Prentice Hall

Upper Saddle River, New Jersey
Columbus, Ohio

BRIEF CONTENTS

CHAPTER 1	Active Learning Using the Internet: An Introduction	1
CHAPTER 2	Teaching and Learning Theories for Web-Enhanced Learning	25
CHAPTER 3	Internet Technologies for Teaching and Learning: An Overview	43
CHAPTER 4	Using the Internet for Communication	71
CHAPTER 5	Locating and Evaluating Information on the Internet	89
CHAPTER 6	Publishing Information on the Internet	111
CHAPTER 7	Using the Internet for Information Problem Solving	131
CHAPTER 8	Using the Internet for Cooperative Problem Solving	155
CHAPTER 9	Using the Internet for Inquiry and Discovery	173
CHAPTER 10	Using the Internet for Online Collaborations	193
	Glossary	213
	Index	215

CONTENTS

Before You Begin *xv*

CHAPTER 1 Active Learning Using the Internet: An Introduction 1

Lesson 1.1 Using the Internet to Support Active Learning in the Classroom 3

Using Internet Technologies as Cognitive Tools for Student-Centered Learning 3

Creating Active Learning Environments 4

- New Roles for Teachers 5
- New Expectations for Students 6

Web-Enhanced Learning 7

- Educational Models 7
- Educational Dimensions: Information and Interaction 8
- Web-Enhanced Learning versus Web-Based Instruction 8

Building Your Toolkit: Educational Resources for Web-Enhanced Learning Activities 10

Lesson 1.2 Planning Web-Enhanced Learning Activities 11

Design of Web-Enhanced Learning Activities 11

The Planning Process 12

Organizational Tools 13

- WEL Lesson Plans 13
- WEL Project Samples 14

Practical Considerations 15

- Internet Safety 15
- Copyright and Fair Use 17
- Plagiarism 18
- Evaluation of Website Content 18
- Universal Design 19

Building Your Toolkit: Using the WEL Lesson Plan Template 20

Reflections 20
Exercises to Review and Expand Your Skills 20
References 23

CHAPTER 2 Teaching and Learning Theories for Web-Enhanced Learning 25

Lesson 2.1 Theories and Strategies for Active Learning 27

Learning Theories 27

Teaching and Learning Methodologies 28

Anchored Instruction 28
Case-Based Learning 29
Collaborative Learning 29
Inquiry Learning 30
Problem-Based Learning 30
Project-Based Learning 31
Teaching and Learning Strategies 31
Generative Learning 31
Authentic Assessment 31
Coaching and Mentoring 32
Scaffolding 32
Building Your Toolkit: Theory Into Practice Online Database 33
Lesson 2.2 A Project-Based Approach to Web-Enhanced Learning 34
An Overview of Project-Based Learning 34
The Advantages and Challenges of Project-Based Learning 35
Building Your Toolkit: Online Tutorial for Project-Based Learning 36
Reflections 38
Exercises to Review and Expand Your Skills 39
References 40

CHAPTER 3 Internet Technologies for Teaching and Learning: An Overview 43

Lesson 3.1 Internet Technologies 45
A Brief History of the Internet 45
Internet Use in the Classroom 46
An Overview of Internet Technologies 47
Old Internet Technologies 47
Recycled Internet Technologies 48
New Internet Technologies 53
Building Your Toolkit: Using a Web Browser 57
Lesson 3.2 Online Communication 60
Synchronous and Asynchronous Modes 60
Netiquette 61
Building Your Toolkit: Subscribing to a Professional Discussion List 62
Reflections 64
Exercises to Review and Expand Your Skills 65
References 70

CHAPTER 4 Using the Internet for Communication 71

Lesson 4.1 Person-to-Person Information Exchanges on the Internet 73
Using Electronic Mail 73
Building Your Toolkit: Managing E-Mail Accounts and Sending/ Receiving File Attachments 74
Using Chat 75
Lesson 4.2 Online Group Communication 78
Using Group Communication Tools on the Internet 78
Using Discussion Lists 78

Building Your Toolkit: Setting Up a Yahoo! Groups Account and Discussion List 80
Using Message Boards 81
Building Your Toolkit: Creating a Connected Classroom 82
Reflections 84
Exercises to Review and Expand Your Skills 85
References 87

CHAPTER 5 Locating and Evaluating Information on the Internet 89

Lesson 5.1 Identifying Internet Sources of Educational Information 91
Locating Educational Information on the Internet 91
Virtual Libraries and Digital Image Collections 91
Professional and Standards-Oriented Organizations 92
Government Resources 93
Regional Technology in Education Consortia 94
Encyclopedias 94
Educational Content Sites 95
Electronic and Online Journals 96
Searchable Databases 96
Building Your Toolkit: Building a Classroom List of Educational Resources on the Internet 97
Lesson 5.2 Searching for and Researching Information on the Internet 98
Using Commercial Search Engines 98
Types of Search Engines 98
Searches with Google 99
Building Your Toolkit: Search Engine Basics 100
Using Research Strategies 101
Building Your Toolkit: An Online Research Strategy 102
Lesson 5.3 Evaluating the Quality of Internet Information 102
A Source of Good and Bad Information 102
Strategies for Evaluating Information Quality 103
Building Your Toolkit: Evaluating a Website 104
Reflections 105
Exercises to Review and Expand Your Skills 106
References 110

