AND IN THEORY BOXES xxv

A NOTE TO READERS xxix

PART 1 **Basic Principles** 1

CHAPTER 1 **Behavior Therapy: Introduction** 3

Terminology and Scope 5

What is Behavior Therapy? 6

 Defining Themes of Behavior Therapy 6

 Common Characteristics of Behavior Therapy 8

Therapist–Client Relationship in Behavior Therapy 9

Many Variations of Behavior Therapy 10

Ethical Issues in Behavior Therapy 12

Purpose of This Book 14

Summary 14

Reference Notes 15

CHAPTER 2 **Antecedents of Contemporary Behavior Therapy** 16

Historical Precursors 17

Early Experimental Work 18

Growing Discontent with Psychoanalysis	20
Formal Beginnings of Contemporary Behavior Therapy	21
Developments in North America	21
Developments in South Africa	23
Developments in Great Britain	24
Early Ethical Concerns About Behavior Therapy	24
Acceptance and Growth of Behavior Therapy	25
Emergence of Behavior Therapy	27
Summary	28
Reference Notes	29

CHAPTER 3 The Behavioral Model 31

We Are What We Do: Preeminence of Behavior	32
Overt and Covert Behaviors	32
Covert Behaviors: Special Considerations	33
Behavioral Versus Trait Descriptions	33
Why Do We Behave the Way We Do?	36
The ABC Model	36
Present Maintaining Conditions Versus Past Originating Conditions: A Critical Distinction	41
Environment and Learning Versus Biology and Heredity	42
Summary	45
Reference Notes	46

CHAPTER 4 The Process of Behavior Therapy 47

Defining Themes and Common Characteristics of Behavior Therapy in Case 4-1	49
The Process of Behavior Therapy: An Overview	50
Step 1: Clarifying the Problem	52
Step 2: Formulating Initial Treatment Goals	52
Step 3: Designing a Target Behavior	53
Characteristics of Good Target Behaviors	53
Two Types of Target Behaviors: Acceleration and Deceleration	54
Measuring the Target Behavior	59
Step 4: Identifying Maintaining Conditions	59
Steps 5 and 6: Designing and Implementing a Treatment Plan	60

Steps 7 and 8: Evaluating the Success of Therapy and Follow-Up Assessment	61
Behavior Therapy Research	61
Case Studies	62
Reversal Studies	62
Multiple Baseline Studies	64
Experiments	65
What Constitutes Effective Behavior Therapy?	69
Meaningfulness of Change	69
Transfer and Generalization of Change	70
Durability of Change	71
Acceptability of the Therapy	71
Meta-Analytic Studies	72
Summary	74
Reference Notes	76

CHAPTER **5** **Behavioral Assessment** 77

Multimethod and Multimodal Assessment	78
Characteristics of Behavioral Assessment	80
Individualized	81
Present Focus	83
Directly Samples Relevant Behaviors	83
Narrow Focus	83
Integrated with Therapy	83
Behavioral Interviews	84
Direct Self-Report Inventories	86
Self-Recording	89
Behavioral Checklists and Rating Scales	96
Systematic Naturalistic Observation	99
Simulated Observation	102
Role-Playing	103
Physiological Measurements	104
All Things Considered: Behavioral Assessment	109
Summary	109
Reference Notes	111

PART 2 Behavior Therapies 113

CHAPTER 6 Acceleration Behavior Therapy: Stimulus Control and Reinforcement 115

Stimulus Control: Antecedents That Elicit Behaviors	116
Prompting	116
Setting Events	118
Stimulus Control in Perspective	119
Reinforcement: Consequences That Accelerate Behaviors	120
What Is Reinforcement?	120
Positive and Negative Reinforcement	121
Types of Positive Reinforcers	122
Premack Principle	127
Behavioral Activation	128
Identifying Reinforcers	130
Alternatives to Identifying Reinforcers	134
Administering Reinforcers	135
Shaping	138
Reinforcement Therapy in Perspective	142
Summary	143
Reference Notes	144

CHAPTER 7 Deceleration Behavior Therapy: Differential Reinforcement, Punishment, and Aversion Therapy 146

Differential Reinforcement: Indirectly Decelerating Undesirable Behaviors	147
Differential Reinforcement of Incompatible Behaviors	147
Differential Reinforcement of Competing Behaviors	148
Differential Reinforcement of Other Behaviors	148
Differential Reinforcement of Low Response Rates	149
Variants of Differential Reinforcement	149
Deceleration Behavior Therapy: Directly Decelerating Undesirable Behaviors	150
Punishment	151
Extinction	151

