

Siebel Hospitality Guide

Version 8.0

December 2006

ORACLE®

Contents

Chapter 1: What's New in This Release

Chapter 2: Overview of Siebel Hospitality

About Siebel Hospitality 22

Business Purposes of Screens in Siebel Hospitality 22

Viewing Information on the Hospitality Home Page (End User) 25

Chapter 3: Getting Started with Siebel Hospitality

Administrator Setup Tasks 27

Hospitality Workflow Processes 29

 Verifying Hospitality Workflows Are Active 31

Chapter 4: Setting Up Properties

About Hospitality Properties 33

Process of Setting Up Properties 34

Defining Airports and Booking Centers 34

Creating Addresses for Properties 35

Setting Up Guest Conveniences 35

Adding Property Records 36

Setting Up Nonparticipating Properties 39

Defining Property Facilities and Room Service Attributes 40

Defining Property Day Parts 40

Updating the Property Team 41

Defining the Property's Neighborhood Characteristics 42

Defining the Property Profile 43

Defining Property Policies 44

Adding Property Floor Plans 46

Creating Sell Notes for a Property 48

Setting Up Special Dates for a Property 49

Viewing the Property Calendar 50

Setting Up Property Clusters 50

 Creating the Property Cluster 51

 Assigning Clusters to a User 52

 Using Cluster Visibility 52

Chapter 5: Setting Up Function Spaces, Sleeping Rooms, and Suites

Function Spaces, Sleeping Rooms, and Suites Administration 55

Process of Setting Up Function Spaces, Sleeping Rooms, and Suites 56

Creating Indivisible Specific Space 57

Creating Configured Specific Space 58

Creating Function Space Categories for a Property 59

Marking a Specific Space as Requiring Backup 61

Associating a Specific Space with Function Space Categories 61

Configuring the Do Not Move Flag 62

Defining Setup Style LOVs 63

Creating Property-Specific Setup Styles and Associating Packages 64

Associating Setup Styles with Function Space Categories 64

Optimizing Setup Styles for Specific Spaces 65

Creating Sleeping Rooms 65

Process of Setting Up Suites 66

 Setting Up Indivisible and Configured Specific Space Suites 67

 Setting Up the Suite Category and Assigning Suite-Specific Spaces 68

 Associating Setup Styles with Suites 68

 Setting Up Suite Administration 68

Chapter 6: Setting Up Products and Assets

Product Administration in Hospitality 72

Process of Setting Up Products and Assets 72

Creating Hospitality Revenue Categories and Revenue Subcategories 73

Simple and Complex Products in Hospitality 75

Creating Simple Products for Hospitality Events 76

Creating Complex Products for Hospitality Events	77
Preparing a Simple Product Base for a Complex Product	77
Creating a Complex Product for Hospitality Events	78
Adding Catalog Visibility to Products	80
Creating the Product Catalog	80
Creating a Product Category	81
Adding Products to Catalogs and Categories	81
Adding Access Groups to Catalogs and Categories	82
Forecasting Product Consumption	83
Creating Generic Catering Products	84
Creating Generic Room Blocks	85
Creating Property-Specific Products	85
Mapping a Generic Catering Product to a Property-Specific Product	86
Mapping Generic Room Blocks to Property-Specific Room Types	87
Creating Hospitality Assets	87
Managing Function Spaces, Sleeping Rooms, and Categories as Products	89
Navigating to the Product Administration Screen from the Property Administration Screen	89
Adding Product Attributes to Function Spaces, Categories, and Sleeping Rooms	90
Creating Function Space Product Features for the Opportunity Screen's Function Agenda	91

Chapter 7: Setting Up Inventory Controls

Process of Setting Up Inventory Controls	94
Viewing Inventory Controls and Visibility	94
Defining Function Space and Suite Inventory Controls	95
Information Display Options in the Valid Authorization Levels List	96
Querying Function Space Inventory Controls	97
Editing Function Space Inventory Controls	98
Defining Sleeping Room Inventory Controls	98
Information Display Options in the Total Group Availability List	99
Editing Sleeping Room Inventory Controls	99
Querying Sleeping Room Inventory Controls	99

Chapter 8: Defining Day Parts, Status Indicators, and Setup Style Translations

Function Space Administration	102
-------------------------------	-----

- Process of Defining Day Parts, Status Indicators, and Setup Style Translations 102
- Setting Up Property Day Parts 102
- Defining Function Space and Asset Inventory Status Indicators 103
 - Defining Turntime and Time Interval Information for Function Space Display 103
 - Defining Active and Backup Information 104
 - Defining Function Inventory and Asset Inventory Status Display Colors 104
- Setting Up Function Space Setup Style Translations 106

