List of Figures	xiii
List of Tables	xv
Introduction.....	xvii
About the Author.....	xxi

Chapter 1 Lean.....	1
1.1 The Voices	2
1.1.1 Voice of the Customer.....	2
1.1.2 Voice of the Employee.....	4
1.1.3 Voice of the Process.....	5
1.1.4 Voice of the Business.....	5
1.2 Lean Thinking.....	5
1.3 Lean Principles.....	8
1.4 Lean Culture.....	8
1.5 Lean Leadership.....	9
1.6 Lean Tools.....	11
1.6.1 Breakthrough Improvement	12
1.6.2 Continuous Improvement	14
1.6.3 Kaizen	17
1.6.4 Value Stream Mapping	21
1.6.5 Daily Management.....	25
1.6.6 Problem Solving.....	28
1.6.7 Standard Work.....	32
1.6.8 5S.....	36
1.6.9 Overview.....	38
1.7 Lean Maturity	38

Chapter 2 Transportation	41
2.1 Location and Flow Types.....	44
2.2 Outbound Process	47
2.3 Inbound Process	50
2.4 Shipment Preparation	50

2.5	Transportation Modalities	54
2.5.1	Parcel and Express.....	56
2.5.2	Airfreight	61
2.5.3	Road Transportation.....	72
2.5.4	Sea Freight	77
2.5.5	Train	83
2.5.6	Intermodal.....	84
2.5.7	Overview.....	85
2.6	Costs and Transit-Times.....	86
2.7	Incoterms® Rules	88
2.8	Trade Compliance	91
2.8.1	Documentation	92
2.8.2	Customs Clearance.....	95
2.8.3	Supply Chain Security	97
2.8.4	Dangerous Goods.....	99
2.8.5	Embargoed and Sanctioned Countries	101
2.8.6	Local Authorities	102
2.9	Total Cost of Ownership.....	102
2.9.1	Cost and Budgetary Control.....	104
2.9.2	Freight Payment and Auditing	109
2.9.3	Spend Analysis.....	111
Chapter 3	Transportation Management.....	113
3.1	Commodity Strategy.....	113
3.1.1	Build the Team and the Project Charter	115
3.1.2	Conduct Market Intelligence Research on Suppliers	115
3.1.3	Strategy Development.....	117
3.1.4	Contract Negotiation	120
3.1.5	Supplier Relationship Management.....	120
3.2	Carrier Selection Process.....	121
3.3	Carrier Review Process.....	136
3.4	Complaint and Claim Handling	146
3.5	Network Optimization.....	148
3.6	Benchmarking.....	150
3.7	Outsourcing.....	151
3.8	Sustainability.....	155
3.9	Quality Management System.....	156

3.10	Transportation Management System.....	159
3.10.1	Master Data Management.....	161
3.10.2	Complete Transportation Order	162
3.10.3	Document Verification	162
3.10.4	Order and Capacity Planning.....	162
3.10.5	Order Consolidation	162
3.10.6	Carrier Selection.....	163
3.10.7	Non-Standard Order Management.....	163
3.10.8	Supply Chain Visibility.....	163
3.10.9	Proactive Shipment Monitoring.....	165
3.10.10	Customer Service.....	166
3.10.11	FPA	167
3.10.12	Tendering.....	168
3.10.13	Process Standardization	168
3.10.14	Reporting.....	168
3.10.15	Performance Reviews.....	169
3.10.16	Sustainability.....	169
3.10.17	Managed Transportation Services	169
3.10.18	EDI and Interfacing.....	169
3.10.19	TMS and MTS Providers.....	171
3.11	Transportation Management Maturity	171
3.11.1	Category Strategy Development.....	172
3.11.2	Supplier Evaluation and Selection.....	173
3.11.3	Supplier Quality Management.....	173
3.11.4	Supplier Management and Development	174
3.11.5	Worldwide Sourcing.....	175
3.11.6	Human Resources	175
3.11.7	Organizational Design.....	176
3.11.8	Information Technology.....	176
3.11.9	Measurement.....	176
3.11.10	Transportation Strategy.....	176
3.12	Market Trends	179
3.12.1	Fewer Trade Barriers but More Regulations.....	180
3.12.2	Increasing Political Instability.....	180
3.12.3	Increasing Supply Chain Complexity.....	180
3.12.4	Global Sourcing	183
3.12.5	Omni-Channel Business Models	183

