CASE STUDY:** The History of the U.S. Dollar 32

Alternatives to a National Currency 34

#### **CASE STUDY:** Clean and Dirty Money 36

### 2.3 Money Today 37

Measuring the Money Supply: M1 37

How We Spend Money 37

What About Credit Cards? 39

The Payments System 39

New Kinds of Money 41

### 2.4 Liquidity and Broad Money 42

The Need for Liquidity 42

Degrees of Liquidity 43

Measuring Broad Money: M2 44

#### **CASE STUDY:** Sweep Programs 45

### 2.5 Functions of Central Banks 47

Clearing Payments 47

Monetary Policy 47

Emergency Lending 47

Financial Regulation 47

#### **CASE STUDY:** The Fed and September 11 48

### 2.6 The Rest of This Book 49

Financial Markets 49

Banking 49

Money and the Economy 50

Monetary Policy 50

Summary 50

Key Terms 51

Questions and Problems 52

**Online Case Study**  
Alternative Currencies  
in the United States

## PART II FINANCIAL MARKETS

### Chapter 3 Asset Prices and Interest Rates 53

#### 3.1 Valuing Income Streams 54

Future Value 54

Present Value 54

#### 3.2 The Classical Theory of Asset Prices 57

The Present Value of Income 57

What Determines Expectations? 59

What Is the Relevant Interest Rate? 59

The Gordon Growth Model of Stock Prices 60

#### 3.3 Fluctuations in Asset Prices 61

Why Do Asset Prices Change? 61

#### **CASE STUDY:** The Fed and the Stock Market 62

Which Asset Prices Are Most Volatile? 63

#### 3.4 Asset-Price Bubbles 64

How Bubbles Work 65

#### **CASE STUDY:** Tulipmania 66

Looking for Bubbles 66

#### **CASE STUDY:** The U.S. Stock Market, 1990–2010 68

#### 3.5 Asset-Price Crashes 70

How Crashes Work 71

#### **CASE STUDY:** The Two Big Crashes 71

Crash Prevention 73

#### 3.6 Measuring Interest Rates and Asset Returns 73

Yield to Maturity 74

The Rate of Return 75

Returns on Stocks and Bonds 76

Rate of Return Versus Yield to Maturity 76

#### 3.7 Real and Nominal Interest Rates 77

Real Interest Rates: Ex Ante Versus Ex Post 78

#### **CASE STUDY:** Inflation and the Savings and Loan Crisis 79

Inflation-Indexed Bonds 80

Summary 81

Key Terms 82

Questions and Problems 82

**Online Case Study**  
An Update on the  
Stock Market

## Chapter 4 What Determines Interest Rates? 85

- 4.1 The Loanable Funds Theory 86
  - Saving, Investment, and Capital Flows 87
  - Effects of the Real Interest Rate 88
  - The Equilibrium Real Interest Rate 89
- 4.2 Determinants of Interest Rates in the Loanable Funds Theory 91
  - Shifts in Investment 91
  - Shifts in Saving 93

### **CASE STUDY:** Budget Deficits and Interest Rates 95

- Shifts in Capital Flows 96
- Nominal Interest Rates 97

### 4.3 The Liquidity Preference Theory 99

- The Market for Money 100
- The Equilibrium Interest Rate 100
- Changes in Interest Rates 101
- Relating the Two Theories of Interest Rates 104

### 4.4 The Term Structure of Interest Rates 104

- The Term Structure Under Certainty 104
- The Expectations Theory of the Term Structure 106
- Accounting for Risk 107
- The Yield Curve 108

### **CASE STUDY:** Some Historical Examples of Yield Curves 110

### 4.5 Default Risk and Interest Rates 111

- Default Risk on Sovereign Debt 112

### **CASE STUDY:** Greece's Debt Crisis 113

- Default Risk on Corporate Debt 114

### **CASE STUDY:** The High-Yield Spread 115

### 4.6 Two Other Factors 117

- Liquidity 117
- Taxes 117

### Summary 118

### Key Terms 119

### Questions and Problems 119

## Chapter 5 Securities Markets 121

### 5.1 Participants in Securities Markets 122

- Individual Owners 122
- Securities Firms 123
- Other Financial Institutions 124
- Financial Industry Consolidation 125

