

Supply Chain Management

JOHN J. COYLE

The Pennsylvania State University

C. JOHN LANGLEY, JR.

The Pennsylvania State University

ROBERT A. NOVACK

The Pennsylvania State University

BRIAN J. GIBSON

Auburn University

Brief Contents

Preface	xxv
About the Authors	xxix

Part I

Chapter 1	Supply Chain Management: An Overview	3
Chapter 2	Global Dimensions of Supply Chains	27
Chapter 3	Role of Logistics in Supply Chains	51
Chapter 4	Distribution and Omni-Channel Network Design	89

Part II

Chapter 5	Sourcing Materials and Services	139
Chapter 6	Producing Goods and Services	171
Chapter 7	Demand Management	207
Chapter 8	Order Management and Customer Service	233

Part III

Chapter 9	Managing Inventory in the Supply Chain	289
Chapter 10	Distribution—Managing Fulfillment Operations	371
Chapter 11	Transportation—Managing the Flow of the Supply Chain	417

Part IV

Chapter 12	Aligning Supply Chains	477
Chapter 13	Supply Chain Performance Measurement and Financial Analysis	507
Chapter 14	Supply Chain Technology—Managing Information Flows	549
Chapter 15	Strategic Challenges and Change for Supply Chains	581

Subject Index	621
Name Index	635

Preface xxv

About the Authors xxix

Part I

Chapter 1	Supply Chain Management: An Overview	3
	SUPPLY CHAIN PROFILE: SAB Distribution: The Final Chapter	4
	1-1 Introduction	5
	1-2 Shaping the Supply Chains of the Twenty-First Century: Evolution and Change	6
	1-2-1 Globalization	7
	1-2-2 Technology	9
	1-2-3 Organizational Consolidation and Power Shifts	9
	1-2-4 The Empowered Consumer	10
	1-2-5 Government Policy and Regulation	10
	ON THE LINE: Changing Times for Drugs	11
	1-3 Supply Chains: Development and Shaping for the Twenty-First Century	12
	1-3-1 Development of the Concept	12
	1-4 Major Supply Chain Issues	18
	1-4-1 Supply Chain Networks	18
	1-4-2 Complexity	19
	1-4-3 Inventory Deployment	19
	1-4-4 Information	19
	1-4-5 Cost and Value	20
	1-4-6 Organizational Relationships	20
	1-4-7 Performance Measurement	20
	1-4-8 Technology	21
	1-4-9 Transportation Management	21
	1-4-10 Supply Chain Security	21
	1-4-11 Talent Management	22
	Summary	22
	Study Questions	23
	Notes	23
	<i>Case 1.1: Lehigh Valley Transport and Logistics Service (LVTLS)</i>	24
	<i>Case 1.2: Central Transport, Inc.</i>	25

Chapter 2	Global Dimensions of Supply Chains	27
	SUPPLY CHAIN PROFILE: “The Impact of Changing Weather Patterns”	28
	2-1 Introduction	28
	2-2 Rationale for Global Trade and Commerce	29
	2-3 Contributing Factors for Global Commerce and Supply Chain Flows	30
	2-3-1 <i>Population Size and Distribution</i>	30
	ON THE LINE: Economic Growth and the Birth Rate	34
	2-3-2 <i>Land and Resources</i>	34
	2-3-3 <i>Technology and Information</i>	35
	2-4 Global Supply Chain Flows	35
	2-5 Supply Chains in a Global Economy	39
	ON THE LINE: More Deliveries, Same Cost	40
	2-6 Global Markets and Strategy	41
	2-7 Supply Chain Security: A Balancing Act	43
	2-8 Ports	44
	2-9 North American Free Trade Agreement	45
	Summary	45
	Study Questions	46
	Notes	46
	<i>Case 2.1: Red Fish, Blue Fish, LLP</i>	48
Chapter 3	Role of Logistics in Supply Chains	51
	SUPPLY CHAIN PROFILE: Small Ports Boxed Out by Big Ships	52
	3-1 Introduction	52
	3-2 What Is Logistics?	54
	3-3 Value-Added Roles of Logistics	55
	3-3-1 <i>Form Utility</i>	56
	3-3-2 <i>Place Utility</i>	56
	ON THE LINE: AGE OF THE DRONE: Good News or Bad News???	56
	3-3-3 <i>Time Utility</i>	56
	3-3-4 <i>Quantity Utility</i>	57
	3-3-5 <i>Possession Utility</i>	58
	3-4 Logistics Activities	58
	3-4-1 <i>Transportation</i>	58
	3-4-2 <i>Storage</i>	59
	3-4-3 <i>Packaging</i>	59
	3-4-4 <i>Materials Handling</i>	59
	3-4-5 <i>Inventory Control</i>	59
	3-4-6 <i>Order Fulfillment</i>	60
	3-4-7 <i>Forecasting</i>	60

