

Food Science and Technology

Second Edition

Edited by

Geoffrey Campbell-Platt

Professor Emeritus of Food Technology, University of Reading, UK
President of IUFoST, 2008–2012

WILEY Blackwell

CONTENTS

[Contributors](#)

[About the Companion Website](#)

[Chapter 1 Introduction](#)

[1.1 Food Science and Technology Course Elements](#)

[1.2 Evolution of the Book](#)

[1.3 Food Safety Assurance](#)

[1.4 The International Union of Food Science and Technology](#)

[1.5 The Book](#)

[Chapter 2 Food Chemistry](#)

[2.1 Introduction](#)

[2.2 Carbohydrates](#)

[2.3 Proteins](#)

[2.4 Lipids](#)

[2.5 Minor Components of Foods](#)

[2.6 Water in Foods](#)

[2.7 Physical Chemistry of Dispersed Systems](#)

[2.8 Chemical Aspects of Organoleptic Properties](#)

[Further Reading and References](#)

[Chapter 3 Food Analysis](#)

[3.1 Sampling Techniques](#)

[3.2 Gravimetry](#)

[3.3 Titrations](#)

[3.4 Other Volumetric Methods](#)

[3.5 Spectroscopy and Spectrometry](#)

[3.6 Non-Spectroscopic Optical Methods](#)

[3.7 Mass Spectrometry](#)

[3.8 Chromatography](#)

[3.9 Electrophoresis](#)

[3.10 Electrochemical Methods](#)

[3.11 Thermal Analyses](#)

[3.12 Biochemical Methods](#)

[Further Reading and References](#)

[Chapter 4 Food Biochemistry](#)

[4.1 Introduction](#)

[4.2 Carbohydrates](#)

[4.3 Introduction to Protein Biochemistry](#)

[4.4 Biochemistry of Food Lipids](#)

[4.5 Genetic Materials and Our Food](#)

[4.6 Food Biochemical Toxins](#)

[4.7 Food Processing and Storage](#)

[4.8 Nanoscience and Nanotechnology: Biochemical Aspects and Applications](#)

[4.9 Summary](#)

[Further Reading and References](#)

[Chapter 5 Food Biotechnology](#)

[5.1 History of Food Biotechnology](#)

[5.2 Traditional Fermentation Technology](#)

[5.3 Enzyme Technology](#)

[5.4 Modern Biotechnology](#)

[5.5 Genetic Engineering](#)

[5.6 Tissue Culture](#)

[5.7 Nanotechnology in Food Biotechnology](#)

[5.8 Future Prospects](#)

[Further Reading and References](#)

[Chapter 6 Food Microbiology](#)

[6.1 Introduction](#)

[6.2 Microorganisms Important to the Food Industry](#)

[6.3 Microscopic Appearance of Microorganisms](#)

[6.4 Culturing Microorganisms](#)

[6.5 Microbial Growth](#)

[6.6 Methods of Measuring Growth](#)

[6.7 Microbial Biochemistry and Metabolism](#)

[6.8 Agents of Foodborne Illness](#)

[6.9 Outbreaks](#)

[6.10 Incidence of Foodborne Illness](#)

[6.11 Some Recent Trends](#)

[6.12 Waterborne Diseases](#)

[6.13 Traditional and Novel Methods of Microbial Detection](#)

[6.14 Microbiological Sampling Plans](#)

[6.15 Hazard Analysis and Critical Control Points](#)

[6.16 Hygienic Factory Design](#)

[6.17 Microbial Fermentation](#)

[6.18 Acknowledgements](#)

[Further reading and references](#)

[Chapter 7 Numerical Procedures](#)

[7.1 International System of Units](#)

[7.2 Rules for Using International System of Units](#)

[7.3 Equation](#)

[7.4 Graphs – Linear and Exponential Plots](#)

[7.5 Calculus](#)

[Further Reading and References](#)

[Chapter 8 Food Physics](#)

[8.1 Physical Principles](#)

[8.2 Material Properties](#)

[8.3 Food Microstructural Properties](#)

[Further Reading and References](#)

[Chapter 9 Food Processing](#)

[9.1 Fundamentals of Fluid Flow](#)

[9.2 Principles of Heat Transfer](#)

[9.3 Unit Operations](#)