**Online Case Study**  
An Update on  
European Debt

**CASE STUDY: The Upheaval in Investment Banking** 125

## 5.2 Stock and Bond Markets 127

Primary Markets 127

**CASE STUDY: Treasury Bill Auctions** 129

Secondary Markets 130

Finding Information on Security Prices 132

## 5.3 Capital Structure: What Securities Should Firms Issue? 133

Is Capital Structure Irrelevant? 134

Why Capital Structure Does Matter 134

Debt Maturity 135

## 5.4 Asset Allocation: What Assets Should Savers Hold? 136

The Risk–Return Trade-Off 136

Choosing the Mix 138

**CASE STUDY: Age and Asset Allocation** 140

## 5.5 Which Stocks? 140

The Efficient Markets Hypothesis 140

Choosing Between Two Kinds of Mutual Funds 142

Can Anyone Beat the Market? 143

**CASE STUDY: The Oracle of Omaha** 145

## 5.6 Derivatives 146

Futures 147

Options 148

Credit Default Swaps 148

Hedging with Derivatives 149

Speculating with Derivatives 150

**CASE STUDY: Credit Default Swaps and the AIG Fiasco** 152

Summary 153

Key Terms 154

Questions and Problems 154

**Chapter 6 Foreign Exchange Markets 157**

## 6.1 Currency Markets and Exchange Rates 158

The Trading Process 158

Measuring Exchange Rates 160

## 6.2 Why Exchange Rates Matter 161

Effects of Appreciation 161

**CASE STUDY: The Politics of the Dollar** 163

Hedging Exchange Rate Risk 164

Real Versus Nominal Exchange Rates 165

The Trade-Weighted Real Exchange Rate 167

**CASE STUDY: Exchange Rates and Steel** 168**Online Case Study**An Update on  
Investment Banks

6.3 The Long-Run Behavior of Exchange Rates 169

Purchasing Power Parity 170

How Reasonable Is PPP? 171

Evidence for PPP 171

6.4 Real Exchange Rates in the Short Run 173

Net Exports and Capital Flows 173

Effects of the Real Exchange Rate 174

The Equilibrium Exchange Rate 174

6.5 Fluctuations in Exchange Rates 175

Shifts in Net Capital Outflows 175

**Online Case Study**  
An Update on  
Exchange Rates

**CASE STUDY:** The Euro Versus the Dollar 177

Shifts in Net Exports 179

Nominal Rates Again 180

6.6 Currency Speculation 182

Forecasting Methods 182

**CASE STUDY:** More on Technical Analysis 184

Summary 185

Key Terms 186

Questions and Problems 186

**PART III BANKING**

**Chapter 7 Asymmetric Information in the Financial System 189**

7.1 Adverse Selection 190

The Lemons Problem 190

Lemons in Securities Markets 191

Adverse Selection: A Numerical Example 193

7.2 Moral Hazard 195

Moral Hazard in Stock Markets 196

Moral Hazard in Bond Markets 197

The Numerical Example Again for Moral Hazard 197

**CASE STUDY:** Ponzi Schemes 198

7.3 Reducing Information Asymmetries 200

Information Gathering 200

The Free-Rider Problem 200

Information-Gathering Firms 201

**CASE STUDY:** Rating Agencies and Subprime Mortgages 201

**Online Case Study**  
An Update on  
Shareholder Rights

Boards of Directors 202

**CASE STUDY:** International Differences in Shareholder Rights 204

Private Equity Firms 206

**7.4 Regulation of Financial Markets 207**

Information Disclosure 208

Insider Trading 209

**CASE STUDY:** Some Inside Traders 209**7.5 Banks and Asymmetric Information 210**

Information Gathering: Screening Borrowers 211

Reducing Default Risk: Collateral and Net Worth 211

Covenants and Monitoring 212

Interest Rates and Credit Rationing 213

**CASE STUDY:** The Five Cs of Business Lending 213**CASE STUDY:** Traditional Home Mortgages 214**7.6 Banks and Transaction Costs 215**