3.12.6	New Centers of Economic Activity	184
3.12.7	Segmentation	184
3.12.8	Mergers and Acquisitions	184
3.12.9	Crowd Funding	184
3.12.10	Share Economy	185
3.12.11	Mass Customization	185
3.12.12	Urbanization	185
3.12.13	Big Data/Open Data	185
3.12.14	Uberization and Online Logistics Marketplaces	186
3.12.15	3D Printing	186
3.12.16	Robotics	187
3.12.17	Internet of Things, Cloud Computing and Industry 4.0	187
3.12.18	Crypto Currencies and Payments and Block Chain Technology	188
3.12.19	Circular Economy	188
3.12.20	Resource and Energy Limitations	188
3.12.21	Fair Trade	189
3.12.22	Sustainability	189
3.12.23	Safety	189
3.13	Risk Management	190

Chapter 4 Lean Transportation Management 193

4.1	Prepare for the Change	196
4.2	Success Factors	200
4.2.1	Lean Leadership	200
4.2.2	Lean Value Stream Manager Transportation	201
4.2.3	Lean Value Stream Organization Chart Transportation	202
4.2.4	Lean Metrics	203
4.3	Transportation House of Lean	205
4.4	Reduce Waste: Lean Customer	208
4.4.1	Develop and Deploy a Transportation Strategy and Policy	209
4.4.2	Collaborate with the Customer	209

4.4.3	Pack Properly and Prevent Damages and Losses	211
4.4.4	Improve Visibility	212
4.4.5	Extend Order Cut-Off Times and Customer Service Availability.....	213
4.4.6	Reduce Transit Times and Their Variances.....	213
4.4.7	Plan for Adverse Weather Conditions, Peak Seasons, and Holidays.....	214
4.4.8	Other	214
4.5	Reduce Waste: Lean Finance.....	216
4.5.1	Consider Modal Shifts.....	217
4.5.2	Consolidate Shipments.....	218
4.5.3	Set Up Tender Roadmaps.....	218
4.5.4	Negotiate Fuel Surcharge Costs	219
4.5.5	Leverage Purchasing Volumes	219
4.5.6	Improve Loading Degrees.....	220
4.5.7	Apply a TCO Tool	220
4.5.8	Do Not Accept General Rate Increases and Price Indexations	221
4.5.9	Introduce Direct Deliveries	221
4.5.10	Check the New Silk Route.....	221
4.5.11	Other	222
4.6	Reduce Waste: Lean Processes.....	226
4.6.1	Consider in- and Outsourcing	227
4.6.2	Implement Daily Performance Reporting and ProActive Exceptions Monitoring.....	228
4.6.3	Level Out Demand.....	229
4.6.4	Limit and Manage Returns.....	230
4.6.5	Optimize Vendor Inbounds	231
4.6.6	Implement Smart and Re-Useable Packing Material	232
4.6.7	Plan Docks	233
4.6.8	Other	233
4.7	Reduce Waste: Lean It.....	236
4.7.1	Consider a TMS.....	237
4.7.2	Use a Dynamic Carrier Choice System.....	238

4.7.3	Automate and Digitalize More.....	239
4.7.4	Consider a Yard Management System.....	240
4.7.5	Use Online Transportation Market Places	241
4.7.6	Other	241
4.8	Reduce Waste: Lean Organization.....	242
4.8.1	Hire Qualified Employees	242
4.8.2	Develop and Co-Operate with Carriers	244
4.8.3	Standardize Processes.....	245
4.8.4	Install a Key Transportation Leadership Position	246
4.8.5	Plan to Map all the Value Streams and Value Stream Loops.....	246
4.8.6	Other	246
4.9	Reduce Waste: Lean Compliance	248
4.9.1	Sign a Carrier Quality Agreement.....	248
4.9.2	Expedite Customs Clearance Processes.....	249
4.9.3	Manage Transportation Risks	249
4.9.4	Implement the Neutral Delivery Service.....	250
4.9.5	Reduce the Carbon Footprint.....	250
4.9.6	Reduce Duties and Prevent Delays and Penalties	251
4.9.7	Take Advantage of Preferential Trade Agreements	251
4.9.8	Act with Integrity, Honestly, Ethically, and Support Fair Trade	251
	Abbreviations.....	253
	Further Reading.....	259
	Index.....	261