Chapter 9: Setting Up Charge Codes, Taxes, and Service Charges

- Hospitality Charge Codes, Taxes, and Service Charges 108
- Process of Setting Up Charge Codes, Taxes, and Service Charges 108
- Revenue Category Administration 109
- Associating Revenue Categories with Products 109
- Service Charge Administration 110
 - Creating a Service Charge 110
 - Associating a Service Charge with a Property 111
- Tax Code Administration 112
 - Creating a Tax Code 113
 - Associating a Tax Code with a Property 113
 - Associating Tax Codes with Service Charges 114
- Charge Code Administration 114
 - Defining Charge Codes 115
 - Associating Charge Codes with Tax Codes 115
 - Associating Charge Codes with Service Charges 116
 - Reviewing Charge Codes Associated with a Revenue Category 116
- Reviewing Property-Specific Taxes and Service Charges 117

Chapter 10: Setting Up Pricing and Property Pricing

- Process of Setting Up Pricing and Property Pricing 119
- Pricing and Property Pricing 120
- Setting Up Price Lists 121
- Property Pricing Administration 122
- About the Property Pricing Profile 123
 - Creating a Property Pricing Profile 123
 - Defining Weekend Prices 124

Defining a Profit Series and Percentages	124
Defining Future Date Adjustments	125
Setting Up Special Dates	126
Function Space Pricing Administration	127
Setting Up Pricing Day Parts	127
Defining Function Space Pricing Rules	127
Setting Up Average Values and Function Types	129
Marking Function Spaces as Unavailable or Out Of Order	131
Using the Function Space Calendar	133
Sleeping Room Pricing Administration	133
Setting Up Rates for Sleeping Rooms	134
Defining Government Sleeping Room Pricing Rules	136
Using the Sleeping Room Calendar	138
Setting Up Minimum and Maximum Controls for Function Spaces, Catering Products, and Sleeping Rooms	139
Discount Pricing Administration	139
Setting Up Full Day Discounts for Function Spaces	139
Setting Up Property Day Parts	140
Defining Full Day Discounts	140
Setting Up Volume Discounts	141
Creating Volume Discounts	141
Adding Volume Discount Line Items	142
Associating Volume Discounts with a Property	143
Creating Aggregate Volume Discounts for Sleeping Rooms and Suites	144
Setting Up a Matrix Series	144
Creating a Matrix Series	145
Defining an Account Matrix Discount	145
Defining a Segment Matrix Discount	147
Updating All Adjustment Amounts of a Series Record	148
Suite Pricing Administration	149

Chapter 11: Defining Event Templates

About Event Templates	151
Process of Creating Event Templates	151
Creating a Generic Event Template	152
Creating a Property Specific Event Template	153