Reducing Costs to Savers 215

Reducing Costs to Investors 216

Summary 216

Key Terms 217

Questions and Problems 218

**Chapter 8 The Banking Industry 221****8.1 Types of Banks 222**

Commercial Banks 222

Thrift Institutions 224

Finance Companies 225

**8.2 Dispersion and Consolidation 225**

Why So Many Banks? 225

 **CASE STUDY:** The Politics of Banking in U.S. History 226 Consolidation in Commercial Banking 228

International Banking 231

Consolidation Across Businesses 231

**CASE STUDY:** The History of Citigroup 232**8.3 Securitization 234**

The Securitization Process 235

 Fannie Mae and Freddie Mac 235

Why Securitization Occurs 236

The Spread of Securitization 237

**8.4 Subprime Lenders 238**

Subprime Finance Companies 238

 **CASE STUDY:** The Subprime Mortgage Fiasco 239

Payday Lenders 241

**Online Case Study**  
An Update on the  
Mortgage Crisis

**CASE STUDY:** Is Payday Lending Predatory? 242

Pawnshops 244

Illegal Loan Sharks 244

**8.5 Government's Role in Lending 244**

Support for Housing 245

Small-Business Loans 246

Student Loans 246

The Community Reinvestment Act 247

Government-Owned Banks 248

Summary 248

Key Terms 249

Questions and Problems 250

**Chapter 9 The Business of Banking 253**

**9.1 Banks' Balance Sheets 254**

Liabilities and Net Worth 255

Assets 256

**9.2 Off-Balance-Sheet Activities 257**

Lines of Credit 257

Letters of Credit 258

Asset Management 258

Derivatives 258

Investment Banking 259

**9.3 How Banks Make Profits 259**

Melvin Opens a Bank 259

The Income Statement 260

Profit Rates 261

**9.4 The Evolving Pursuit of Profits 262**

Sources of Funds 262

Seeking Income 265

**CASE STUDY:** Fees 267

**9.5 Managing Risk 269**

Liquidity Risk 269

Credit Risk 272

Interest Rate Risk 273

**CASE STUDY:** The Rise and Decline of Adjustable-Rate Mortgages 275

Market and Economic Risk 276

Interactions Among Risks 276

**9.6 Insolvency 277**

An Example 277

The Equity Ratio 278

**CASE STUDY:** The Banking Crisis of the 1980s 279

**CASE STUDY:** Banks' Profitability in the Financial Crisis  
of 2007–2009 281

Summary 282

Key Terms 283

Questions and Problems 283

**Online Case Study**  
An Update on Bank Profits  
and Bank Failures

## Chapter 10 Bank Regulation 285

### 10.1 Bank Runs 286

How Bank Runs Happen 286

A Run on Melvin's Bank 287

Suspension of Payments 288

**CASE STUDY:** Bank Runs in Fiction and in Fact 288

Bank Panics 290

**CASE STUDY:** Bank Panics in the 1930s 290

### 10.2 Deposit Insurance 292

How Deposit Insurance Works 292

Deposit Insurance in the United States 292

### 10.3 Moral Hazard Again 293

Misuses of Deposits 293

**CASE STUDY:** The Keystone Scandal 294

The Problem with Deposit Insurance 296

Limits on Insurance 296

**CASE STUDY:** Deposit Insurance and Banking Crises 297

### 10.4 Who Can Open a Bank? 297

Chartering Agencies 298

Obtaining a Charter 298

The Separation of Banking and Commerce 298

**CASE STUDY:** Walmart Bank? 299

### 10.5 Restrictions on Bank Balance Sheets 301

Who Sets Banking Regulations? 301

Restrictions on Banks' Assets 302

Capital Requirements 303

**Online Case Study**  
An Update on Capital  
Requirements

**CASE STUDY:** Skirting Capital Requirements with SIVs 305

### 10.6 Bank Supervision 306

Information Gathering 306

CAMELS Ratings 307

Enforcement Actions 308

### 10.7 Closing Insolvent Banks 308

The Need for Government Action 308

Forbearance 309

Deciding on Closure 310  
 The Closure Process 310  
 Summary 311  
 Key Terms 312  
 Questions and Problems 313