[9.4 Food Preservation](#)

[9.5 Food Processes and Flowcharts](#)

[Further Reading and References](#)

[Chapter 10 Food Engineering](#)

[10.1 Engineering Aspects of Hygienic Design and Operation](#)

[10.2 Cleaning and Sanitizing](#)

[10.3 Process Controls](#)

[10.4 Storage Vessels](#)

[10.5 Handling Solid Foods in a Processing Plant](#)

[10.6 Storage of Fruits and Vegetables](#)

[10.7 Refrigerated Transport of Fruits and Vegetables](#)

[10.8 Water Quality and Wastewater Treatment in Food Processing](#)

[Further Reading and References](#)

[Chapter 11 Food Packaging](#)

[11.1 Introduction](#)

[11.2 Functions and Attributes of Packaging Materials](#)

[11.3 Classification of Packaging Materials](#)

[11.4 Barrier Properties of Plastic Packaging](#)

[11.5 Packaging and Shelf life](#)

[11.6 Interactions between Packaging Materials and Food](#)

[11.7 Packaging Systems](#)

[11.8 Package Closures and Integrity](#)

[11.9 Environmental Aspects of Packaging](#)

[Further Reading and References](#)

[Chapter 12 Nutrition](#)

[12.1 Introduction](#)

[12.2 Human Energy Requirements](#)

[12.3 Protein](#)

[12.4 Carbohydrates](#)

[12.5 Lipids and Energy Density](#)

[12.6 Micronutrients – Vitamins, Minerals and Trace Minerals](#)

[12.7 Conclusion](#)

[Further Reading and References](#)

[Chapter 13 Sensory Evaluation](#)

[13.1 Introduction](#)

[13.2 Background and Definition](#)

[13.3 Facilities](#)

[13.4 Subjects](#)

[13.5 Methods](#)

[13.6 Other Methods](#)

[13.7 Summary](#)

[Further reading and references](#)

[Chapter 14 Statistical Analysis](#)

[14.1 Introduction](#)

[14.2 Descriptive Statistics](#)

[14.3 Inferential Statistics](#)

[14.4 Correlation, Regression, and Multivariate Statistics](#)

[Further reading and references](#)

[Chapter 15 Quality Assurance and Legislation](#)

[15.1 Introduction](#)

[15.2 Fundamentals of Food Law](#)

[15.3 Food Quality Management Systems](#)

[15.4 Statistical Process Control](#)

[Further Reading and References](#)

[Websites](#)

[Chapter 16 Regulatory Toxicology](#)

[16.1 Introduction](#)

[16.2 Regulatory Toxicology](#)

[16.3 Chemical Hazards in Food](#)

[16.4 Conclusions](#)

[Further reading and references](#)

[Chapter 17 Food Business Management: Principles and Practice](#)

[17.1 Introduction](#)

[17.2 The Food Business Environment](#)

[17.3 The UK Food Chain System](#)

[17.4 Characteristics of UK Food Retailers](#)

[17.5 Characteristics of UK Food Processors](#)

[17.6 Marketing in Food Business Management](#)

[17.7 Food Operations Management](#)

[17.8 Human Resource Management](#)

[17.9 Finance and Accounting for Food Firms](#)

[17.10 Conclusions](#)

[Further Reading and References](#)

[Chapter 18 Food Marketing](#)

[18.1 Introduction](#)

[18.2 Marketing Principles](#)

[18.3 Marketing Research](#)

[18.4 Strategic Marketing and the Marketing Plan](#)

[Further Reading and References](#)

[Chapter 19 Product Development](#)

[19.1 Introduction](#)

[19.2 Background](#)

[19.3 Class Protocols](#)

[Further Reading and References](#)

[Chapter 20 Information Technology](#)

[20.1 Computers and Computing Skills](#)

[20.2 Electronic Communication](#)

[20.3 Managing Information](#)

[20.4 Software Tools for Food Science](#)

[20.5 Distance Education](#)

[Further Reading and References](#)

[Chapter 21 Communication and Transferable Skills](#)

[21.1 Study Skills](#)

[21.2 Information Retrieval](#)

[21.3 Communication and Presentation Skills](#)

[21.4 Team and Problem-Solving Skills](#)

[Further Reading and References](#)