Adding a Function Agenda and Line Items 154

Adding Room Block Information 155

Adding Room Blocks and Line Items 156

Chapter 12: Post Event and Resume Templates

About Post Event and Resume Templates 157

Creating Post Event and Resume Templates 157

Chapter 13: Managing Hospitality Accounts and Contacts

About Hospitality Accounts and Contacts 159

Scenario for Managing Accounts and Contacts 159

Process of Managing Hospitality Accounts and Contacts 160

Managing the Account Travel Profile 162

 Creating a Travel Account Profile 162

 Adding a Travel Control Assessment 166

Creating Account Event Templates 166

Viewing Account Transactions 167

Tracking Intermediary Accounts 167

Creating an Account Business Plan 168

Managing a Contact's Travel Profile 169

Creating Contact Event Templates 169

Chapter 14: Capturing Hospitality Opportunities

Scenario for Capturing Hospitality Opportunities 171

Process of Capturing Hospitality Opportunities 172

Creating Hospitality Event Opportunities 172

Adding a Function Agenda and Line Items to an Event Opportunity 177

 Adding a Function Agenda to an Event Opportunity 177

 Adding Function Agenda Line Items to an Event Opportunity 179

 Using Function Agenda Buttons When Defining an Opportunity Function 180

Adding Room Block Information to an Event Opportunity 182

 Using Rapid Room Block 183

 Adding Room Block Information 183

 Adding Room Blocks to an Opportunity 184

 Adding Room Block Line Items to an Opportunity 186

Copying Room Block Line Items	186
Selecting Properties for the Event Opportunity	187
Using the Property Locator	187
Using the Property Screen	189
Adding a Property to an Opportunity	189
Applying an Event Template to an Opportunity	190
Adding Details to the Event Opportunity	191
Modifying the Opportunity Arrival Date	192
Adding Activities to an Event Opportunity	193
Adding Attachments to an Event Opportunity	193
Adding Notes to an Event Opportunity	194
Adding General Billing Information to an Event Opportunity	194
Adding Macro Estimates to an Opportunity	196
Adding an Assessment to the Event Opportunity	198
Using Quick Opportunity Capture	198
About Host-Affiliate Relationships	199
Creating the Host Opportunity	200
Associating Affiliate Accounts with the Host Opportunity	200
Creating the Affiliate Opportunity	201
Using the Opportunity Explorer	202
Using Opportunity Charts	203

Chapter 15: Managing Recurring Events

About Recurring Events	205
Process of Creating Recurring Events	206
Creating Recurring Events	206
Creating the Recurring Opportunity	206
Creating Subopportunities	207
Setting the Recurrence Details	208
Generating Quotes for Recurring Events	209
Generating Subopportunity Quotes	209
Compiling Aggregate Quotes	210
Compiling What-If Aggregate Quotes	211
Completing an Aggregate Quote Evaluation	211

Performing a Price Override for Room Blocks Associated with an Aggregate Quote 212

Changing the Projected Property 213

Submitting an Aggregate Quote for Evaluation 213

Chapter 16: Managing Property-Specific Event Quotes

About Property-Specific Quotes 216

- Asynchronous Generation of Multiple Quotes 217

Scenario for Managing Property-Specific Event Quotes 219

Process of Managing Property-Specific Event Quotes 219

Generating an Event Quote 220

Generating Quotes from Opportunities 220

Generating Quotes from Recurring Events 221

Generating Quotes from Host-Affiliate Opportunities 221

- Generating Host Quotes 221
- Generating Affiliate Quotes 222

Modifying an Event Quote 222

Changing the Event and Sales Manager for a Quote 223

Overriding Multiple Event Quotes 224

Applying a Property-Specific Event Template to a Quote 225

Adding Details to an Event Quote 226

- Modifying the Arrival Date in an Event Quote 227
- Adding Quote Notes 228
- Creating Quote Activities 228
- Creating Attachments for a Quote 229
- Capturing Billing Information for a Quote 229
- Capturing Booking Fee Information 230
- Capturing Credit Requests for an Event Quote 231

Managing Functions Associated with Quotes 232

- Adding Functions and Function Line Items to a Quote 232
- Adding Resource Cluster Line Items 233
- Validating Functions and Function Line Items 233
- Preventing Functions from Being Moved 234
- Changing Selected Function Spaces with Product Features 235
- Managing Quote Functions from the Function Screen 235

Managing Event Room Block Information in Quotes 235

Updating Room Block Information for a Quote	236
Updating Room Blocks and Line Items for a Quote	236
Updating Negotiation Rates for a Quote	237
Reviewing the Room Block Summary	238
Time Shifts for Function Spaces and Sleeping Room Blocks	239
Reviewing Quote Details	239
Reviewing Quote Summary Information	240
Reviewing the Quote Summary Revenue Thresholds List	242
Reviewing Quote Summary Negotiation Rates List	242
Reviewing Quote Summary Functions List and Function Line Items List	243
Reviewing Quote Summary Room Blocks List and Room Block Line Items List	243
Reviewing Quote Discounts	244
Applying Discount Percentages to Quotes, Functions, Room Blocks, and Line Items	244
Manually Applying a Discount Price to Line Items	245
Reviewing Function Discounts	246
Reviewing Room Block Discounts	247
Reviewing the Pricing Waterfall for Function Spaces and Sleeping Rooms	248
Reviewing the Total Discount for a Quote	249
Reviewing Revenue Estimates for Quote Functions	249
Reviewing Parent Revenue Category Revenue Estimates	250
Changing Revenue Category Estimates	256
Reviewing Macro Estimates for Quotes	256
Viewing the Quote Event Calendar	257
Using Quote, Function, and Room Block Charts	258

Chapter 17: Working with Inventory

Process of Working with Event Inventory	262
Management of Function Characteristics at the Opportunity Stage	262
Management of Room Block Characteristics at the Opportunity Stage	263
Management of Property Characteristics at the Opportunity Stage	264
Quote Generation Processes	264
Function Space Reservation	265
Management of Functions at the Quote Stage	265
Using Reserve and Next Fit to Hold Function Space	265
Optioning Function Space	266
Overbooking Function Space	267
Canceling a Function	267