Time Out from Positive Reinforcement	154
Response Cost	156
Overcorrection	159
Physically Aversive Consequences	162
Guidelines for the Effective Use of Punishment	167
Aversion Therapy	168
Basic Procedures	168
Covert Sensitization	170
Deceleration Behavior Therapies for Addictive Behaviors	170
Ethical Issues in the Use of Aversive Therapies	171
Principle of Utility	172
Misuse, Abuse, and Safeguards	173
All Things Considered: Deceleration Behavior Therapy	174
Summary	175
Reference Notes	177

CHAPTER 8	Combining Reinforcement and Punishment: Token Economy, Contingency Contract, and Behavioral Parent Training	180
	Token Economy	181
	What Is a Token Economy?	181
	Basic Elements	181
	The Community Training Center: A Token Economy for Patients with Chronic Psychiatric Disorders	182
	Achievement Place: A Token Economy for Juveniles in Trouble with the Law	187
	Token Economies for Training Individuals with Mental Retardation	190
	Token Economies in the Classroom	191
	Token Economies for Individuals and Families	192
	Token Economy in Perspective	195
	Contingency Contract	197
	Behavioral Parent Training	200
	Summary	202
	Reference Notes	203

CHAPTER **9** **Exposure Therapy: Brief/Graduated** 205

Variations of Exposure Therapy	206
Systematic Desensitization	208
Progressive Relaxation as a Competing Response to Anxiety	208
Anxiety Hierarchy Construction	213
Desensitization	216
Essential and Facilitative Components of Systematic Desensitization	217
Variations of Systematic Desensitization	218
Systematic Desensitization in Perspective	222
In Vivo Desensitization	223
Self-Managed In Vivo Desensitization	225
In Vivo Desensitization in Perspective	226
Virtual Reality Exposure Therapy	227
All Things Considered: Brief/Graduated Exposure Therapy	233
Summary	233
Reference Notes	234

CHAPTER **10** **Exposure Therapy: Prolonged/Intense** 237

In Vivo Flooding	239
Response Prevention	241
Imaginal Flooding	245
Implosive Therapy	249
Eye Movement Desensitization and Reprocessing	252
All Things Considered: Prolonged/Intense Exposure Therapy	253
All Things Considered: Exposure Therapy	255
Exposure Therapy for Culturally Diverse Clients	257
Summary	259
Reference Notes	260

CHAPTER **11** **Modeling Therapy: Vicarious Extinction and Skills Training** 263

Do What I Do: Basics of Modeling	264
Self-Modeling	267
The Nature of Modeling Therapy	269

Vicarious Extinction: Reducing Fear by Modeling	270
Live Modeling to Reduce Fear	271
Film/Video Modeling to Reduce Fear	273
Storytelling to Reduce Fear and Other Negative Emotions	276
Skills Training	277
Preventing Abduction and Sexual Abuse Through Skills Training	280
Social Skills Training	282
Assertion Training	285
All Things Considered: Modeling Therapies	296
Summary	298
Reference Notes	299

CHAPTER **12** **Cognitive-Behavioral Therapy: Cognitive Restructuring** 303

Nature of Cognitive-Behavioral Therapy	304
Operationalizing Cognitions: Making Private Thoughts Public	304
Assessing Cognitions	306
Thought Stopping	308
Thought Stopping in Perspective	310
Rational Emotive Behavior Therapy	310
Rational Emotive Theory of Psychological Disorders	310
Process of Rational Emotive Behavior Therapy	313
Rational Emotive Education	318
Rational Emotive Behavior Therapy in Perspective	319
Cognitive Therapy	321
Cognitive Therapy Theory of Psychological Disorders	322
Process of Cognitive Therapy	323
Cognitive Interventions	325
Overt Behavioral Interventions	327
Cognitive Therapy for Anxiety-Related Disorders	330
Cognitive Processing Therapy for Stress Disorders	330
Cognitive Therapy for Delusions and Hallucinations	331
Schema-Focused Cognitive Therapy	333

Adaptations of Cognitive Therapy to Diverse Populations 336
Cognitive Therapy in Perspective 337
All Things Considered: Cognitive Restructuring Therapies 339
Summary 341
Reference Notes 342