	3-4-8 Production Planning	60
	3-4-9 Procurement	60
	3-4-10 Customer Service	60
	3-4-11 Facility Location	61
	3-4-12 Other Activities	61
	ON THE LINE: “Ups and Wiley Coyote”	61
	3-5 Logistics in the Economy: A Macro Perspective	62
	3-6 Logistics in the Firm: The Micro Dimension	65
	3-6-1 Logistics Interfaces with Manufacturing or Operations	65
	3-6-2 Logistics Interfaces with Marketing	66
	3-6-3 Logistics Interfaces with Other Areas	68
	3-7 Logistics in the Firm: Factors Affecting the Cost and Importance of Logistics	68
	3-7-1 Competitive Relationships	68
	3-7-2 Product Relationships	71
	3-7-3 Spatial Relationships	73
	3-7-4 Logistics and Systems Analysis	75
	Summary	76
	Study Questions	76
	Notes	77
	Case 3.1: Jordano Food Products	78
	Case 3.2: Senco Electronics Company	80
Appendix 3A	Techniques of Logistics System Analysis	81
	Short-Run/Static Analysis	81
	Long-Run/Dynamic Analysis	82
Appendix 3B	Approaches to Analyzing Logistics Systems	84
	Materials Management versus Physical Distribution	84
	Nodes versus Links	85
	Logistics Channels	86
Chapter 4	Distribution and Omni-Channel Network Design	89
	SUPPLY CHAIN PROFILE: Why is Tennessee a Hotbed for Manufacturing?	90
	4-1 Introduction	90
	4-2 The Need for Long-Range Planning	92
	4-2-1 The Strategic Importance of Supply Chain Network Design	92
	4-2-2 Changes to Global Trade Patterns	93
	4-2-3 Changing Customer Service Requirements	93

4-2-4	<i>Shifting Locations of Customer and/or Supply Markets</i>	94
4-2-5	<i>Change in Corporate Ownership/Merger and Acquisition Activity</i>	94
4-2-6	<i>Cost Pressures</i>	94
4-2-7	<i>Competitive Capabilities</i>	95
4-2-8	<i>Corporate Organizational Change</i>	96
4-3	<i>Supply Chain Network Design</i>	96
4-3-1	<i>Step 1: Define the Supply Chain Network Design Process</i>	97
4-3-2	<i>Step 2: Perform a Supply Chain Audit</i>	97
4-3-3	<i>Step 3: Examine the Supply Chain Network Alternatives</i>	98
4-3-4	<i>Step 4: Conduct a Facility Location Analysis</i>	98
4-3-5	<i>Step 5: Make Decisions Regarding Network and Facility Location</i>	99
4-3-6	<i>Step 6: Develop an Implementation Plan</i>	99
4-4	<i>Major Locational Determinants</i>	99
4-4-1	<i>Key Factors for Consideration</i>	100
	ON THE LINE: Supply Chain Managers Target U.S. Cities for Onshoring Opportunities	103
4-4-2	<i>Current Trends Governing Site Selection</i>	104
4-5	<i>Modeling Approaches</i>	105
4-5-1	<i>Optimization Models</i>	106
4-5-2	<i>Simulation Models</i>	109
4-5-3	<i>Heuristic Models</i>	110
4-5-4	<i>Potential Supply Chain Modeling Pitfalls to Avoid</i>	111
4-5-5	<i>Example of a Heuristic Modeling Approach: The Grid Technique</i>	111
4-5-6	<i>Transportation Pragmatics</i>	116
4-6	<i>Omni-Channel Network Design</i>	117
4-6-1	<i>Introduction</i>	117
	ON THE LINE: Keynote: Omni-channel's Impact on Supply Chain Management	118
4-6-2	<i>Channels of Distribution</i>	119
4-6-3	<i>Customer Fulfillment Models</i>	121
	ON THE LINE: Distribution: What does it take to be an Omni-channel Fulfillment DC?	124
	Summary	127
	Study Questions	128