## PART IV MONEY AND THE ECONOMY

### Chapter 11 The Money Supply and Interest Rates 315

11.1 The Federal Reserve System 316

11.2 The Fed and the Monetary Base 317

The Monetary Base 317

Creating the Base 317

The Fed's Balance Sheet 319

11.3 Commercial Banks and the Money Supply 319

An Economy Without Banks 320

A Bank Creates Money . . . 320

. . . and More Money 321

Limits to Money Creation 323

11.4 A Formula for the Money Supply 324

Deriving the Formula 324

Changes in the Money Supply 325

**CASE STUDY:** The Money Multiplier and the Great Depression 327

**CASE STUDY:** The Monetary Base and Money Multiplier, 2007–2010 327

11.5 The Fed's Monetary Tools 330

Open-Market Operations 330

The Discount Rate 330

Reserve Requirements 331

**CASE STUDY:** How Reserve Requirements Prolonged the Great Depression 332

Interest on Reserves 333

11.6 Money Targets Versus Interest Rate Targets 333

Two Approaches to Monetary Policy 333

Does the Choice Matter? 334

The Fed's Choice 335

**CASE STUDY:** The Monetarist Experiment 336

11.7 Interest Rate Policy 338

The Federal Funds Rate 338

The Federal Open Market Committee 338

Implementing the Targets 340

**Online Case Study**

Unwinding the Expansion of the Monetary Base

Summary 342  
 Key Terms 343  
 Questions and Problems 344

## Chapter 12 Short-Run Economic Fluctuations 347

### 12.1 The Business Cycle 349

Long-Run Output and Unemployment 349

#### **CASE STUDY:** The Natural Rate in the United States 350

Booms and Recessions 351

#### **CASE STUDY:** What Is a Recession? 354

Aggregate Expenditure 355

### 12.2 What Determines Aggregate Expenditure? 356

The Components of Expenditure 356

The Role of the Interest Rate 357

Monetary Policy and Equilibrium Output 358

Expenditure Shocks 359

Countercyclical Monetary Policy 361

### 12.3 Fluctuations in the Inflation Rate 362

Expected Inflation 362

What Determines Expected Inflation? 363

The Effect of Output 365

Supply Shocks 369

#### **CASE STUDY:** Oil Prices and Inflation 370

### 12.4 The Complete Economy 371

Combining the Two Curves 372

The Economy Over Time 375

**Online Appendix**  
 Comparing the AE/PC  
 and AD/AS Models

#### **JUMBO CASE STUDY:** The U.S. Economy, 1960–2010 378

**Online Case Study**  
 An Update on the  
 U.S. Economy

### 12.5 Long-Run Monetary Neutrality 381

Long-Run Output and Unemployment 381

A Permanent Boom? 382

The Neutral Real Interest Rate 382

An Exception to the Rule? 383

Summary 384

Key Terms 385

Questions and Problems 385

Appendix: The Loanable Funds Theory and the Neutral  
 Real Interest Rate 387

## Chapter 13 Economic Fluctuations, Monetary Policy, and the Financial System 389

### 13.1 Monetary Policy and the Term Structure 390

The Term Structure Again 390

