Contents

Foreword	vii		
Preface	ix		
About the Author	xiii		
1 Introduction to Cross-Cultural Human Development	1		
1.1 What Is Cross-Cultural Human Development?	2		
1.2 Cross-Cultural Human Development and the Other Social Sciences	4		
1.3 Some Important Themes	5		
1.3.1 A Cross-Cultural Perspective	5		
1.3.2 Goals for the Field	5		
1.3.3 An Ecological Model	7		
1.3.4 The Developmental Niche	8		
1.3.5 A Developmental Orientation	8		
1.3.6 A Chronological-Within-Topics Approach	8		
1.3.7 Another Piece of the Developmental Puzzle: The Human Genome	8		
1.4 Practical Applications	10		
1.5 Overview of the Book	10		
1.6 Some Cross-Cultural Teasers	10		
Summary: Introduction to Cross-Cultural Human Development	11		
Study Questions	11		
2 Theories and Methodology	12		
2.1 Theories of Development	12		
2.1.1 What Is a Theory?	13		
2.1.2 Bronfenbrenner's Ecological Model	13		
2.1.3 Super and Harkness' Developmental Niche	17		
2.1.4 Piaget's Theory of Cognitive Development	20		
2.1.5 Vygotsky's Sociocultural Theory of Development	22		
2.1.6 Erikson's Psychosocial Theory	22		
2.1.7 Kohlberg's Theory of Moral Development	23		
2.2 Methodology in Cross-Cultural Human Development	24		
2.2.1 Studying Development Cross Culturally: Some Methods, Problems, and Solutions	24		
2.2.2 Methods for Assessing Components of the Developmental Niche	26		
2.2.3 Studying Ecological Systems	27		
Summary: Theories and Methodology	28		
Study Questions	28		
Developmental Analysis	29		
3 Culture and Socialization	30		
3.1 Ecological Context	30		
3.1.1 What Is Socialization?	30		
3.1.2 Ecological Model and Developmental Niche	31		
3.1.3 Some Cultural Variations in the Socialization of Behavior	32		
3.1.4 Pregnancy, Prenatal Development, and Birth	32		
3.2 Infancy	33		
3.2.1 Sleep	33		
3.2.2 Feeding	35		
3.2.3 Crying	37		
3.3 Childhood	37		
3.3.1 Formal versus Informal Learning	38		
3.4 Adolescence	39		
3.4.1 Rites of Passage	40		
3.5 Adulthood	41		
3.6 Late Adulthood	42		
3.6.1 Cultural Views of Aging	43		
Summary: Culture and Socialization	43		
Study Questions	44		
Developmental Analysis	44		
4 The Family in Cultural Context	46		
4.1 Ecological Context	46		
4.2 Cultural Variations in the Family Life Cycle	46		
4.2.1 Mate Selection	46		
4.2.2 Marriage and Other Long-Term Relationships	48		
4.3 The Birth Process Across Cultures	50		
4.3.1 The Ecology of Birth	51		
4.4 The Transition to Parenthood	52		
4.5 Infancy and Childhood	53		
4.5.1 Parental Belief Systems	53		
4.5.2 Mothering	55		
4.5.3 Fathering	56		
4.6 Adolescence	57		
4.6.1 The Ecological Model and Adolescence	58		
4.6.2 Cross-Cultural Differences in Adolescent Peer Relationships	59		
4.7 Adulthood and Aging	60		
4.7.1 Grandparenthood	60		
4.7.2 Caring for the Elderly	63		
4.8 The Changing Context of Families	64		