Case 4.1: Johnson & Johnson 130

Case 4.2: Bigelow Stores 131

Notes 132

- Appendix 4A** Grid Method—Sensitivity Analyses and Application to Warehouse Location In a City 133
 Grid Method—Sensitivity Analysis 133
 Grid Method—Application to Distribution Center Location in a City 133

Part II

- Chapter 5** Sourcing Materials and Services 139
- SUPPLY CHAIN PROFILE:** Strategic Sourcing Facilitates Innovation, Transformation, and Cost Reduction 140
- 5-1 Introduction 140
- 5-2 Types and Importance of Items and Services Purchased 142
- 5-3 Strategic Sourcing Process 145
- 5-3-1 *Step 1: Develop Strategic Plan* 146
 - 5-3-2 *Step 2: Understand Spend* 146
 - 5-3-3 *Step 3: Evaluate Supply Sources* 147
 - 5-3-4 *Step 4: Finalize Sourcing Strategy* 147
 - 5-3-5 *Step 5: Implement Sourcing Strategy* 150
 - 5-3-6 *Step 6: Onboarding and Transitioning* 151
 - 5-3-7 *Step 7: Collaborative Process Improvement* 151
- ON THE LINE:** Haworth, Inc. Realizes \$1.2 Million in Cross-Border Savings 152
- 5-4 Supplier Evaluation and Relationships 152
- 5-5 Total Landed Cost (TLC) 153
- 5-6 e-Sourcing and e-Procurement 155
- 5-6-1 *Which of These Solutions Should be Considered* 156
- ON THE LINE:** Transportation Sourcing—Innovative Approaches to Bid Optimization 158
- 5-7 e-Commerce Models 159
- Summary 160
- Study Questions 161
- Notes 161
- Case 5.1: Alligator, Inc.* 162
- Case 5.2: Trans-Global, Inc.* 164

Appendix 5A	The Special Case of Procurement Price	165
	Sources of Price	165
	Traditional Basic Input Costs	166
	Direct Transaction Costs	166
	Supplier Relational Costs	167
	Landed Costs	167
	Quality Costs/Factors	168
	Operations Logistics Costs	168
Chapter 6	Producing Goods and Services	171
	SUPPLY CHAIN PROFILE: Establishing a Production Footprint:	
	The VW Journey	172
	6-1 Introduction	172
	6-2 The Role of Production Operations in Supply Chain Management (SCM)	173
	6-2-1 Production Process Functionality	174
	6-2-2 Production Tradeoffs	175
	6-2-3 Production Challenges	177
	6-3 Operations Strategy and Planning	178
	6-3-1 Production Strategies	178
	ON THE LINE: A North American Manufacturing Comeback	182
	6-3-2 Production Planning	184
	6-4 Production Execution Decisions	186
	6-4-1 Assembly Processes	186
	ON THE LINE: Have it Your Way	187
	6-4-2 Production Process Layout	189
	6-4-3 Packaging	191
	ON THE LINE: Developing More Sustainable Packaging	193
	6-5 Production Metrics	194
	6-5-1 Total Cost	195
	6-5-2 Total Cycle Time	195
	6-5-3 Delivery Performance	195
	6-5-4 Quality	195
	6-5-5 Safety	195
	6-6 Production Technology	196
	Summary	198
	Study Questions	199
	Notes	199
	Case 6.1: Hudson Guitars	202
	Case 6.2: Elvis Golf Ltd.	204

Chapter 7	Demand Management	207
	SUPPLY CHAIN PROFILE: The Great Convergence	208
	7-1 Introduction	209
	7-2 Demand Management	209
	7-3 Balancing Supply and Demand	212
	ON THE LINE: Volatility in Demand has Become the Norm	212
	7-4 Traditional Forecasting	213
	7-4-1 <i>Factors Affecting Demand</i>	213
	7-5 Forecast Errors	214
	7-6 Forecasting Techniques	216
	7-6-1 <i>Simple Moving Average</i>	216
	7-6-2 <i>Weighted Moving Average</i>	218
	7-6-3 <i>Exponential Smoothing</i>	220
	ON THE LINE: Practice Change	222
	7-7 Sales and Operations Planning	222
	7-8 Collaborative Planning, Forecasting, and Replenishment	224
	Summary	227
	Study Questions	228
	Notes	228
	<i>Case 7.1: Tires for You, Inc.</i>	229
	<i>Case 7.2: Playtime, Inc.</i>	231
Chapter 8	Order Management and Customer Service	233
	E-COMMERCE SURVEY ASKS: Need for Green or Need for Speed?	234
	8-1 Introduction	234
	8-2 Influencing the Order—Customer Relationship Management	236
	8-2-1 <i>Step 1: Segment the Customer Base by Profitability</i>	236
	8-2-2 <i>Step 2: Identify the Product/Service Package for Each Customer Segment</i>	237
	8-2-3 <i>Step 3: Develop and Execute the Best Processes</i>	237
	8-2-4 <i>Step 4: Measure Performance and Continuously Improve</i>	238
	8-2-5 <i>Activity-Based Costing and Customer Profitability</i>	239
	8-3 Executing the Order—Order Management and Order Fulfillment	245
	8-3-1 <i>Order-to-Cash (OTC) and Replenishment Cycles</i>	246