CHAPTER **13** **Cognitive-Behavioral Therapy: Coping Skills** 346

Self-Instructional Training 347
 Enhancing the Effects of Self-Instructional Training 350
 Self-Instructional Training in Perspective 351
Problem-Solving Therapy/Training 352
 Basic Procedures 353
 Teaching Problem-Solving Skills to Clients 356
 Problem-Solving Therapy/Training for Children 356
 Problem-Solving Therapy/Training in Perspective 358
Stress Inoculation Training 361
 Basic Procedures 361
 Relapse Prevention: A Variation of Stress Inoculation 367
 Stress Inoculation Training in Perspective 369
Cognitive-Behavioral Couple Therapy 370
 Traditional Behavioral Couple Therapy 371
 Integrative Behavioral Couple Therapy 373
 Preventing Couple Relationship Problems 376
All Things Considered: Cognitive-Behavioral Coping Skills
 Therapy 376
All Things Considered: Cognitive-Behavioral Therapy 377
Summary 378
Reference Notes 379

CHAPTER **14** **Third-Generation Behavior Therapies: Acceptance and
Mindfulness-Based Interventions** 383

Core Themes of the Third Generation 386
 Expanded View of Psychological Health 386
 Broad View of Acceptable Outcomes in Therapy:
 Focusing on Second-Order Change 386
 Acceptance 387

Mindfulness	389
Creating a Life Worth Living	390
Acceptance and Commitment Therapy (ACT)	390
ACT Change Processes	390
ACT as an Approach	397
Acceptance and Commitment Therapy in Perspective	399
Dialectical Behavior Therapy (DBT)	399
DBT Biosocial Theory of Borderline Personality Disorder	400
DBT Core Treatment Strategies	401
DBT Treatment Modalities	402
Dialectical Persuasion	405
Dialectical Behavior Therapy in Perspective	407
Mindfulness-Based Cognitive Therapy (MBCT)	407
MBCT Approach and Intervention Strategies	409
MBCT Group Training Program	409
Mindfulness-Based Cognitive Therapy in Perspective	412
All Things Considered: Third-Generation Behavior Therapies	413
Summary	415
Reference Notes	416

PART 3 Applications to Somatic Problems and Contemporary Behavior Therapy in Perspective 419

CHAPTER 15 Applications of Behavior Therapy to Medical Disorders 421

Treatment of Medical Disorders	422
Chronic Pain	423
Medically Unexplained Symptoms	430
Adherence to Medical Regimens	432
Taking Medication	432
Engaging in Health-Related Behaviors	434
Keeping Medical Appointments	435
Coping with Medical/Dental Procedures and Illness	435
Prevention of Physical Illness	439
Breast Cancer Prevention	439

HIV/AIDS Prevention	440
All Things Considered: Behavioral Medicine Applications	442
Summary	443
Reference Notes	444

CHAPTER **16** **Applications of Behavior Therapy to Psychological Disorders with Primary Physical Characteristics** 447

Enuresis	448
Urine Alarm	448
Dry-Bed Training	449
Dry-Pants Method	452
Tic Disorders and Nervous Habits	452
Habit Reversal for Tics	453
Habit Reversal for Nervous Habits	455
Insomnia and Sleep Problems	456
Infant and Childhood Sleep Problems	457
Adult Insomnia	458
Bulimia Nervosa	464
All Things Considered: Applications of Behavior Therapy to Psychological Disorders with Primary Physical Characteristics	466
Summary	467
Reference Notes	468

CHAPTER **17** **Contemporary Behavior Therapy in Perspective: Strengths and Challenges** 471

Major Strengths of Behavior Therapy	472
Precision in Specifying Goals, Target Behaviors, and Therapy Procedures	472
Efficacy and Effectiveness	472
Efficiency	473
Breadth and Complexity of Applications	474
Ethical Practices in Behavior Therapy	475
Challenges	476
Enhancing Durability of Change	476
Preventing Psychological Disorders and Problems	478
Treating Culturally Diverse Clients	479

Providing Behavior Therapy for Elderly Clients	482	
Employing Technology in Behavior Therapy	483	
Using Precise Terminology	485	
Promoting Widespread Use of Empirically Supported Behavior Therapies	486	
All Things Considered: Behavior Therapy	488	
Summary	490	
Reference Notes	491	
APPENDIX	Guidelines for Choosing a Behavior Therapist	494
	GLOSSARY OF BEHAVIOR THERAPY TERMS	500
	GLOSSARY OF PSYCHOLOGICAL DISORDERS AND PROBLEMS	506
	REFERENCES	508
	NAME INDEX	577
	SUBJECT INDEX	602
