## SECTION I

### Core concepts 1

#### 1 The role of purchasing in the value chain 2

Learning objectives 2

Introduction 2

Case study: Purchasing and supply chain management at Damen Shipyards 3

The role of purchasing in the value chain 4

Definition of concepts 7

Importance of purchasing to business 12

Classification of purchased goods 15

Challenges and changes in the procurement context 16

Summary 19

Assignments 20

References 20

#### 2 Industrial buying behaviour: decision-making in purchasing 21

Learning objectives 21

Introduction 21

Case study: Buying computer systems in a car leasing company 22

Organizational buying behaviour: basic characteristics 22

Models of industrial buying behaviour 24

Variables that affect the buying process 24

**Purchasing process management 28**

The linear purchase process model 28

The extended purchasing model 32

**Role of the buyer 35**

**The specification phase 36**

**Supplier selection and supplier assessment 37**

**Negotiation and contracting 39**

Prices and terms of delivery 40

Terms of payment 40

Penalty clauses and warranty conditions 40

Other arrangements 41

**The ordering process and expediting 44**

**Follow-up and evaluation of the buying process 45**

**E-procurement 46**

**Major bottlenecks and problems 49**

**Summary 51**

**Assignments 52**

**References 53**

#### 3 The purchasing management process 54

Learning objectives 54

Introduction 54

Case study: Shell Houston 55

**Primary tasks and responsibilities 56**

**Professionalizing purchasing: a few principles 63**

Business alignment 63

Integrated, cross-functional approach 63

Performance-driven 64

**Purchasing management process 65**

Purchasing and supply (market) research 66

Purchasing and supply objectives, strategy and planning 67

Implementation of purchasing policy 67

Control and evaluation 70

## How purchasing and supply management develops over time 70

- Stage 1 Transaction orientation: serve the factory 71
- Stage 2 Commercial orientation: lowest unit price 72
- Stage 3 Co-ordinated purchasing 73
- Stage 4 Internal integration: cross-functional purchasing 73
- Stage 5 External integration: supply chain management 74
- Stage 6 Value chain orientation 74

### Some observations from practice 75

#### Summary 76

#### Assignments 77

## 4 Buying business services 79

### Learning objectives 79

### Introduction 79

#### Case study: Buying marketing services at a European telecom provider 80

#### The increasing importance of services 81

#### Differences between goods and services 82

#### Towards a classification of services 84

#### The pre-contractual stage 86

Specifying: defining the scope of work for service providers 86

Selecting service providers 90

Contracting for services 91

#### The post-contractual stage 92

#### Involvement of purchasing in contracting for services 95

#### Summary 96

#### Assignments 97

#### References 97

## 5 Contract management for complex projects 98

### Learning objectives 98

### Introduction 98

#### Case study: What happened at the Amsterdam metro project 99

#### Contract management and contracts: agency theory 100

#### The contracting process 103

Pre-contractual stage 103

Contractual stage 103

Contract execution 103

Post-contractual stage 104

#### Problems in contract management 104

#### Perspectives on contract management 106

#### Contract models 108

#### Contract building blocks: pricing and payment mechanisms in contracts 110

Pricing mechanisms 110

Payment terms 112

Penalty clauses, liquidated damages and warranty conditions 113

#### Subcontracting and project execution 114

#### Contract governance 116

#### Summary 117

#### Assignments 118

#### References 119

## 6 Public procurement 120

### Learning objectives 120

### Introduction 120

#### Case study: What is good procurement? 121

#### The nature of public procurement 121

#### Public procurement law 125

#### Scope of the European Directives on public procurement 126

Scope 126

Framework agreements 127

Excluded assignments 128

Threshold values 128

#### Notices and public procurement procedures 129

Notice 129

European procurement procedures 130

Open procedure 130

Restricted procedure 130

Competitive procedure with negotiation 131

Negotiated procedure without prior publication 132

Competitive dialogue 132

Innovation partnership 133

Design contest 133

Dynamic purchasing system 133

#### Procurement process 134

Defining specifications 134

Supplier selection 135

Soliciting bids and awarding contracts 137

#### Implications for public procurement 139

#### Summary 140

#### Assignments 141

<b>Integrative case 6.1: Procurement of multi-functionals in the Blue Lake Hospital</b>	142
<b>Appendix 1</b>	145
<b>Appendix 2</b>	146
<b>Integrative case 6.2: Technix</b>	147
<b>Appendix 1</b>	150
<b>Appendix 2</b>	151
<b>Appendix 3</b>	155
<b>Integrative case 6.3: Fred's Fresh Supermarket</b>	156

## SECTION II

### Strategy and planning 159

#### 7 Purchasing and business strategy 160

Learning objectives 160

Introduction 160

**Case study: Harnessing the power of the network to deliver results** 161

**The strategic role of purchasing** 162

**Is purchasing strategic ... or not?** 163

**Purchasing's role in strategic management theory** 163

Strategic planning and marketing theories 163

Competitive strategy 165

Innovation strategy and competence management 166

From internal to external resource management 167

Strategic management thinking: implications for purchasing and supply management 168