8-3-2 Length and Variability of the Order-to-Cash Cycle	250
8-4 E-Commerce Order Fulfillment Strategies	252
8-5 Customer Service	252
8-5-1 The Logistics/Marketing Interface	253
8-5-2 Defining Customer Service	253
8-5-3 Elements of Customer Service	255
ON THE LINE: Timely Delivery Matters Most	259
8-5-4 Performance Measures for Customer Service	259
8-6 Expected Cost of Stockouts	261
8-6-1 Back Orders	262
8-6-2 Lost Sales	262
8-6-3 Lost Customer	263
8-6-4 Determining the Expected Cost of Stockouts	263
8-7 Order Management Influences on Customer Service	263
8-7-1 Product Availability	264
8-7-2 Financial Impact	267
8-7-3 Order Cycle Time	269
8-7-4 Logistics Operations Responsiveness	272
8-7-5 Logistics System Information	275
8-7-6 Postsale Logistics Support	277
ON THE LINE: After-Sales Service: The Forgotten Supply Chain	279
8-8 Service Recovery	280
Summary	281
Study Questions	282
Notes	283
Case 8.1: Telco Corporation	284
Case 8.2: Webers, Inc.	286

Part III

Chapter 9 Managing Inventory in the Supply Chain	289
SUPPLY CHAIN PROFILE: Inventory Management Requires an End-to-End Approach	290
9-1 Introduction	290
9-2 Inventory in the U.S. Economy	291
9-3 Inventory in the Firm: Rationale for Inventory	292
9-2-1 Batching Economies or Cycle Stocks	294
9-2-2 Uncertainty and Safety Stocks	295
9-2-3 Time/In-Transit and Work-in-Process Stocks	295

9-2-4	<i>Seasonal Stocks</i>	297
9-2-5	<i>Anticipatory Stocks</i>	298
9-2-6	<i>Summary of Inventory Accumulation</i>	298
9-2-7	<i>The Importance of Inventory in Other Functional Areas</i>	298
9-3	<i>Inventory Costs</i>	299
9-3-1	<i>Inventory Carrying Cost</i>	300
9-3-2	<i>Ordering and Setup Cost</i>	303
9-3-3	<i>Carrying Cost Versus Ordering Cost</i>	306
9-3-4	<i>Expected Stockout Cost</i>	307
	SUPPLY CHAIN PROFILE: Is RFID Ready for a Reinvention?	311
9-3-5	<i>In-Transit Inventory Carrying Cost</i>	312
9-4	<i>Fundamental Approaches to Managing Inventory</i>	313
9-4-1	<i>Key Differences Among Approaches to Managing Inventory</i>	313
9-4-2	<i>Principal Approaches and Techniques for Inventory Management</i>	315
9-4-3	<i>Fixed Order Quantity Approach (Condition of Certainty)</i>	316
9-4-4	<i>Fixed Order Quantity Approach (Condition of Uncertainty)</i>	325
9-4-5	<i>Fixed Order Interval Approach</i>	332
9-4-6	<i>Summary and Evaluation of EOQ Approaches to Inventory Management</i>	333
9-5	<i>Additional Approaches to Inventory Management</i>	334
	SUPPLY CHAIN TECHNOLOGY: Distributor of Education Supplies Passes Inventory Exam	334
9-5-2	<i>Just-in-Time Approach</i>	335
9-5-3	<i>Materials Requirements Planning</i>	338
9-5-4	<i>Distribution Requirements Planning</i>	343
9-5-5	<i>Vendor-Managed Inventory</i>	345
9-6	<i>Classifying Inventory</i>	347
9-6-1	<i>ABC Analysis</i>	347
9-6-2	<i>Quadrant Model</i>	350
9-6-3	<i>Inventory at Multiple Locations—The Square-Root Rule</i>	351
	<i>Summary</i>	353
	<i>Study Questions</i>	354
	<i>Notes</i>	355
	<i>Case 9.1: MAQ Corporation</i>	356
	<i>Case 9.2: Baseball Card Emporium</i>	357