CHAPTER 6 Publishing Information on the Internet 111

Lesson 6.1 Using Web Page Authoring Tools 113
Web Page Editors 113
Word Processing and Spreadsheet Programs 113
Multimedia Presentation Programs 114
Building Your Toolkit: Using Productivity Tools to Create Web Documents 114
Lesson 6.2 Using Online Design Tools 118
Creating Online Learning Activities with Filamentality 118
Assembling Information 118
Achieving Learning 119

Building Your Toolkit: Using Filamentality to Publish Educational Web Pages 120
Lesson 6.3 Publishing Student Work on the Web 122
Resources and Tools for Student Publication 123
Publishing Creative Works Online 123
Self-Publishing with Web Logs 123
Creating Web Pages with HTML 124
Using Multimedia Files 124
Graphics and Images 124
Guidelines for Student Publication Online 126
Building Your Toolkit: Publishing Web Logs 126
Reflections 128
Exercises to Review and Expand Your Skills 128
References 130

CHAPTER 7 Using the Internet for Information Problem Solving 131

Lesson 7.1 Problem-Solving Models for Web-Enhanced Learning 133
Problem-Based Learning for Information Problem Solving 133
Information Problem-Solving Models 134
InfoSavvy 134
The Research Cycle 134
The Big6 135
Building Your Toolkit: Using NoodleTools to Develop Information Literacy 136
Lesson 7.2 Information Problem Solving Using the Big6 138
Using the Big6 for Web-Enhanced Learning 138
Engaging Parents with the Big6 140
Building Your Toolkit: Information Problem Solving with the Big6 141
Lesson 7.3 Authentic Assessment for Information Problem Solving 142
Authentic Assessment 142
Using Rubrics for Assessment 143
Building Your Toolkit: Using RubiStar to Create Rubrics for Assessment 146
Reflections 148
Exercises to Review and Expand Your Skills 149
References 153

CHAPTER 8 Using the Internet for Cooperative Problem Solving 155

Lesson 8.1 Understanding the WebQuest Model 157
A Brief History of WebQuests 157
Educational Principles of WebQuests 157
Cooperative Learning 158
WebQuest Components 158
Building Your Toolkit: Searching the WebQuest Portal 160
Lesson 8.2 Adapting Existing WebQuests for the Classroom 161
A Process for Adapting and Enhancing WebQuests 161
Building Your Toolkit: Adapting a WebQuest 165

Lesson 8.3 Creating Original WebQuests for the Classroom 165
Using the WebQuest Design Process 165
Building Your Toolkit: Building WebQuests with Filamentality 167
Reflections 170
Exercises to Review and Expand Your Skills 170
References 172

CHAPTER 9 Using the Internet for Inquiry and Discovery 173

Lesson 9.1 Using Inquiry and Discovery Learning in the Classroom 175
Understanding Inquiry and Discovery Learning 175
Inquiry Learning 175
Discovery Learning 176
Using the Web for Inquiry 176
Building Your Toolkit: Using Project Pages to Support Inquiry Learning 178
Lesson 9.2 Using the Case Method for Inquiry and Discovery Learning 180
Case-Based Learning 180
Types of Case Studies 181
Instructional Strategies 182
Developing Scenarios 182
Building Your Toolkit: Case-Based Learning Resources and Examples 183
Using Online Simulations to Explore Real-Life Problems 184
Implications for Teaching and Learning 184
Examples for Classroom Use 185
Building Your Toolkit: Designing and Creating a Simulation 189
Reflections 189
Exercises to Review and Expand Your Skills 190
References 192

CHAPTER 10 Using the Internet for Online Collaborations 193

Lesson 10.1 Online Collaborative Projects 195
Understanding Collaborative Learning 195
Learning as a Social Process 195
Forming Effective Groups 196
Creating Communities of Learning 196
Supporting Collaborative Learning with the Internet 196
Using Online Projects 196
Planning an Online Project 197
Building Your Toolkit: Finding Collaborative Projects on the Internet 199
Lesson 10.2 Collaborative Learning in Virtual Environments 200
A Short History of MUVEs 201
MUDs 201
MOOs 202
MUVEs in Education 204
Benefits for Teachers and Students 204
Tapped In for Teachers 204

Building Your Toolkit: Exploring Tapped In and Creating a Virtual Office Space 206
Reflections 209
Exercises to Review and Expand Your Skills 209
References 211

Glossary 213

Index 215

Note: Every effort has been made to provide accurate and current Internet information in this book. However, the Internet and information posted on it are constantly changing, so it is inevitable that some of the Internet addresses listed in this textbook will change.