**Towards purchasing excellence** 169

Strategic management processes 169

Enabling processes 172

**Purchasing portfolio analysis: principles** 174

Four basic supplier strategies 178

**Global sourcing** 183

**Summary** 185

**Assignments** 186

**References** 187

#### 8 Outsourcing and risk management 188

Learning objectives 188

Introduction 188

**Case study: Outsourcing of IT** 189

**Outsourcing as a business concept** 189

**Definitions and concepts** 190

**Rationales for outsourcing** 192

Success of outsourcing as a business strategy 194

**The outsourcing process** 195

Strategic phase 195

The transition phase 197

The operational phase 199

**Risk assessment** 200

**Critical success factors of outsourcing** 203

**Summary** 204

**Assignments** 205

**References** 206

#### 9 Category sourcing: developing effective sourcing strategies 207

Learning objectives 207

Introduction 207

**Case study: HP shows how to outsource production while keeping control over suppliers** 208

**Reasons underlying cost-savings potential in purchasing** 209

**How to identify cost-savings potential** 212

**Developing a sourcing strategy** 214

**Category sourcing planning** 216

**Getting better results from suppliers** 219

**The myth of partnership** 221

**Summary** 223

**Assignments** 224

**References** 224

#### 10 Purchasing, innovation and quality management 225

Learning objectives 225

Introduction 225

**Case study: Suppliers as a source of innovation: PSA's Pluriel project** 226

**Purchasing and innovation** 227

**The role of suppliers in new product development: early supplier involvement** 229

**Purchasing and new product development** 233

**Purchasing and quality management** 237

Definition of terms: quality and quality assurance 237

<b>The costs of quality</b>	240
<b>Supplier quality assurance</b>	242
<b>Assessing supplier quality: diagnostic methods</b>	245
<b>Implementing SQA: consequences for purchasing</b>	247
<b>Summary</b>	248
<b>Assignments</b>	249
<b>References</b>	250

## **11 Purchasing, logistics and supply chain management** 251

<b>Learning objectives</b>	251
<b>Introduction</b>	251
<b>Purchasing, logistics and supply chain management: definitions and concepts</b>	251
<b>Case study: Li &amp; Fung</b>	252
<b>Materials requirements planning</b>	257
<b>Basic logistics structures</b>	260
<b>Just-in-time management</b>	262
Characteristics of just-in-time management	262
Order quantities and batch sizes	263
Quality and zero defects	265
JIT and the purchasing function	266
Advantages and disadvantages for the supplier	267
JIT and supplier selection	270
<b>Elements of the purchasing information system</b>	271
<b>Co-ordination problems between purchasing and logistics</b>	275
<b>Summary</b>	276
<b>Assignments</b>	276
<b>Reference</b>	277

## **12 Purchasing organization** 278

<b>Learning objectives</b>	278
<b>Introduction</b>	278
<b>Case study: Building blocks of change</b>	279
<b>Purchasing organization structure</b>	280
<b>Factors influencing the location of purchasing in the organization</b>	282
<b>Levels of tasks, responsibilities and authority</b>	283
Strategic level	283
Tactical level	283
Operational level	284

<b>Organizational structures within purchasing</b>	284
Structure of purchasing in multi-unit companies	284
Decentralized purchasing structure	284
Centralized purchasing structure	285
Hybrid structure	286
Line/staff organization	287
Category sourcing structure	289
Centralized versus decentralized purchasing: some criteria to consider	292
Purchasing organization in single-unit companies	294
<b>Purchasing job profiles</b>	295
<b>Summary</b>	299
<b>Assignments</b>	300
<b>References</b>	300

## **13 Performance measurement and governance in purchasing** 301

<b>Learning objectives</b>	301
<b>Introduction</b>	301
<b>Case study: The introduction of a quality programme by an industrial components manufacturer</b>	302
<b>Factors influencing purchasing performance measurement</b>	302
<b>Why measure purchasing performance?</b>	304
<b>How to assess purchasing performance</b>	305
<b>Measuring purchasing performance: five key areas</b>	306
Purchasing price/cost dimension	308
Purchasing product/quality dimension	308
Purchasing logistics dimension	308
Supplier relationship dimension	309
Purchasing's organizational dimension	309
<b>Purchasing budgets, purchasing savings and other performance measures</b>	311
Purchasing materials budget	311
Purchasing budget indirect materials	312
The investment and tooling budget	312
Purchasing departmental budget	313
Purchasing cost savings: definitions and measures	313
Ratios and key performance indicators	315
<b>Sarbanes–Oxley and procurement governance</b>	318
<b>Purchasing audit as a management tool</b>	319
<b>Summary</b>	322
<b>Assignments</b>	323

<b>Integrative case 13.1: International Foods Industries</b>	324
<b>Appendix 1</b>	326
<b>Appendix 2</b>	326
<b>Integrative case 13.2: European Airlines</b>	328
<b>Integrative case 13.3: Serving the customer at Joycies Products Ltd</b>	330

## SECTION III

### Special topics 335

#### 14 Supplier management: cost approaches and techniques 336

<b>Learning objectives</b>	336
<b>Introduction</b>	336
<b>Case study: Building a new headquarters</b>	337
<b>How is the purchase price determined?</b>	337
<b>Pricing methods</b>	341
<b>The learning curve</b>	344
<b>Supplier assessment</b>	345
Levels of assessment	345
Supplier assessment methods	346
Financial assessment	348
<b>Supplier development</b>	350
<b>Summary</b>	353

<b>Assignments</b>	354
<b>References</b>	355

#### 15 Purchasing, corporate social responsibility and integrity 356

<b>Learning objectives</b>	356
<b>Introduction</b>	356
<b>Case study: Mattel's reputation at stake through sourcing in China</b>	357
<b>Business principles and procurement</b>	358
<b>Towards a sustainable environment: 'people, planet, profit'</b>	359
<b>From the Resource-Based View to stakeholder theory</b>	363
<b>Sustainable purchasing: towards sustainable supply chains</b>	364
<b>How to drive CSR in supply chain relationships</b>	366
<b>Circular sourcing</b>	369
<b>Trust, business integrity and ethics</b>	371
<b>Summary</b>	374
<b>Assignments</b>	376
<b>References</b>	376
<b>Integrative case 15.1: Legends Car Company</b>	376
<b>Integrative case 15.2: Nespresso</b>	378
<b>Glossary</b>	385
<b>Index</b>	393