Appendix 9A	Special Applications of the EOQ Approach	358
	Adjusting the Simple EOQ Model for Modal Choice Decisions—The Cost of Inventory in Transit	358
	Adjusting the Simple EOQ Model for Volume Transportation Rates	361
	Adjusting the Simple EOQ Model for Private Carriage	365
	Adjusting the Simple EOQ Model for the Establishment and Application of In-Excess Rates	365
	Summary	369
Chapter 10	Distribution—Managing Fulfillment Operations	371
	SUPPLY CHAIN PROFILE: The Changing Face of Distribution	372
	10-1 Introduction	373
	10-2 The Role of Distribution Operations in SCM	373
	<i>10-2-1 Distribution Facility Functionality</i>	374
	<i>10-2-2 Distribution Tradeoffs</i>	376
	<i>10-2-3 Distribution Challenges</i>	378
	ON THE LINE: DC Automation: Solving the Labor Dilemma (and more)	379
	10-3 Distribution Planning and Strategy	380
	<i>10-3-1 Capability Requirements</i>	380
	<i>10-3-2 Network Design Issues</i>	382
	<i>10-3-3 Facility Considerations</i>	386
	ON THE LINE: Efficient and Environmentally Friendly DCs	389
	10-4 Distribution Execution	390
	<i>10-4-1 Product-Handling Functions</i>	390
	<i>10-4-2 Support Functions</i>	393
	10-5 Distribution Metrics	394
	10-6 Distribution Technology	396
	<i>10-6-1 Warehouse Management Systems</i>	397
	ON THE LINE: Convergence is the Word in WMS	398
	<i>10-6-2 Automatic Identification Tools</i>	399
	Summary	401
	Study Questions	402
	Notes	402
	<i>Case 10.1: Power Force Corporation</i>	404
	<i>Case 10.2: TV Gadgetry</i>	406
Appendix 10A	Materials Handling	408
	Objectives and Principles of Materials Handling	408
	Materials-Handling Equipment	409

Summary 415

Notes 416

Chapter 11	Transportation—Managing the Flow of the Supply Chain	417
	SUPPLY CHAIN PROFILE: A Transportation “Perfect Storm”	418
11-1	Introduction	419
11-2	The Role of Transportation in Supply Chain Management	419
	11-2-1 Role Inhibitors	420
11-3	Modes of Transportation	422
	11-3-1 Motor Carriers	423
	11-3-2 Railroads	425
	11-3-3 Air Carriers	427
	11-3-4 Water Carriers	428
	11-3-5 Pipelines	430
	11-3-6 Intermodal Transportation	432
	ON THE LINE: The Sixth Mode of Transportation	434
11-4	Transportation Planning and Strategy	434
	11-4-1 Functional Control of Transportation	435
	11-4-2 Terms of Sale	435
	11-4-3 Decision to Outsource Transportation	437
	11-4-4 Modal Selection	439
	11-4-5 Carrier Selection	443
	ON THE LINE: Courting the Carrier Community	444
	11-4-6 Rate Negotiations	445
11-5	Transportation Execution and Control	445
	11-5-1 Shipment Preparation	445
	11-5-3 Freight Documentation	446
	11-5-4 Maintain In-Transit Visibility	448
	11-5-5 Transportation Metrics	448
	11-5-6 Monitor Service Quality	450
11-6	Transportation Technology	451
	ON THE LINE: Freight Visibility Solutions	452
	11-6-1 Transportation Management Systems	453
	Summary	454
	Study Questions	455
	Notes	456
	Case 11.1: Vibrant Video	458
	Case 11.2: Bob's Custom BBQs	460

Appendix 11A	Federal Regulation of the Transportation Industry	462
	Economic Regulation	464
	Safety Regulation	465
	Summary	466
	Notes	467
Appendix 11B	Basis of Transportation Rates	468
	Cost of Service	468
	Value of Service	469
	Distance	470
	Weight of Shipment	471
	Commodity Characteristics	471
	Level of Service	472
	Summary	473
	Notes	473

