

Global Logistics and Supply Chain Management

Second Edition

John Mangan,
Chandra Lalwani, Tim Butcher and Roya Javadpour

John Wiley & Sons, Ltd

Contents

[Cover](#)

[Title Page](#)

[Copyright](#)

[Dedication](#)

[About the authors](#)

[About the Contributors](#)

[Foreword](#)

[Preface](#)

[Book Companion Website](#)

[Relationship to Other Disciplines, Especially Operations Management](#)

[Acknowledgements](#)

[Map](#)

[Part One – Logistics and Supply Chain Context](#)

[Chapter 1: Introduction](#)

[Introduction](#)

[The Evolution of Logistics and Supply Chain Management \(SCM\)](#)

[What is Logistics?](#)

[What is Supply Chain Management?](#)

[Distinguishing Logistics and SCM](#)

[Applications to Manufacturing and Services](#)

[Book Framework](#)

[Appendix: Containers and Container Seals](#)

[Container Seals](#)

[Chapter 2: Globalisation and International Trade](#)

[Introduction](#)

[Growth in International Trade](#)

[Measuring Logistics Performance](#)

Globalisation

Directional Imbalances

Chapter 3: Supply Chain Relationships

Introduction

Growth in International Trade

Outsourcing

Offshoring

Failures in Outsourcing

Evaluating and Selecting Outsourcees

Outsourcer and Outsourcee Relationship Development

Supply Chain Integration

Supply Chain Collaboration Principles

Supply Chain Collaboration Methods

Chapter 4: Supply Chain Strategies

Introduction

Strategy

The Evolution of Manufacturing

Lean Production

Agile Supply Chains and Mass Customisation

Combined Logistics Strategies

Critical Factors to Consider in Supply Chain Planning

Chapter 5: Simulation

Introduction

Why And When To Simulate?

Different Types Of Simulation

Simulation Process

Simulation Methodology

Discrete Event Simulation

Simulation Replications and Output Analysis

Supply Chain Management Simulation

Notes

Appendix: Student T Table

Part One Case Studies

Dell: High Velocity, Focused Supply Chain Management

The Medical Devices Company

Humanitarian Aid Supply Chains

Mediaware – Turning the Supply Chain Upside Down in Packaging

Collaborative Planning in an Auto Parts Supply Chain in China: A Tale of Two Tier-One Suppliers

Part Two – Logistics and Supply Chain Context

Chapter 6: Transport in Supply Chains

Introduction

Characteristics of the Different Transport Modes

Transport Operations, Distribution Centres and the Role of Factory Gate Pricing

Efficiency of Transport Services

Appendix A: Transportation Model

Appendix B: Planning Transport Infrastructure

Chapter 7: Transport Security

Introduction

The Need for Transport Security

Piracy

Global Transport Security Initiatives

Transport Security Technology

Notes

Chapter 8: Logistics Service Providers

Introduction

Classifying Logistics Companies

Fourth-Party Logistics

Carrier Responsibilities

Selecting Logistics Service Providers and Services

Notes

Chapter 9: Procurement

Introduction

Procurement as a Strategic Activity

The Difference Between Public and Private Sector Procurement

Procurement and Markets

Managing Value and Risk

The Role of the Buyer

The Procurement Process

Procurement Performance

Ethical Sourcing

Sustainability

Procurement and Supply Chain Management

Conclusion

Notes

Chapter 10: Inventory Management

Introduction

[*The Importance of Inventory Management*](#)
[*The Economic Order Quantity Model*](#)
[*Inventory Control Systems*](#)
[*Supply Chain Inventory Management*](#)
[*Matching Inventory Policy With Inventory Type*](#)
[*Inventory Reduction Principles*](#)

[*Chapter 11: Warehousing and Materials Handling*](#)

[*Introduction*](#)
[*Warehousing In Global Supply Chains*](#)
[*Warehouse Layout And Design*](#)
[*Warehouse Management Systems*](#)
[*Materials Handling And Storage*](#)
[*Work Organisation And Job Design*](#)
[*Notes*](#)

[*Chapter 12: Information Flows and Technology*](#)

[*Introduction*](#)
[*The Role Of Information In Global Supply Chains*](#)
[*Information Visibility And Transparency*](#)
[*Information Technology Applications*](#)
[*Radio Frequency Identification \(Rfid\)*](#)
[*Global Standards*](#)
[*Supply Chain Knowledge Management*](#)
[*Notes*](#)

[*Chapter 13: Logistics and Financial Management*](#)

[*Introduction*](#)
[*Financial Accounting*](#)
[*Financial Management*](#)
[*Management Accounting*](#)
[*Notes*](#)
[*Further Reading*](#)

[*Chapter 14: Measuring and Managing Logistics Performance*](#)

[*Introduction*](#)
[*Basic Measurement*](#)
[*A Contemporary Viewpoint*](#)
[*Driving Forces for Performance Measurement*](#)
[*Commonly Used Metrics*](#)
[*Inventory/Warehouse Related Metrics*](#)
[*Logistics Costs Performance*](#)
[*Further Reading*](#)

Part Two Case Studies

[John Lewis Partnership: Semi Automated National Distribution Centre](#)

[Deutsche Post/DHL](#)

[Gate Gourmet: Success Means Getting to the Plane on Time](#)

[Supplier Evaluation at EADS](#)

Part Three – Supply Chain Designs

Chapter 15: Supply Chain Vulnerability, Risk, Robustness and Resilience

[Introduction](#)

[Some Working Definitions](#)

[Changing Times and an Uncertain World](#)

[The Shortcomings of Risk Management](#)

[The Need for Holistic Approaches](#)

[A Simple Framework for a Wicked Problem](#)

Chapter 16: Sustainable Logistics and Supply Chain Systems

[Introduction](#)

[The ‘Green Revolution’ and Supply Chain Redesign](#)

[The Link Between Economic Growth and Transport Growth](#)

[The Role of ‘Scale’ in Logistics and SCM](#)

[Efficiency Solutions](#)

Chapter 17: Reverse Logistics

[Introduction](#)

[Definition of Reverse Logistics](#)

[Motivations for Reverse Logistics](#)

[Recovery Options in Reverse Logistics](#)

[Characteristics of the Remanufacturing Environment in Reverse Logistics](#)

[Factors for Successful Reverse Logistics Implementation](#)

[Performance Measures in Reverse Logistics](#)

Chapter 18: Service Supply Chains

[Introduction](#)

[The Transition to Service Economies](#)

[Service Science](#)

[Service Supply Chains Versus Manufacturing Supply Chains](#)

[Service Supply Chain Models](#)

Chapter 19: Emerging Supply Chain Designs

[Introduction](#)

[Strategies and Practices in SCM](#)

[The Ever Changing Context](#)

Synchronising Product Design and Supply Chain Design

Determining Supply Chain Costs and Value

Modelling Supply Chain Designs

The Supply Chain Manager of the Future

Part Three Case Studies

Patient Safety and the Pharmaceutical Supply Chain

Contamination in the Bulk Agri-Commodity Logistics Chain

Why Supply Chains should be Involved in Product Design

From Terrestrial to Extraterrestrial Supply Chain Networks

Glossary

Index