A Policy Surprise 391

Expected Policy Changes 393

**CASE STUDY:** Measuring the Effects of Monetary Policy on the Term Structure 395

### 13.2 The Financial System and Aggregate Expenditure 397

**Online Case Study**  
An Update on Asset Prices and Consumption

Changes in Asset Prices 397

Changes in Bank Lending Policies 398

Recent Recessions 399

**CASE STUDY:** Asset Prices, Banking, and Japan's Lost Decade 399

The Investment Multiplier 402

### 13.3 The Monetary Transmission Mechanism 403

Effects in Financial Markets 403

Effects on Bank Lending 404

Effects on Expenditure 404

Multiplier Effects 404

Some Lessons 404

**CASE STUDY:** Monetary Policy, Inventories, and Small Firms 405

### 13.4 Time Lags 406

Lags in the AE Curve 406

Lags in the Phillips Curve 407

Evidence for Time Lags 408

### 13.5 Time Lags and the Effects of Monetary Policy 409

A Disinflation 410

Countercyclical Policy 411

**CASE STUDY:** Fiscal Versus Monetary Policy 413

Summary 415

Key Terms 416

Questions and Problems 416

## Chapter 14 Inflation and Deflation 419

### 14.1 Money and Inflation in the Long Run 420

Velocity and the Quantity Equation 420

Deriving the Inflation Rate 421

The Data 422

The Phillips Curve Again 423

**Online Appendix**  
The Behavior of Money Growth Under Interest Rate Targeting

### 14.2 What Determines Money Growth? 425

Commodity Money 425

**CASE STUDY: The Free Silver Movement** 426

- Fiat Money and Inflation 427
- The Output–Inflation Trade-Off 427
- Seigniorage and Very High Inflation 428

**CASE STUDY: The German Hyperinflation** 430**CASE STUDY: The Worldwide Decline in Inflation** 431

## 14.3 The Costs of Inflation 433

- The Inflation Fallacy 434
- Very High Inflation 434

**CASE STUDY: Life in Inflationary Brazil** 436

- Moderate Inflation 437

**CASE STUDY: The After-Tax Real Interest Rate** 438

## 14.4 Deflation and the Liquidity Trap 439

- Money Growth Again 439
- The Liquidity Trap 439

**CASE STUDY: Liquidity Traps in Japan and the United States** 442

- Any Escaping a Liquidity Trap? 445

Summary 446

Key Terms 447

Questions and Problems 448

**Online Case Study**

An Update on Liquidity Traps in Japan and the United States

**PART V MONETARY POLICY****Chapter 15 Policies for Economic Stability** 451

## 15.1 Choosing the Long-Run Inflation Rate 452

- The Case for Zero Inflation 453
- The Case for Positive Inflation 453
- Current Practice 454

## 15.2 Inflation and Output Stability 455

- Inflation Stability 455
- Output Stability 456
- Balancing the Goals 456

**CASE STUDY: How Costly Is the Business Cycle?** 457

## 15.3 The Taylor Rule 458

- Martin’s Metaphor 458
- Taylor’s Formula 458
- Applying the Rule 459
- The Rule in Action 460