Part IV

Chapter 12	Aligning Supply Chains	477
	SUPPLY CHAIN PROFILE: Why is Strategic Alignment So Hard?	478
	12-1 Introduction	479
	12-1-1 <i>Intensity of Involvement</i>	480
	12-1-2 <i>Model for Developing and Implementing Successful Supply Chain Relationships</i>	481
	12-1-3 <i>Imperative for Collaborative Relationships</i>	485
	12-2 Third-Party Logistics—Industry Overview	488
	ON THE LINE: Collaborative Distribution to Achieve Strategic Goals	488
	12-2-1 <i>Definition of Third-Party Logistics</i>	489
	12-2-2 <i>Example Services of 3PL Providers</i>	491
	12-2-3 <i>Global 3PL Market Size and Scope</i>	492
	12-3 Third-Party Logistics Research Study—Industry Details	494
	12-3-1 <i>Profile of Logistics Outsourcing Activities</i>	494
	12-3-2 <i>Strategic Role of Information Technology</i>	496
	ON THE LINE: Collaboration Technologies Facilitate 3PL-Customer Relationships	496
	12-3-3 <i>Management and Relationship Issues</i>	498
	12-3-4 <i>Customer Value Framework</i>	499
	12-3-5 <i>A Strategic View of Logistics and the Role of 3PLs</i>	500
	Summary	500
	Study Questions	501

Notes 502
Case 12.1: Quik Chips, Inc. 503
Case 12.2: HQ Depot 505

Chapter 13	Supply Chain Performance Measurement and Financial Analysis	507
	SUPPLY CHAIN PROFILE: CLGN Book Distributors.com	508
	13-1 Introduction	510
	13-2 Dimensions of Supply Chain Performance Metrics	510
	13-3 Developing Supply Chain Performance Metrics	515
	ON THE LINE: Establishing Ocean-Alliance KPIs	516
	13.4 Performance Categories	516
	13-5 The Supply Chain–Finance Connection	521
	13-6 The Revenue–Cost Savings Connection	522
	13-7 The Supply Chain Financial Impact	523
	ON THE LINE: What's the ROI on a Managed Transportation Services Relationship?	527
	13-8 Financial Statements	527
	13-9 Financial Impact of Supply Chain Decisions	528
	13-10 Supply Chain Service Financial Implications	533
	Summary	541
	Study Questions	541
	Notes	543
	<i>Case 13.1: Wash & Dry, Inc.</i>	544
	<i>Case 13.2: Paper2Go.com</i>	545

Appendix 13A Financial Terms 546

Chapter 14	Supply Chain Technology—Managing Information Flows	549
	SUPPLY CHAIN PROFILE: Omni-channel Retailing Runs on Information	550
	14-1 Introduction	551
	14-2 Information Requirements	551
	14-2-1 Meet Quality Standards	552
	14-2-2 Support Multidirectional Flows	554
	14-2-3 Provide Decision Support	554
	14-3 Systems Capabilities	555
	14-3-1 Enable Process Excellence	555
	14-3-2 Link Network Elements	557
	14-3-3 Mitigate Known Risks	558
	14-4 SCM Software	559
	14-4-1 Planning	560

	ON THE LINE: Planning Software Drives Forecast Accuracy	561
	14-4-2 <i>Execution</i>	562
	14-4-3 <i>Event Management</i>	563
	14-4-4 <i>Business Intelligence</i>	563
	14-4-5 <i>Facilitating Tools</i>	564
	ON THE LINE: RFID Supports Omni-channel Success	566
	14-5 SCM Technology Implementation	566
	14-5-1 <i>Needs Assessment</i>	566
	14-5-2 <i>Software Selection</i>	567
	14-5-3 <i>Implementation Issues</i>	569
	14-6 Supply Chain Technology Innovations	570
	14-6-1 <i>Internet of Things</i>	570
	14-6-2 <i>Mobile Connectivity</i>	571
	14-6-3 <i>Functional Automation</i>	572
	Summary	573
	Study Questions	574
	Notes	574
	<i>Case 14.1: Inflate-a-Dome Innovations</i>	578
	<i>Case 14.2: Grand Reproductions Inc.</i>	580
Chapter 15	Strategic Challenges and Change for Supply Chains	581
	SUPPLY CHAIN PROFILE: Adapting Your Supply Chain for the Future...Now	582
	15-1 Introduction	582
	15-2 Principles of Supply Chain Management	583
	15-2-1 <i>Principle 1: Segment Customers Based on Service Needs</i>	583
	15-2-2 <i>Principle 2: Customize the Logistics Network</i>	584