- Using the Function Space Inventory Buttons on Backup Spaces 268
- Copying a Function 268
- Understanding Function Status Values 270
- Assigning a Function to a Specific Space 271
- Detailing a Function 272
- Suite Booking for Functions 274
- Inconsistent Setup Styles and Function Space 274
- Unit of Measure Conversions for Function Space Area 275
- Flagging a Function for Spacious Set 275
- Management of Functions That Require Backup Space 276
 - Identifying Function Spaces That Require Backup Spaces 276
 - Adding Backup Spaces to a Function 277
 - Understanding Booking Types for Function Spaces 279
 - Switching to the Backup Space 279
- Management of Room Blocks at the Quote Stage 280
 - Reserving and Overbooking Room Blocks 281
 - Copying Room Blocks 283
 - Parceling Room Block Inventory from One Room Block to Another 283
 - Using the Room Block Inventory Buttons 284
 - Canceling Room Blocks 285
 - Booking Suite Categories 285
 - Booking Specific Suites 286
 - Canceling a Suite Category 287
 - Scheduling a Function in a Specific Suite 287
- Background Processes at the Quote Level 288
- Changing Attributes Critical to Inventory Reservation 288
 - Inventory Critical Fields at the Function Level 289
 - Inventory Critical Fields at the Room Block Level 290
 - Inventory Critical Fields at the Quote Level 291
- Actualizing a Function 291
 - Out of Order and Unavailable 292
- Time Shifting Event Functions and Room Blocks 292
 - Time Shifting Event Functions and Room Blocks 293
 - Reviewing Time Shift Information at the Quote Level 294
 - Event Shifting at the Quote Level 295
- Checking Inventory Availability Using Property Screen Views 296
 - Reviewing Total Group Availability 296
 - Reviewing Sleeping Room Type Availability 297
 - Reviewing Total, Group, and Transient Availability 298
 - Reviewing Group Projected and Blocked Availability 300

Chapter 18: Booking Hospitality Assets

About Hospitality Assets	304
Automatic Reservation of Critical Assets	304
AutoBook and Noncritical Assets	305
Double-Booking and Rentering Using the Availability Gantt Chart View	305
Cluster Booking of Assets	306
Scenario for Booking Hospitality Assets	307
Process of Booking Hospitality Assets	307
Defining the Asset Inventory Status Display Color Scheme	307
Booking Critical and Noncritical Assets	308
Launching Cluster Booking of Assets	309
Viewing Assets Associated with a Product	310
Viewing Asset Availability and Booking Information	310
Locating the Owner of the Booked Asset	311
Locating a Comparable Substitute for a Booked Asset	312

Chapter 19: Managing Nonparticipating Properties

About Nonparticipating Properties	313
Process of Managing Nonparticipating Properties	314
Setting Up Nonparticipating Properties	314
Opportunities for Nonparticipating Properties Development Process	314
Generating Quotes for Nonparticipating Properties	315
Sending a Quote Summary to the NPP	316
Sending a Quote Evaluation to the NPP	317
Quotes Associated with Nonparticipating Properties Finalization Process	317
About Orders and Nonparticipating Properties	318

Chapter 20: Using the Function Space Diary

Process of Using the Function Space Diary	320
Function Space Diary Overview	320
Visibility Rules and the Function Space Diary	321
Function Space Diary Views	322
Function Space Diary View Elements	325
Viewing Function and Booking Details in the Function Space Diary	325
Icons in the Function Space Diary	328
Using the Information Display Controls in the Function Space Diary	329

- Using Drag-and-Drop Operations in the Function Space Diary 333
- Viewing Floor Plans in the Function Space Diary 336
- Changing Bookings in the Function Space Diary 336
 - Assigning Category Bookings 337
 - Deleting Out of Order and Unavailable Designations 337
 - Changing Booking Inventory Statuses 338
- Querying the Function Space Diary 339
 - Querying for Bookings and Functions 340
 - Querying for Function Spaces 340
 - Querying for a Combination of Bookings and Function Spaces 341
 - Clearing Query Parameters from the Diary Views 341
- Navigating to the Function Space Diary 341
- Printing from the Function Space Diary 343