Summary: The Family in Cultural Context	65	7 Culture and Social Behavior	96
Study Questions	65	7.1 Ecological Context	96
Developmental Analysis	66	7.2 Infancy	96
5 Culture, Language, and Cognition	67	7.2.1 Child–Caregiver Relationships and Attachment Patterns	96
5.1 Ecological Context	67	7.2.2 The Secure-Base Hypothesis	97
5.2 Infancy	69	7.2.3 The Sensitivity Hypothesis	98
5.2.1 Early Cognitive Development in Cultural Contexts	69	7.2.4 Moderators of Attachment and Social Development	99
5.2.2 Language Acquisition	69	7.3 Childhood	99
5.2.3 Early Second-Language Acquisition and Bilingualism	70	7.3.1 Peer Culture and Social Relationships	99
5.3 Childhood	72	7.3.2 Moral Development and Prosocial Orientation	101
5.3.1 Stages of Knowing and Learning	72	7.3.3 Cultural Influences on Caring and Justice Orientation	101
5.3.2 Language Skills and Language Socialization	73	7.3.4 Cultural Influences on Distributive Justice	102
5.4 Adolescence	75	7.3.5 Aggression	103
5.4.1 Formal Operational Thinking	75	7.4 Adolescence	105
5.5 Adulthood	76	7.4.1 Family and Peer Influences on Adolescent Social Behavior	105
5.5.1 Reasoning and Decision Making	76	7.4.2 Cultural Influences on Adolescent Social Behavior	106
5.6 Late Adulthood	77	7.5 Adulthood	107
5.6.1 Intelligence and Cognitive Aging	77	7.5.1 Work and Leisure in Middle Adulthood	107
5.6.2 Language and Communication in Later Life	79	7.5.2 Sport as a Social Phenomenon	108
Summary: Culture, Language, and Cognition	79	7.6 Late Adulthood	109
Study Questions	80	7.6.1 Attachment, Social Support, and Well-Being in Later Adulthood	109
Developmental Analysis	80	Summary: Culture and Social Behavior	110
6 Culture, Self, and Personality	82	Study Questions	111
6.1 Ecological Context: Temperament, Personality, and self	82	Developmental Analysis	111
6.1.1 Temperament and Heritability of Traits	82	8 Culture and Issues of Gender and Sexuality	112
6.1.2 The Self: Some Cultural Perspectives	83	8.1 Ecological Context: Theoretical Perspectives on Gender Differences	113
6.2 Infancy	85	8.1.1 Biological Perspectives	113
6.2.1 Temperament, Ecological Systems, and the Developmental Niche	85	8.1.2 Evolutionary Perspectives	113
6.3 Childhood	87	8.1.3 Socialization and Learning Perspectives	113
6.3.1 The Emerging Self-Concept	87	8.2 Infancy	115
6.3.2 Self-Esteem and Self-Efficacy	88	8.2.1 Gender Preference and Gender Ratio at Birth	115
6.4 Adolescence	89	8.3 Childhood	116
6.4.1 Identity Formation	89	8.3.1 Gender Socialization	116
6.4.2 Social Identity Formation	90	8.3.2 Cultural Influences on Female and Male Socialization	117
6.5 Adulthood	92	8.3.3 Gender Relationships in Childhood	119
6.5.1 A Time of Stability and Change	92	8.4 Adolescence	120
6.6 Late Adulthood	93	8.4.1 Markers of Sexual Maturation	120
6.6.1 Personality Changes in Senescence or Illness	93	8.4.2 Gender, Sexuality, and Cultural Taboos	121
6.6.2 The “Aging” Self	94		
Summary: Culture, Self, and Personality	94		
Study Questions	94		
Developmental Analysis	95		

8.5	Adulthood	122	9.6	Later Adulthood	141
8.5.1	Status and the Division of Labor within the Family	122	9.6.1	Disease and Premature Aging	141
8.5.2	Division of Labor in the Workforce	123	9.6.2	Cultural Views on Dementia and Alzheimer's Disease	141
8.5.3	Gender Relations in Social Status and Public Policy	124	9.6.3	Coping with Chronic Illness in Older Age	143
8.6	Later Adulthood	124	9.6.4	The "Good" Death	143
8.6.1	The Experience of Menopause	124	Summary: Culture, Health, and Illness	143	
8.6.2	Divorce and Widowhood	125	Study Questions	144	
8.6.3	Gender Roles and Status in Old Age	126	Developmental Analysis	144	
Summary: Culture and Issues of Gender and Sexuality	126		10 Future Trends and Applications	146	
Study Questions	127		10.1 Looking Back: A Review of Major Themes and Theories	146	
Developmental Analysis	127		10.1.1 Ecological Model	146	
9 Culture, Health, and Illness	128		10.1.2 Developmental Niche	147	
9.1 Ecological Context: Cultural Concepts of Health and Healing	128		10.1.3 Vygotsky's Sociocultural Theory	147	
9.1.1 Culture-Bound Syndromes	129		10.1.4 Piaget's Cognitive Developmental Theory	148	
9.1.2 Medical Diagnosis Across Cultures	129		10.1.5 Kohlberg's Theory of Moral Development	148	
9.1.3 Illness, Stress, and Coping	132		10.1.6 Erikson's Theory of Psychosocial Development	149	
9.2 Infancy	133		10.2 Where do We go From Here?	150	
9.2.1 Risks to Infant Health	133		Summary: Future Trends and Applications	157	
9.3 Childhood	134		Study Questions	157	
9.3.1 Childhood Obesity	134		Glossary	158	
9.3.2 Childhood Mental Health	134		References	161	
9.3.3 Ecological Influences on Early Coping Behavior	135		Further Readings	182	
9.4 Adolescence	136		Credits	188	
9.4.1 Eating Disorders	136		Name Index	193	
9.4.2 Culture and Sexually Transmitted Diseases and Infections	137		Subject Index	199	
9.5 Adulthood	138				
9.5.1 Mental Health Issues	138				
9.5.2 Acculturation and Adaptation	140