## 15.4 The Taylor Rule in the AE/PC Model 461

- An Example 461
- Choosing the Coefficients 462

**Online Appendix**

The Taylor Rule in the AE/PC Model with Time Lags

## 15.5 Uncertainty and Policy Mistakes 463

A Mistake About the AE Curve 464

Mismeasurement of the Output Gap 466

**CASE STUDY: The Fed and the Great Inflation** 468

Coping with Uncertainty 470

## 15.6 Making Interest Rate Policy 472

Monitoring the Economy 472

Forecasting the Economy 473

Evaluating Policy Options 474

The FOMC Meeting 474

**Online Case Study**  
An FOMC Meeting

## 15.7 Deviations from the Taylor Rule 475

Responses to Financial Crises 475

**CASE STUDY: Deviating from the Taylor Rule, 2007–2010** 476

Responses to Bubbles 477

## Summary 479

## Key Terms 480

## Questions and Problems 480

**Chapter 16 Monetary Institutions and Strategies 483**

## 16.1 Time Consistency and Inflation 484

Rational Expectations and the Phillips Curve 484

The Time-Consistency Problem 485

How the Time-Consistency Problem Increases Inflation 485

Solving the Time-Consistency Problem 488

## 16.2 Central Bank Independence 490

The Independent Federal Reserve 490

Independence Around the World 491

Opposition to Independence 492

The Traditional Case for Independence 493

Independence and Time Consistency 494

Evidence on Independence and Inflation 495

## 16.3 Monetary-Policy Rules 496

Two Approaches to Policy 497

Traditional Arguments for Rules 497

**CASE STUDY: Nixon and Burns** 498

Time Consistency Again 500

Money Targets 500

## 16.4 Inflation Targets 501

How Inflation Targeting Works 501

The Spread of Inflation Targeting 503

The Case for Inflation Targeting 504

Opposition to Inflation Targeting 506

**CASE STUDY:** Targeters and Nontargeters 507

**CASE STUDY:** The ECB's Two Pillars 508

16.5 Communication by Central Banks 509

Reputation 509

**CASE STUDY:** Alan Blinder 510

Transparency 512

Summary 515

Key Terms 516

Questions and Problems 516

**Online Case Study**

Inflation Targeting and the  
Financial Crisis

## Chapter 17 Monetary Policy and Exchange Rates 519

17.1 Exchange Rates and Stabilization Policy 520

Exchange Rates and Aggregate Expenditure 520

Offsetting Exchange Rate Shocks 521

**CASE STUDY:** Canadian Monetary Policy 523

17.2 Costs of Exchange Rate Volatility 524

Exchange Rates and Risk 524

Risk and Global Economic Integration 525

17.3 Exchange Rate Policies 525

Interest Rate Adjustments 526

Foreign Exchange Interventions 527

**CASE STUDY:** Do Interventions Work? 530

Capital Controls 531

Policy Coordination 533

**CASE STUDY:** The Yuan 534

**Online Case Study**

An Update on China's  
Currency Policy

17.4 Fixed Exchange Rates 535

Mechanics of Fixed Exchange Rates 536

Devaluation and Revaluation 536

Loss of Independent Monetary Policy 537

Controlling Inflation 538

The Instability of Fixed Exchange Rates 539

**CASE STUDY:** George Soros Versus the British Pound 540

A Brief History of Fixed Exchange Rates 541

17.5 Currency Unions 543

The Euro Area 543

The Economics of Currency Unions 545

The Politics of Currency Unions 546

More Currency Unions? 547

Summary 548  
Key Terms 549  
Questions and Problems 549

## **Chapter 18 Financial Crises 551**

### **18.1 The Mechanics of Financial Crises 552**

- Events in the Financial System 552
- Financial Crises and the Economy 553

#### **CASE STUDY: Disaster in the 1930s 555**

### **18.2 Financial Rescues 556**

- Liquidity Crises and the Lender of Last Resort 556
- Giveaways of Government Funds 557

#### **CASE STUDY: The Continental Illinois Rescue 558**

- Risky Rescues 559

### **18.3 The U.S. Financial Crisis of 2007–2009 561**

- The Subprime Crisis and the First Signs of Panic 561
- Bear Stearns and the Calm Before the Storm 565
- Disaster Strikes: September 7–19, 2008 565
- An Economy in Freefall 568
- The Policy Response 570
- The Aftermath 572

### **18.4 The Future of Financial Regulation 573**

- Regulating Nonbank Financial Institutions 574
- Addressing Too Big To Fail 576
- Discouraging Excessive Risk Taking 577
- Changing Regulatory Structure 578

**Online Case Study**  
An Update on  
Financial Regulation

#### **CASE STUDY: The Financial Reforms of 2010 578**

### **18.5 Financial Crises in Emerging Economies 579**

- Causes and Consequences of Capital Flight 580
- Capital Flight and Financial Crises 581
