Contents

1 Getting Started and Getting Involved

Making the transition to higher education:

- Five things you can do now 1
- Discover what you want from this chapter 1

Start with the Discovery Wheel 2

The essentials of mastery 5

- Success in three words 6
- Values . . . the invisible link to success 6
- Get the most from this book 7

Campus resources—You paid for them, so use them 8

Critical Thinking Experiment: Why are you in school? 9

Master Students in Action 10

Commit to Action: Whom are you bringing with you? 12

Power Process: Discover what you want 13

2 Using Your Learning Styles

Learning styles: Discovering how you learn 15

- Discover what you want from this chapter 15
- Directions for completing the Learning Style Inventory 16

Learning Style Inventory LSI-1

Critical Thinking Experiment: Take a snapshot of your learning styles LSI-2

Scoring your Inventory LSI-3

Learning Style Graph LSI-5

Commit to Action: Create value from learning styles LSI-6

Using your learning style profile to succeed LSI-7

More views of learning styles LSI-8

Power Process: Risk being a fool 17

3 Taking Charge of Your Time and Money

You've got the time—and the money 19

- Discover what you want from this chapter 19

Commit to Action: Give your goals some teeth 20

Seven ways to take back your time 22

- Forget about time management—just get things done 23

Commit to Action: Discover where your time goes 24

Procrastination unplugged 27

- 10 things you can do in 10 minutes (or less) 27

Put an end to money worries 28

Use credit with care 29

Critical Thinking Experiment: Reflect on your spending 30

Power Process: Be here now 31

4 Achieving Your Purpose for Reading

Reading essentials 33

- Discover what you want from this chapter 33

Question your text 34

- Create outlines from headings 35

Read for answers 36

- Nine ways to overcome confusion 37

Review the answers 38

- Five ways to read with children underfoot 39

Critical Thinking Experiment: “Dear author—I don’t necessarily agree” 40

Decoding the deadly textbook 41

Commit to Action: Experiment with active reading 42

Power Process: Ideas are tools 43

5 Participating in Class and Taking Notes

- Note-taking essentials 45
Discover what you want from this chapter 45
- Set the stage for note taking 46
Take effective notes for online learning 46
- Show up for class 47
Cope with fast-talking teachers 48
- Critical Thinking Experiment:** Listen for key points 49
- Capture key words 50
Short and sweet—Remember to abbreviate 51
- Play with note-taking formats 52
- Mine your notes for added value 54
5 ways to improve your handwriting 55
- Predict test questions 56
- Taking notes while reading 57
- Commit to Action:** Transform your note taking 58
- Power Process:** Love your problems 59

6 Maximizing Your Memory and Mastering Tests

- Grades: The truth 61
Discover what you want from this chapter 61
- Be ready for your next test 62
Seven things to do with your study group 63
- Memory superchargers—the “six R’s” 64
Keep your brain fit for life 67
- Test-taking errors—and ways to avoid them 68
- Critical Thinking Experiment:** Turn “F” into feedback 69
- Relax—it’s just a test 70
- Math essentials 72
- Commit to Action:** Transform your experience of tests 74
- Power Process:** Detach 75

7 Thinking Clearly and Communicating Your Ideas

- Critical thinking: A survival skill 77
Discover what you want from this chapter 77
- Ways to create ideas 78
- Ways to refine ideas 80
- Critical Thinking Experiment:** Discover the joy of bafflement 82
- Don’t fool yourself: Common mistakes in logic 83
- Strategies for effective writing 84
- Writing and delivering presentations 86
- Commit to Action:** Take the next step in finding your speaking voice 88
- Power Process:** Find a bigger problem 89

8 Creating Positive Relationships

- Notice your “people pictures”—and let them go 91
Discover what you want from this chapter 91
- Thriving in a diverse world 92
- Create relationships with integrity 94
- Commit to Action:** Practice the art of saying no 95
- 12 tools for deep listening 96
7 steps to effective complaints 97
- Manage conflict with “I” messages 98
- Commit to Action:** Write an “I” message 99
- Leading high-performance teams 100
You are already a leader 101
- Critical Thinking Experiment:** Try on a new interpretation 102
- Power Process:** Choose your conversations 103

9 Choosing Greater Health

Wake up to health 105

Discover what you want from this chapter 105

Commit to Action: Take a fearless look at your health 106

Choose your fuel 108

Prevent and treat eating disorders 108

Choose to exercise 109

7 ways to stay healthy in (almost) no time 109

Choose freedom from distress 110

Alcohol and other drugs: The truth 112

Protect yourself from sexually transmitted infections 113

Critical Thinking Experiment: Addiction—how do I know? 114

Power Process: Surrender 115

10 Choosing Your Major and Planning Your Career

Give up the myth of “someday” 117

Discover what you want from this chapter 117

Discovering the skilled person you already are 118

50 transferable skills 119

Commit to Action: Inventory your skills 120

Four ways to choose your major 121

Commit to Action: Declare your major today 123

Create your career 124

Commit to Action: Plan your career now 126

Finding your place in the new world of work 127

Critical Thinking Experiment: Examine beliefs about careers and jobs 128

The Discovery Wheel, reloaded 129

Commit to Action: Create your future with a lifeline 132

Power Process: I create it all 133

Endnotes 135