Chapter 21: Working with Quote and Order Pricing

- About Quote and Order Pricing 346
- Function Space Pricing 346
 - Function Space Room Rentals 346
 - Profit and Revenue Thresholds 347
 - Function Line Item and Revenue Data Repricing 349
- Sleeping Room Pricing 351
 - Pricing and Room Occupancy 351
 - Complimentary Room Pricing 352
 - Weekday and Weekend Pricing 354
 - Calculating Weighted Average Room Rates 355
 - Pricing and the Negotiation Floor 355
 - Minimum and Maximum Price 356
- Suite Pricing 356

Chapter 22: Revenue Management

- Hospitality Revenue Management 358
- Scenario for Revenue Management 358
- Process of Revenue Management 359
- Completing the Revenue Evaluation Form 359
- Submitting a Quote for Revenue Evaluation 361
- Evaluating the Event Quote 362

About Quote Evaluation Responses	363
Specifying Evaluation Activities	363
Creating an Evaluation Response	363
Revenue Manager Approval of a Quote with a Negative Profit Variance	364
Viewing the Quote Evaluation Response	365
Updating and Reducing the Negotiation Floor Rate	365

Chapter 23: Finalizing a Quote, Turnover, and Confirming Event Details

Scenario for Finalizing a Quote, Turnover, and Confirming Event Details	368
Process of Finalizing a Quote and Managing Turnover	368
Generating an Agreement for the Quote	369
Setting an Event Quote Status to Definite	370
Completing and Submitting the Event Turnover Checklist	370
Reviewing and Accepting or Rejecting the Turnover	372
Gathering and Confirming Event Details	373
Confirming Sleeping Room Details	373
Confirming Function Space Details	374
Gathering and Confirming Function Details	374
Gathering and Confirming Additional Requirements for the Event	375
Event Change Management	375

Chapter 24: Generating and Managing Event Orders

About Event Order Generation	377
Scenario for Generating and Managing Event Orders	378
Process of Generating and Managing Event Orders	379
Generating Primary Event Orders	379
Creating Function Orders	380
Changing the Primary Event Order Associated with a Function	381
Associating Event Orders with a Function Line Item	382
Creating Functions from the Orders Screen	382
Viewing All Line Items for an Order	383
Adding Notes to an Event Order	384
Adding Attachments to an Event Order	384
Viewing the Total Discount for an Order	384

- Order Visibility 385
- Viewing Orders Associated with a Quote 385
- Viewing the Event Check Associated with an Order 386
- Viewing the BEO Specifications for an Order 386
- Viewing the Line Item Audit Trail for an Order 387

Chapter 25: Generating Event Checks

- About Event Checks 389
- Scenario for Generating Event Checks 390
- Process of Generating Event Checks 390
- Generating a Trial Check for an Event 391
- Updating Event Orders 391
- Generating an Event Check 392
- Adding Line Items to an Event Check 393
- Viewing Billable and Nonbillable Event Check Line Items 394
- Posting Event Checks 395
- Guest and Accounting Event Check Rules and Review 396
 - Calculation Rules for Generating and Displaying Event Checks 397
 - Reviewing Event Checks 400
- Voiding an Event Check 401
- Event Check Reports and Printouts 401

Chapter 26: Creating Hospitality Reports

- Process of Generating Hospitality Reports 404
- Configuring Reports 404
 - Configuring BEO and SOE Report Headers 405
 - Adding Report Logos to Properties 407
 - Configuring Banquet Revenue Summary Report Headers 407
- About the Banquet Event Order (BEO) Report 408
 - Reviewing and Adding Specifications for the BEO Report 410
 - Generating and Printing a BEO Report 411
 - BEO Report Fields 412
- About the Schedule of Events (SOE) Report 414
 - Validating the Print Line in SOE Flag 416
 - Generating and Printing an SOE Report 416

About the Banquet Revenue Summary Report	417
Generating and Printing a Banquet Revenue Summary Report	419
Banquet Revenue Summary Report Fields	419
About the Quote Summary Report	421
Generating and Printing the Quote Summary Report	423
About the Guest Event Check Report	423
Generating and Printing the Guest Event Check Report	425
About the Accounting Event Check Report	426
Generating and Printing the Accounting Event Check Report	428
About the Function Space Products Report	428
Generating and Printing a Function Space Products Report	429
Function Space Product Report Fields	430
About the Function Space Setup Style Report	432
Generating and Printing a Function Space Setup Style Report	433
Function Space Setup Style Report Fields	433
About the Diary Report	434
Generating and Printing a Diary Report	436
Diary Report Fields	438
About the FSI New Bookings Report	440
Generating and Printing an FSI New Bookings Report	442
FSI New Bookings Report Fields	443

Index
